Bannerman, dealer in military goods, who believed so thoroughly in the war against Germany that he tried to donate his \$1,500,000 stock of military supplies to Great Britain. I Owe My Life to PERUNA

Mr. McKinley's letter brings cheer to all who may be sufferers as he was. Read it:

"I can honestly say that I owe my life to Peruna. After some of the best doctors in the country gave me up and told me I could not live another month, Peruna saved me. Travelling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while playing my trade as auctioneer, it is only natural that I had colds frequently. As I would occur I paid little attention to it, until last December when I contracted a severe case, which through neglect on my part settled on my lungs. When almost two days I began sneezing but, without avail, until I heard of Peruna. It cured me. I cannot praise it too highly."

Cured It Cured Me

FORD

THE UNIVERSAL CAR

SPECIAL ANNOUNCEMENT

IT affords us a great deal of pleasure to announce that the production of FORD CARS has been resumed in a limited way, and as soon as possible the factory will release themselves from such war work as they have undertaken and again concentrate on production of the staple FORD, "The Universal Car."

Cars at first will come from the Detroit factory direct. Within a couple of months the Portland assembling factory will be in operation, but it will take four or five months to fully organize and again get back to the quantity production of before the war.

So as to enable the Detroit factory to make a just and equitable distribution it is necessary to have an idea of each territory's immediate needs so that shipments may come forward. Therefore

WE URGE ANY ONE DESIRING TO OBTAIN A FORD TO PLACE THEIR ORDER WITH US IMMEDIATELY.
