IF HAIR IS TURNING GRAY, USE SAGE TEA

HERES GRANDMOTHERS RECIPE FOR DARKENING AND BEAUTIFYING FADED HAIR.

That beautiful, even shade of dark glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face more than fades, turns gray or streaked. Just an application of two of Sage and Sulphur enhances its appearance a hundred fold.

Don't bother to prepare the mixture; you can get this famous old recipe improved for the addition of other ingredients in a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly. Nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

Apply a liberal preparation. Is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Say Vinton Has Clear Shining.

PORTLAND, Nov. 28.—Senator W. T. Vinton has enough votes pledged to meet him president of the state senate at the coming legislative session, according to Senator Gus C. Moser, who has been managing the Vinton campaign.

Senator Vinton announces Senator Moser, "has 16 republican votes and two democratic votes, pledged. Sixteen votes are enough to elect. The list of supporters will not be announced for a few days, as an opportunity will be given to or three others to sign up.

It seems to be the happy notion of the Russian bolshevik that by abolishing the producer they can solve all the troubles of the harassed consumer.

HUN ADMIRAL'S FLAG HANGS LIMP DIRTY FROM POLE

SHIPS LOOKED LIKE BREAK-UP VESSELS

Men Cower, Miserable and Cold, Discipline Out of Vogue.

LONDON, Dec. 28.—Describing the German warships which surrendered to the British and are now interned in Scapa flow, the correspondent of the Daily Telegraph says:

"The German admiral's flag, white with a thin black cross and two black balls, indicative of his rank, still flew at the main topgallant of the Friedrich der Grosse as the German squadron moved between the British British lines. It hung limp and dirty—typical in this state of all the German ships and their crews. The ships were in such condition that they looked like vessels laid by for breaking up purposes. They could not have been painted for two years. Their sides, funnels and bridges were covered with red rust and the masts were black with soot. The guns even had not been pointed for months.

One Exception.

"The Derflinger was in better condition than any of the others and there was an appearance on board that discipline was still in vogue. On all the other ships the crews were lounging about, many on the quarter-decks, not recognizing their officers. On the Derflinger the officers were parading smartly about on their own quarter, and the men were clean and orderly. As we passed close to each ship the men crowded to the rail. They looked miserable and dreary, drenched and cold. Their clothing was nondescript. There was an air of melancholy and depression everywhere.

"It was a pleasure to come from them alongside our own ships, where everything was solid and clean. Heavy soldiers with cherry faces were at every porthole and the quarterdecks were occupied only by officers; the commander marching briskly along

250,000 Yankees To Take Brides in France, Estimate

CHICAGO, Nov. 28.—Lieut. Fernand Catolis of the French military mission to Siberia, and who, by the way, is engaged to be married to a New York debutante, declared that 250,000 American boys will have married French girls before the troops return to the United States.

"You see," said the lieutenant, "the French girl has verve, élan, spirit, what you call temperament. She is like the rainbow, like the elf qui danse. Perhaps, you say, the American girl has those also, but besides the French girl has sympathy. I predict a quarter of a million of your Americans will marry in France."

German Newspapers Vie for Prize Rumor

AMSTERDAM, Nov. 29.—Ever since the German revolution flared up, certain German newspapers have been engaged in a rivalry of rumor-mongering.

The prize monger proved to be the Weser Zeitung of Bremen. Early during the revolt this paper announced that a British fleet flying red flags had appeared off Wiltshaven and was exchanging friendly brotherly greetings with the Germans ashore. Yesterday it had the following choice selection of "news," all displayed in heavy type:

"Fuch has been murdered."
 "King George has abdicated."
 "Diplomatic relations between Japan and America very strained."

LESS MEAT IF BACK AND KIDNEYS HURT

TAKE A GLASS OF SALTS TO FLUSH KIDNEYS IF BLADDER BOTHERS.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headache, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine as it is passed, thus ending bladder disorders.

Jad Salts cannot injure anyone, makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs

Happy Mothers Prepare in Advance

A Wonderful Influence For Expectant Mothers.

Mothers for over half a century have used with the utmost regularity the time-honored preparation, Mother's Friend, during the arrival of baby. Here is a truly wonderful penetrating application for the abdomen and breast. It softens and makes elastic the muscles, rendering them pliant to readily yield to nature's demand for expansion. By its use the anxious months of pregnancy are made comfortable. The usual wrenching strains, bending-down and stretching pains are counteracted. The system is prepared for the coming event, and the use of Mother's Friend brings restful nights and happy anticipation for the nurse as not drawn upon with the usual strain.

By its regular application the muscles expand easily when baby arrives; the time is less at the crisis and naturally the pain and danger is less.

Mother's Friend is on sale at every drug store. It is for external use only; is absolutely safe and wonderfully effective.

Write the Bradford Regulator Company, Dept. C, Lamar Building, Atlantic City, for your interesting Motherhood Book, free to every Mother's Friend, and obtain a bottle of Mother's Friend. From the first letter and begin this grateful treatment.
