### MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars, hospital size \$2.50.

### FOR SALE

DO YOU WANT A FARM?

I have a 640 acre farm for sale, on 400 acres within reach of most any farmer. It is located about 12 miles North of Pendleton, on good road.

Practically all tillable, and has a good house, good barns and sheds, fine water and lots of it and a windmill!

It is not badly broken up, and this year the crop averaged 16 bushels per acre, which is not bad, considering the extremely dry season.

The price is \$45.00 an acre, and it is worth every cent of it—and more. A cash payment of \$3000.00 will handle it.

As an investment—it is a cinch. If you want to farm it yourself, you can't find any better place for the money.

If this interests you, you had better get busy on it quick—for it is bound to be sold soon.
