

SOCIAL AND PERSONALS

Friends of Mrs. Hattie Sloan who for a number of years has been a resident of Pendleton, making her home at 417 Bush street, will be interested in her marriage in Seattle on November 15th to Carl H. Stewart, a young business man of that city. The ceremony being a simple affair performed by Reverend Green, also of Seattle. Mr. and Mrs. Stewart will be at home at 1110 Virginia street, Seattle, after a short wedding trip.

The nurses aid class of the Red Cross under the direction of Mrs. Kenneth Goodale will meet this evening at 7:30 o'clock in Dr. E. O. Parker's office.

Mrs. K. C. Warner and Mrs. James B. Welch entertained with a pretty appointed dinner last evening in compliment to Mrs. Homer H. Hallock of Portland. Mrs. Warner's aunt, who is a guest at the home of her daughter, Mrs. Welch. The affair was charmingly informal and the guests were entertained in the attractive Warner home at 701 Jackson street, covers at the table being laid for nine.

Mr. and Mrs. James Johns left last evening for a several days' visit in Spokane.

Mabel Friedley returned yesterday from a week's trip to Portland.

S. H. Forshaw returned last night from a business visit to Portland.

C. W. Brownfield is a Portland business visitor this week from Pendleton. His home is here today from Toussaint, Washington.

J. T. Rogers of Hulman, is here today.

George Peterson is a visitor in the city today from Adams.

F. A. Wolfe of St. Louis, is in the city for a couple of days.

Fred Bishop was in the city yesterday on business.

D. G. Justice, Heppner, is a business visitor in the city, stopping at the Hotel St. George.

Mrs. E. B. Martin left today for a visit in Portland with her sister, Mrs. J. E. Curran.

C. O. Crawford, who is employed in the Independent Garage, has returned from a trip to Seattle, Tacoma and centralia, Washington.

E. T. Petty and R. T. McConnell, both of Portland, are business visitors in Pendleton, guests at the Hotel St. George.

WOMEN OF GERMANY APPEAL FOR FOOD

BY CARL D. GROAT
(United Press Staff Correspondent.)
WASHINGTON, Nov. 15.—The United States and all the allies will see that the rolling stock provisions of the armistice do not work unduly hardily on Germany, provided that nation does her utmost to preserve order. This unofficially, is the government's attitude toward the German women's wireless appeal to Mrs. Wilson and Miss Addams. The appeal declares the German women have been starving for two years and would now die from hunger by "millions" if the association government did not relax its stipulations to the seizure of railway material.

SUB INTERNEED.
MADRID, Nov. 15.—The commander of the submarine U-29, Lichtenauer, anchored at Cadiz, has been interested. The crew has been landed and a Spanish guard placed aboard the vessel.

Get ready to give freely to the great war welfare agencies.

PRaises Y. M. C. A. IN FRANCE
E. E. Butler, of this city, in France as a member of Company B, 14th Regiment, tells in a letter to Wayne Rudman of Pendleton, the excellent work of the Y. M. C. A. in France. He says that the "Y" contains a library and has moving pictures three times a week, as well as providing cookies, candy and gum. Butler tells of the life of the French, known to the Americans as "froggies." Following is the letter in full:

October 12, 1918.
Somewhere in France
My Dear Wayne, Gertie and All:

I received your letter containing the Round-Up folder a few days ago and boy you know how it was appreciated. You say you wrote me at Camp Morrill. I have never received it yet but our mail has been up for some time but has started again. Wayne, it is hard to write about things here as we are limited to so many censor rules. I am not at the front nor am I at Paris, but am living at the finest camp in France, where we have every accommodation. We have a large "Y" which contains a library, also moving pictures three times a week, also have cookies, gum and candy once in a great while. We have a laundry, Q. M. commissary where we can buy from a cigarette paper to a safety razor at cost, hot water for baths and electric lights. The regiment we are with also has a large and elegant band which gives concerts every Sunday evening in the "Y" so you see we are well fixed for amusement and a clean, sanitary camp. We would all rather be at the front but there is too much work behind the lines. I am in the camp with Ed Heinz, Cash Powell, Tim Blake, Hasbrell, Kuykendall and Fred Walters, also young Norton, the section boss' kid. They are all fine and dandy and working at their trades but I am doing work I never did before and boy she is hard. Ed was sergeant but we are allowed to drink wine and he carried more than I manage into camp and got busted. We are in a beautiful country where grapes and wild blackberries grow thicker than wheat in Oregon. The frogs pay no attention to the blackberries and never touch them, but boy we laid our 'em heavy, also the grapes and they sure are elegant and miles and miles of 'em. Also fine gardens and some fruit trees—a fine country but any time they are ready to ship us to the states. I am ready. Last Sunday I visited the city which is about 4 kilometers from here; found a fine town also a dandy restaurant where I consumed 6 eggs, 2 steaks, 4 pieces of thick rye bread, butter, order of tomatoes, 2 plates of French fries and 2 bottle of Champagne. Some feed, huh! cost me 20 francs and 20 centimes or \$1.10. I went through the castle which was built in the 11th or 12th century and it is a sight, with its cracked walls, broken stair ways, tunnels, and I haven't enough paper to tell all about it. I'll bring home some pictures of it and other views. I have a first class pass which entitles me to go any place when not on duty, so think tomorrow (Sunday) I'll go in again. A few miles from camp the frogs live in high cliffs, have the homes dug in the rock, but they are the poor class. In order to be a good frog you have to raise a mousethatch and have a bicycle. But I don't like the men or women either.

Kiddo I must quit and hit for my bunk and she is going to be cold to night, the weather is not bad yet but a little cold of A. M.'s. I am working hard, fat as a pig and am happy as ever. Tell every body I am still going. Answer soon. Love to you and your folks.
P. S. B. B. Butler, Co. B, 14th Reg., T. C. A. E. F., via New York.

H. P. LATOURELLE WRITES.
H. P. Latourelle, on board the U. S. S. Pittsburg, writes his sister, Mrs. L. Montemastrell, that he is getting along very well. He has never seen any of his letters except for the fact that he was in South America. Following is the letter:

September 21, 1918.
Dear Slater:
Just a short note to let you know how glad I was to hear from you once more. First letter for quite a

while. You had better stop and write more often.

As for my being so far away, well, absence makes the heart grow fonder, you know. You say it seems strange that I've never been "over there." Well, if you were "down here" for two years you would not think it so strange, I'm sure.

My health is "tip top." Glad to see all of you are well. Am going to write to Uncle George today if I have time. I have till noon to answer all my letters, and it's come job!

Now, Slater Mine, let me slip you some "damn good advice." Please do not refer to any one in U. S. Army service as "poor boys," not even a "doughboy." They are not "poor" boys, by any means. They do not need any sympathy, by any means. All the need is co-operation from the people at home, not any poor boy stuff. Nine chances out of ten the very same "poor boys" you had referred to had or were having the best of their lives. Maybe old John Kaiser wanted to make "poor boys" out of them but he did just vice versa.

Well, I've just been called away and I've just exactly three minutes to get this mailed so I'll close, giving all my love to everyone. From
Your brother,
H. P. LATOURELLE.

CAPT. HATTERY ARRIVES OVERSEAS
Cards received in Pendleton from Captain H. H. Hattery, former Pendleton physician, tell of his safe arrival in France. His address is U. S. Base Hospital 68, A. E. F., via New York.

ALLIES READY TO MEET HUN NAVY

REVOLUTIONISTS SAID URGED TO RESIST

Armistice Provides Fleet Must be Disarmed in 7 Days.

WASHINGTON, Nov. 15.—Control of the German fleet by revolutionists, factions of whom are reported to have urged resistance to the allies and the United States, may interfere with the carrying out of the amended armistice provision that vessels designed to be interned be ready to leave German ports seven days after cessation of hostilities.

At the end of the seven-day period, which will expire at midnight next Sunday, the designated units of the fleet, the armistice provides, must be completely disarmed. Prompt action, even under normal conditions, would be required of the German naval forces here said. In some quarters tonight fear was expressed that with the German navy in a disorganized condition owing to the revolution, the necessary preparations for turning over the vessels might not be completed in the period specified.

Action to be taken by the allies and the United States in event the vessels were not prepared for surrender at the expiration of the allowed period was not indicated tonight by officials. In such an event only two courses were regarded as open—either extension by agreement of the associated governments of the time period or forcible seizure. Should forcible seizure be necessary it was thought resistance by the disorganized crews would be a hopeless enterprise.

In discussing today the naval terms of the armistice, Secretary Daniels said the allied and American navies were prepared fully to deal with any situation that might arise.

FIRST FRENCH BRIDE OF YANK SOLDIER TO ARRIVE HERE

This is Mrs. John Walters, formerly Marie Louise Gossomphe of France. She is now living with her husband's mother, at Hammond, Ind., and is the first French bride of an American fighting man to reach this country. A picture of Walters is inset.

Noted Sculptor Doing Bit in Big Ship Yards

PHILADELPHIA, Nov. 15.—"I want a job; I am willing to do anything." The foregoing remark was addressed to an employment interviewer recently at the Hog Island ship yard, the speaker, an over-land man of middle age carrying under his arm a newspaper-wrapped package, evidently his lunch. The man's face, however, belied his attire as a laborer. It was one of refinement and exceptional intelligence.

"What are your qualifications; what can you do?" the interviewer asked.

"I am a stone-cutter and have worked at the trade nearly all my life," the applicant replied.

The interviewer did not reply immediately. He was looking at the hand which rested on his desk. It was long, slim and with tapering fingers, the nails neatly manicured and in appearance as soft as a woman's.

"I'm sorry, but we have no positions open for stone cutters at this time," the interviewer said.

"Then can you use a tracer?" inquired the interviewer.

"Yes, I can use a tracer," replied the applicant.

"Then can you use a tracer?" inquired the interviewer.

"Yes, I can use a tracer," replied the applicant.

"Then can you use a tracer?" inquired the interviewer.

"Yes, I can use a tracer," replied the applicant.

"Then can you use a tracer?" inquired the interviewer.

"Yes, I can use a tracer," replied the applicant.

"Then can you use a tracer?" inquired the interviewer.

"Yes, I can use a tracer," replied the applicant.

"Then can you use a tracer?" inquired the interviewer.

"Yes, I can use a tracer," replied the applicant.

"Then can you use a tracer?" inquired the interviewer.

"Yes, I can use a tracer," replied the applicant.

"Then can you use a tracer?" inquired the interviewer.

"Yes, I can use a tracer," replied the applicant.

"Then can you use a tracer?" inquired the interviewer.

"Yes, I can use a tracer," replied the applicant.

"Then can you use a tracer?" inquired the interviewer.

"Yes, I can use a tracer," replied the applicant.

"Then can you use a tracer?" inquired the interviewer.

"Yes, I can use a tracer," replied the applicant.

"Then can you use a tracer?" inquired the interviewer.

"Yes, I can use a tracer," replied the applicant.

GIRLS! HAVE A MASS OF BEAUTIFUL HAIR, SOFT, GLOSSY, WAVY

A SMALL BOTTLE DESTROYS DAN-DRUFF AND DOUBLES BEAUTY OF YOUR HAIR

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and frizzy, just moisten a cloth with Danderine and carefully draw it thru your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance.

Get a small bottle of Knowlton's Danderine from any drug store or roller counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that a little Danderine will give you just what you need.

GERMANY WOULD TURN U. S. PRESTIGE INTO UNIVERSAL JEALOUSY

NEW YORK, Nov. 15.—Germany is continuing with subtle perseverance her effort to secure the support of the United States as a special counsel at the peace table. She is trying to create the impression that in America Germany has a friend and ally. The Berlin government is seeking to start controversies at the peace conference between America and other democratic nations. There is undoubted danger to America's world prestige in this effort of the Germans to isolate America from the allies. Hitherto, world prestige has meant little to the Americans; but that the United States may play a prominent part in the forthcoming league of nations, equalities of international leadership have a new value for America.

World Create Jealousy.
Germany is trying to develop the idea that American leadership means any place when not on duty, so think tomorrow (Sunday) I'll go in again. A few miles from camp the frogs live in high cliffs, have the homes dug in the rock, but they are the poor class. In order to be a good frog you have to raise a mousethatch and have a bicycle. But I don't like the men or women either.

INDUSTRY GOES BACK TO NORMAL

WASHINGTON, Nov. 15.—The transition from war-time to peace industry is being made gradually, right now. The war industries board has made changes in priorities listings and has ameliorated restrictions, so that many lines can begin to resume peacetime output at once.

The automobile industry is now running on a 50 per cent basis, as new passenger cars, and can make a 25 per cent increase this month. A number of other industries are permitted to cut in half the restrictions now applying. Building projects can increase at once.

Restrictions are lifted entirely on lumber, cement, brick and the production; transportation can go ahead with improvements, cities can make increased improvements.

Expenditures are decreased with respect to farm machinery, stoves, electrical household equipment, sewing machines, talking machines, corsets, beds, boilers and radiators.

Houses costing less than \$10,000 can be erected without reference to the non-war construction branch. Materials will be available for various other businesses, particularly ship building.

HOME INDUSTRY FACTS

JUST as the extremes of joy and sorrow are felt by women, more than by men, so the extremes of "hard times" or prosperity are felt most keenly by the women.

Women, as the buyers for Oregon homes, spend probably more than A MILLION DOLLARS A WEEK.

Think of the tremendous power in their hands for making Oregon grow and prosper.

HOME INDUSTRY LEAGUE OF OREGON

CHILDREN SMILE WHEN THEY TAKE FOLEY'S HONEY-TAR

It tastes good.
It makes them feel good.
It will cure a distressed, fretful child into a happily smiling one.
Because it is just what children ought to have for feverishness, colds, coughs, croup, "stuffs" and heavy, wheezy breathing.
It soothes, soothes, soothes one feverish, sore-throated, tickling throat, and it soothes sore-eyes.
It soothes on coughs, colds, or other ailments that you would not like to give to young children.

BRITISH AIRPLANES LAND AT GALATA

MUDROS, Island of Lemnos, Aegean Sea, Nov. 15.—Some British airplanes landed at Galata, a suburb of Constantinople, two days after the signing of the Turkish armistice (October 31). The first allied officer to reach European Turkey was Flight Commander Henry Wiser, a Canadian and a graduate of Yale in 1912.

German officials should reveal the truth in regard to the fate of the
