WAR WILL END ALL WAR FOREVER SAYS GEN. BELL

NEW YORK, Nov. 1.—"This war will end in doing away with war forever, and in that respect is not an unmitigated evil," Major General J. Franklin Bell, commander of the department of the east stated in an address opening a series of lectures on the collection of used phonograph records for the soldiers in France.

"Nothing in the way of Liberty has ever been won except at the point of the sword; the masses have never wrested anything from the classes except with the bayonet."

AUSTRIA'S BREAK OPENS BACK DOOR

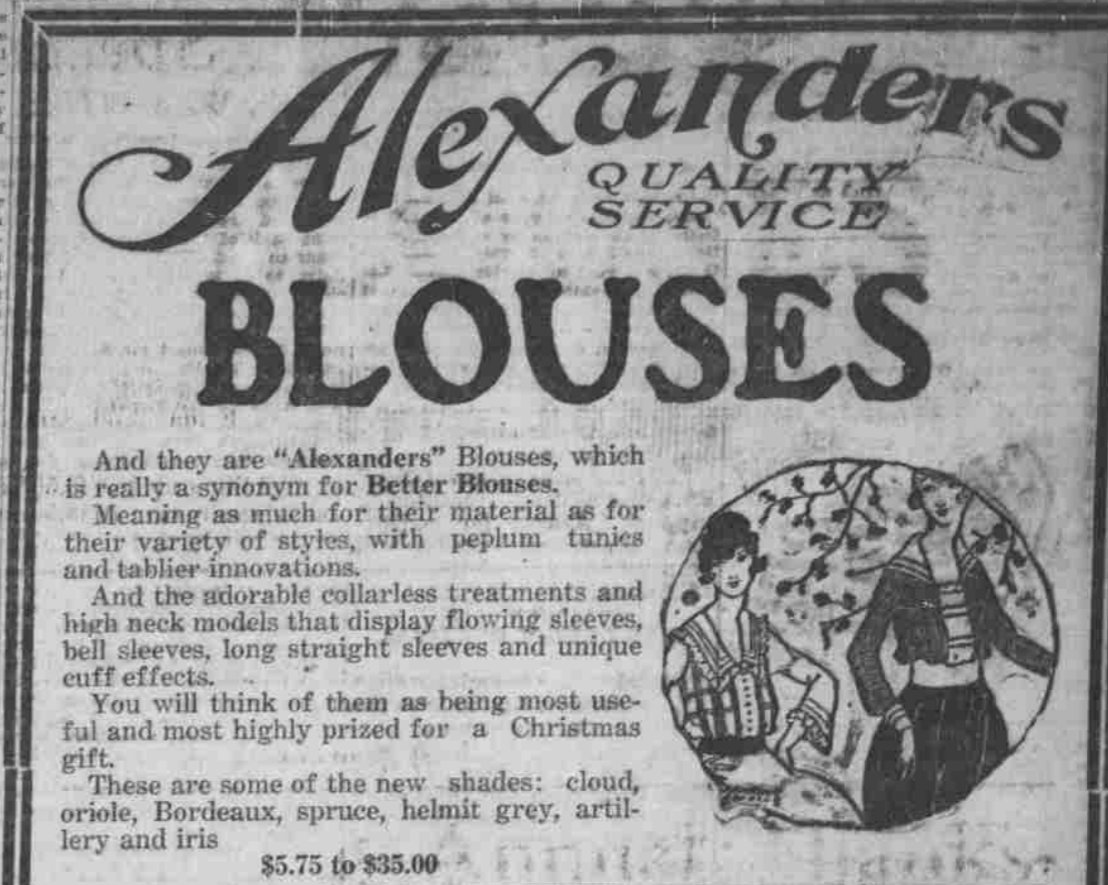

LONDON, Nov. 1.—The effect of the Austrian break upon the war will be immense said the Daily News. Obviously the allies will consent to no armistice which does not provide, as in Bulgaria's case, for the unhindered passage of their troops and the prosecution on Austro-German soil of war against Germany. Even if Austria is disposed to refuse that demand she is powerless to resist it. It means that Germany's back door is forced, Bohemia now passing rapidly into the hands of the Czechoslovak's adjoins Prussia, Saxony and Bavaria on the eastern frontier. None of these states is organized for defense. Without moving a man from the west front the allies could draw from their southern and eastern fronts a force over sufficient to drive the way into Silesia or Bavaria. Against this fatal fact, nevertheless, Germany cannot struggle.

LADIES! SECRET TO DARKEN GRAY HAIR

BRING BACK ITS COLOR AND LUSTRE WITH GRANDMA'S SAGE TEA RECIPE.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added will turn gray, streaked and faded hair beautifully dark and lustrous. Mixing the Sage Tea and sulphur recipe at home restores to hair its natural bloom. An easier way is to get the ready-to-use preparation, improved by the addition of other ingredients, a large bottle or little cost, at drug stores, known as "Wyrick's Sage and Sulphur Compound," thus avoiding a lot of mess.

While gray, faded hair is not what we all desire, during youth its appearance and attractiveness is by darkening your hair with Wyrick's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyrick's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
