OREGON YUNKS ARE LANDED IN LONDON

PRESS DESCRIBES BAPTISM OF FIRE

Unit, Never Under Fire Before, Illustrates American Spirit.

Oregon troops in France provide the pattern by which American troops are measured by Europeans, according to an article which appeared in the London Daily Mail. The article describes in detail an engagement in which a unit of Oregonians received their baptism of fire and advanced five and a half miles on the first day. The excerpt from the Daily Mail follows:

"The Americans, however, have no intention of sitting still, and there is little doubt that the Germans are in difficulties opposite them. How well the Americans have been fighting recently is illustrated by the work of a certain unit, the majority of whose troops had never been under fire before. Starting from just east of Yvaucouais it astonished the whole army by advancing to the extent of 5 1/2 miles in the first day.

"Very and Epionville fell to it, while it met and defeated one of the guard divisions on the way, and then again fought with another guard division held in support. Apparently its progress was irresistible.

HOUSEHOLD

Every day our diet should include foods that will furnish: 1. Energy (starches and fats). 2. Tissue building material (milk, eggs, meat). (Every adult should get 1-3 quart of milk a day). 3. Mineral salts, particularly calcium and iron (vegetables and fruits, milk for calcium). 4. Bulk. 5. Something green (fresh fruits, salads, etc.)

This does not mean that every meal should include all these things in it. Every luncheon menu does not offer such a wide choice as this one, but he other meals of the day can make up what is lacking. If there is plenty of variety and we remember to get plenty of mineral salts, something green and something bulky, we will be getting what we choose well. Good health and a good appetite will depend upon energy food. Here are some suggestions:

Luncheon 1. Browned potatoes (starch, mineral salts, bulk). Creamed oyster plant (minerals and bulk, some starch). Apple, celery and raisin salad (bulk and mineral salts (iron), green stuff). Ice cream (tissue building material and mineral salts, calcium, fat).

Luncheon 2. Raisin bread (starch and mineral salts). Vegetable salad (bulk and mineral salts, green stuff). Glass of milk (tissue building material and mineral salts). Pineapple (vitamins, starch and mineral salts).

Luncheon 3. Cottage cheese (tissue building material, mineral salts). Vegetable salad (mineral salts, green stuff, bulk). Corn bread (starch). Butter (fat). Pear, (mineral salts, bulk).

Three Meals for Fall. The season often determines what food shall go upon our tables, though in the city markets there is little change. Here are three meals suggested.

Breakfast. Grapes Scrambled Eggs Johnny Cake Dinner. Baked fish Baked potatoes Creamed Onions Chocolate Pudding

Supper. Cream Pea Soup Fried Cornmeal Mesh Maple Syrup

WITH FINGERS! CORNS LIFT OUT

FREZZONE IS MAGIC! CORNS AND CALLUSES LIFT RIGHT OFF WITHOUT PAIN.

A few cents buys a tiny bottle of the magic Frezzone at any drug store. Apply a few drops of Frezzone upon a tender, aching corn or callus. Instantly that troublesome corn or callus starts hurting, then shortly you lift it out, root and all, without any pain, soreness or irritation. These little bottles of Frezzone contain just enough to lift the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug!

It will lift less toes without sugar and I believe it will be better than acetone.

"Can you lend me to a stake of gold? Will send you back the stake and interest."

WOMEN PRISONERS AIDED. Remodeled Police Stations Opened in Chicago on Chief's Orders. CHICAGO, Nov. 8.—Women and girl prisoners and lost children hereafter will be housed in dormitories instead of cells. Three houses of detention, as the new stations will be called, have been opened on orders of Acting Chief of Police Alcock. They are the old Hudson-avenue police stations. A lieutenant, three desk sergeants, matrons and policemen will be in charge of each station. Chief Alcock also ordered matrons to accompany all women and girl prisoners to and from court. The buildings have been remodeled and made light, clean and airy. Every comfort has been provided. An Auxiliary station has been provided at the South Chicago station. The change was made at the request of 25 women's clubs and marks the closing of the famous old South Clark street annex and other district stations. Through the fourth liberty loan Americans have received another big boost of thrift.

BEER SEED! RIGHT THERE, BEATS SASSAPARA TEA

SACRAMENTO, Cal., Nov. 8.—A plea for a "stake" of California beer seed, which will produce a beverage which is "mighty good ginger cake beats sassaparilla tea, and ice tea, and is better than near beer," has been received by Charles Paine, secretary of the California State Agricultural Society, from W. A. Adair, of Marshall, Tex. Paine says he had no information concerning these seeds, but has appealed to the public for assistance that he may comply with the request. Adair's letter said: "During the Civil War we made a home beverage called California beer, made from California beer seed. The seed multiplied several hundred fold monthly. In my recollection, I know that a seed the size of a grain of sugar grew to be as large as a buckshot, rose gradually from the bottom of the container to the top, then burst into hundreds of little ones and sank to the bottom again. "Some friends laugh at me and say this is a dream. Dream it not, it was mighty good with sugar cane during the war, and beat sassaparilla tea. As it is made of water and cheap molasses.

LEMON JUICE WHITENS SKIN

Girls! Make beauty lotion at home for few cents

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quart of the best bleaching and skin whitening lotion, and complexion beautifier, at very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face neck, arms and hands each day and you will see how tan, redness, sallowness, etc., disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless.
