

In 1916 Umatilla county gave President Wilson a majority of 962. He has been worthy of that vote. He has made good under severe trial. Are we to go back on him now? Shall we undermine his influence and embarrass him before the world by placing his critics in control of congress Nov. 5? The President asks for support. Read his appeal and see why. Vote to uphold Wilson.

AUSTRIAN GOVERNMENT FALLS. ARMY BREAKS

VENETIAN PLAINS COMPLETELY OVER RUN BY ITALIAN ARMIES, PRISONERS GIVE UP IN DROVES, FOE ARMY BELIEVED CUT OFF

ROME, Nov. 1.—The Austrian front in the Grappa region has completely collapsed, the Italian war office announced. It is impossible to estimate the number of prisoners who are coming from the mountains in droves. All the enemy's artillery is captured.

WITH THE AMERICAN ARMY IN FRANCE, Oct. 31.—The Germans are annoyed by the frequency with which they run into Americans along the line. The Germans don't understand it.

An American outfit captured a German line officer east of Rheims after his unit with others had been trying to break through for three days. A French intelligence officer asked the German why the Boches failed to break through.

"The reason for the failure," said the German, "is the Americans. We are storming our unit. We have been in attacks on three points along the line in a month. Each time we have run into Americans. I have letters from friends along the line. They have all hit or been hit by Americans, who are everywhere."

When asked, the German officer estimated there were 1,000,000 Americans in France.

Evacuated Udine.

WASHINGTON, Nov. 1.—Official Italian embassy dispatches declare the Austrians have evacuated Udine, abandoning vast quantities of war materials.

ROME, Nov. 1.—The Italians have entered Belluno, battle front dispatches this afternoon declare. The Austrians are evacuating Udine.

Plains Gorge Dominated.

AT THE ITALIAN FRONT, Nov. 1.—The Italians have completely severed communications between the Austrian armies in the Piave and Trentino regions, obtaining complete domination of the Piave Gorge from Feltre to Belluno.

Front Covers 125 Miles.

WASHINGTON, Nov. 1.—The Italian advance is continuing on a front of over 125 miles despite the Austrian plea for an armistice, said a dispatch from General Diaz. Austrians have retreated precipitately beyond the Tagliamento pursued by the allies. The Tagliamento forms the principle defensive line between Piave and Isone.

THE ITALIAN FOURTH ARMY is advancing in the Grappa region against the Austrians who are cut off by the left wing of the third army. These enemy forces are believed to number 100,000 and are offering stiff resistance. The Austrians are also offering desperate resistance beyond Belluno. Attempted counter-attacks are repeatedly repulsed.

Versailles Conference Will Last Through Week

PARIS, Nov. 1.—Interallied diplomatic council meetings will not end before Sunday, it is believed.

STAND FIRM BY WILSON URGES MRS. VAN ORSDALL; PRESIDENT IS ENTITLED TO YOUR HELP

(By Mrs. C. C. Van Orsdall.)

NOTE CONSIDERED FORMAL SEVERANCE OF GERMAN ALLIANCE

PARIS, Nov. 1.—Conversations between members of the interallied diplomatic council continued today at Colonel House's headquarters. Allied representatives remained for some time.

Premier Clemenceau and Marshall Foch returned at noon from Versailles, where the council is sitting, looking highly satisfied. A United Press representative first handed President Wilson's note to Austria to Col. House. "Will a separate peace be the outcome?" he was asked. "They certainly are asking it, but your opinion is as good as mine," he said smilingly. High allied diplomats consider the note as a formal severance of the Austro-German alliance, which was one of the allied war aims, leaving Prussia alone on the battle front.

ABDICATION ONLY QUESTION OF DATE

PARIS, Nov. 1.—Action equivalent to the surrender of the German and Austrian high commands is believed certain to be included in allied armistice terms. Turkey's surrender indicates the allies will certainly force the enemy literally to wave the white flag in France and Italy. Members of the interallied council believe the Hapsburg dynasty is ended, with an Austrian republic probable. The date only being uncertain. Confidential advisers suggest the German internal situation is momentarily likely to force abdication.

EVERY DISTRICT OVERSUBSCRIBED

WASHINGTON, Nov. 1.—The treasury department today announced total subscriptions to the Fourth Loan were \$6,866,415,300. The subscribers exceeded 21,000,000. Every district obtained an over subscription. The San Francisco district oversubscribed \$24,000,000.

This is How This Live Newspaper is Serving its Field

Owing to the fact, rail communication with the west end of the county is now slow since the motor was discontinued, The East Oregonian is giving the people of Echo and Hermiston a daily telegraphic news bulletin, free of cost to them. The service was started yesterday, the bulletin at Echo going to Carl Gilbert and at Hermiston to P. J. Sisco this week. The service is provided because west end people cannot now secure a newspaper the day it is published and only through a bulletin service can they be served.

An East Oregonian bulletin service has been going to Herper for some time past and provides the people there with important war news each afternoon.

BELIEVE TERMS ENROUTE.

WASHINGTON, Nov. 1.—Diplomats believe the armistice terms are now probably enroute to Berlin.

IF WE DISCREDIT OUR LEADER AMERICA WILL PAY THE PRICE

America has played a noble part in the war. We entered the struggle for just reasons. We have raised one of the best armies in the world. By sending more than two million men to France when neither friend nor foe thought it could be done so quickly we have been the deciding factor in the struggle. The war is about won.

The United States headed by its great President is in line to shape peace and after-the-war conditions almost as we wish. It will be possible to arrange affairs for a lasting peace on an American basis in conformity with the best ideals of the republic. President Wilson knows how to do that.

But the great place we now hold can be lost in a day. Without a congress that will back him up the President will be helpless. If an opposition congress is elected our allies will not know what we want. We will be divided against ourselves. The man whom they trust and follow will stand discredited. The war may be indefinitely prolonged. No one can foresee what may happen.

Do the people of Umatilla county want to help bring such a visitation upon the country and the world? If not be careful. The senate majority may rest upon the selection made in Oregon. A vote for Oswald West will be a vote for Wilson. A vote for his opponent will be a vote against the President and it may prove a vote for dangers we scarcely dream of at present.

GERMAN WAR CABINET IS DISCUSSING ABDICATION, WILL ADVISE WILHELM

COPENHAGEN, Nov. 1.—The Berlin Vossische Zeitung says the war cabinet is discussing the Kaiser's abdication and Dr. Delbruck, chief of the party council, will present abdication documents to Wilhelm.

HAIK STRIKES TODAY WENABA CLUB GIVES EMERGENCY HOSPITAL

PENDLETON has a Spanish influenza hospital and the Wenaba club is the organization which has made the accommodations possible.

Unrestricted use of the club rooms on Court street as a emergency hospital, as well as full control of all arrangements, were granted this afternoon by the club members to the Red Cross committee, consisting of Mrs. Roy Raley, Mrs. K. W. Goodale, Mrs. Lina Sturgis, Mrs. George Hartman, and Mrs. Charles Greulich.

The committee, which has been searching since yesterday for a location, is enthusiastic. "It is just what we need," they said.

The rooms are steam heated and well lighted. There is room for about 20 patients and it is planned to place two beds in a room.

Miss Lorene Parker, home demonstration agent, today volunteered her services as head of the diet kitchen of the hospital. Nursing will be under the supervision of nurses from St. Anthony's hospital.

ABDICATION REPORTED.

COPENHAGEN, Nov. 1.—The Kaiser has abdicated, according to news received by high German officials here last last night.

PEOPLE NOW SEE CHARACTER OF SUPPORT PRESIDENT GETS FROM ROOSEVELT, LODGE ET AL

By Carl Smith, Washington Correspondent of The Journal.

WASHINGTON, Oct. 31.—Summarizing the discussion which has followed the president's appeal for united leadership, administration leaders believe the situation is becoming clarified and the people are in better position to judge the correctness of the president's conclusions after the torrent of attack by Roosevelt, Lodge, Penrose, Smart and other reactionaries. These facts are emphasized:

1.—With Roosevelt leading, the anti-administration spokesmen have assailed the president's peace principles, which they earlier approved, and concerning which Lloyd George on July 5 said that if the Kaiser and his advisers will accept them, they can have peace with America, with France and with Great Britain tomorrow.

REVOLT SPREADING AMONG AUTOCRACY SUBJECTS, PEOPLE'S COUNCIL RULES IN VIENNA

HOOVER SAYS YOU GET 3 POUNDS SUGAR

Keeping up with sugar regulations is quite a game these days. The time was when an allowance of three pounds was issued and they soon got so the former ration looked so large they wondered how they had managed to consume so much as it was found they could get along with two pounds a month.

Now comes a surprise from Mr. Hoover in a new regulation that increases the regulation to three pounds. The increase is effective in both homes and eating houses and is authorized to become effective today.

Mr. Hoover's Statement.

The rapid manufacture of the new crop beet sugar in the west and new crop of Louisiana cane sugar in the south, together with the freer railway transportation conditions and reductions in the consumption of sugar in the manufacturing trades, and patriotic conservation in the past few months enables us to increase the household allowance of sugar from two pounds per person per month to three pounds, with the same ratio to public eating places, as from November first.

This makes good our promise to increase the household allowance of sugar at the earliest possible moment that our supplies would justify and make it possible for the householder to more freely use the apple, cranberry and grapefruit products and to use the fruits canned during the summer without sugar.

AUSTRIAN ARMY HEADS INSIST ON ARMISTICE

VIENNA, Nov. 1.—Austrian military officials have been within the Italian lines to discuss armistice preliminaries, the war office today announced.

The high command early Tuesday evening established communication with the Italian command and every effort is being made for the avoidance of further useless blood sacrifice. The cessation of hostilities and the conclusion of an armistice. The Italian high command at first assumed an attitude of unmistakable refusal and it was only Wednesday evening that the Austrian delegation was permitted to cross the line for preliminary negotiations. If, therefore, the cruelties of war continue in Italy, the guilt and responsibility will rest with the enemy.

WORKMEN, SOLDIERS FROM ANTI-MONARCHIAL STATE, REPUBLIC SEE UP IN GERMAN BOHEMIA

COPENHAGEN, Nov. 1.—A Vienna midnight dispatch states that the national council after consulting with delegates of thousands of soldiers and officers decided to establish a provisional workmen's and soldiers' council and draw up plans for new anti-monarchical state. Victor Adler has been named foreign minister. Herr Leutner, war minister, and Herr Renner minister of social affairs.

COUNCIL RECOGNIZED.

COPENHAGEN, Nov. 1.—Count Karolyi head of the national council, wired the Tageblatt that the Budapest garrison and police have acknowledged the new council government. The population is jubilant.

AMSTERAM, Nov. 1.—The German portion of Bohemia has been formally constituted a republic says a Vienna dispatch. German members of the Austrian Reichsrat have elected Herr Pacher radical president, selecting Reichenberg as their capital.

Two separate states apparently have been formed in Bohemia, one of German population, the other of Czechs. The Czechs have selected Prague, midway between Vienna and Berlin as their capital.

VIENNA WORKMEN REVOLT

BERLIN, Nov. 1.—Newspapers declare a provisional workmen's and soldiers' council has been formed in Vienna. Thousands of workmen are reported parading the streets, shouting "Down with the Hapsburgs." Soldiers are joining them in throngs, bearing red flags.

M'NARY VOTED TO CRIPPLE NEW MANPOWER BILL BY EXEMPTING MEN MOST WANTED FOR THE ARMY

WASHINGTON, D. C., Nov. 1.—(Special to the East Oregonian)

Senator McNary joined with those who fought against a reduction of the draft ages when the last manpower bill was in the senate in August. He voted for the Kirby amendment to make the minimum draft age 20 instead of 18 and for the Postmaster amendment to make the minimum age 19. Pages 10045-6 of the congressional record show this. The vote was taken after the war department had declared that the lower age was necessary and had presented estimates showing that the increasing of the draft age to 45 would in itself add only 601,000 effectives. Had the Kirby amendment been adopted young men regarded by army authorities as the best soldier material would have been left exempt from the draft and the increased army would have been raised from the ranks of older men, most of whom are now deferred for dependency or occupational reasons.
