**The Search for a Reliable Executor**

Friends, no matter how reliable, are usually too busy to undertake the duties of an executor of a will. Reliable relatives—a wife, for example—may shrink from the responsibility involved in the management of the estate.

Yes, every will must be administered. By whom then? Preferably by a Bank having Trust Officers whose business it is.

Having a reputation for reliability at stake every time it undertakes an executorship, its management of all estates must be business like, and at the same time, satisfactory to the persons concerned.

**Ukiah Schools Close From Smallpox Scare**

(East Oregonian Special.)  
UKIAH, Dec. 4.—Dr. De Vaul was called to Ukiah Saturday to visit Wood Gibbs, who has been ill for a week or more. The doctor pronounced it a mild, but well developed case of smallpox. Mr. Gibbs has no idea when or where he contracted the disease as he has not been away from Ukiah for two months, and there has been no one here with it, and consequently other cases may follow as many called on him during the beginning of his illness. And in order to prevent a spread of the contagion, the home has been quarantined, and the school has been closed for two weeks awaiting the outcome. Dr. De Vaul will send vaccine material to Mrs. James Mossie, who is a trained nurse, and she will vaccinate all who desire it.

Miss Sybil Gilliland of Pendleton, is visiting with her brother, Arden Gilliland, and wife, this week. Charley Lorenz, is suffering with a severe attack of sciatic rheumatism and is confined to his bed.

A Thanksgiving dance was given at Alba Thursday night, which was attended by many of the young people of Ukiah, who report an excellent time.

There is very little snow around Ukiah but the ground is frozen hard, and the weather is very cold.

Shooting for turkeys is the popular pastime in Ukiah.
