

BROTHER ELKS

Dear Bill:

You are expected to be at the Elk's building at seven thirty o'clock Thursday evening, December the twelfth, because the whole bunch will be there. The different committees are working hard and you will certainly have the time of your life. I can't tell you exactly what is going to happen but some of the committeemen say there will be a great big "feed," as the refreshment committee has contracted for fifty pounds of whale meat. If this does not arrive in time they may serve terrapin (ordinarily \$1.50 per plate) but free to you, Bill. All you have to have is a card, its colors are red, white and blue. This card you can obtain from the secretary, Judge Fitz Gerald. None of these cards will be mailed to members, so either call on the Judge, phone him or come to the building before the meeting. It will be a short session but the entertainment committee is going to provide us with a musical program, and the general committee is going to look after your every want, not only for this time but for a number of nights in the near future. You are an Elk and should be a hundred per cent one, so "come out of it" and "show up."

A member of the booster committee mentioned a few who would be there. Doctor Vincent, probably to carve the whale; Mayor John Vaughan, to represent the city; Till Taylor, to see that it will be a Hoover lunch; Bill Clarke is coming because Ed Murphy said he was going; R. Alexander and Frank Frazier are going to explain why the banquets in the old armory building were always a success; Carl Cooley, Fred Lampkin and W. D. Humphrey are so busy with committee work that they won't say anything, but they'll be there sure. Leon Cohen, Harry Hexter, J. J. Hamley, G. I. LaDow, W. H. Morris, L. L. Rogers, Norbourn Berkley, Frank Saling, F. J. Quinlan, B. F. Trombly, and E. E. Welch said "sure, me for the whale meat" and some added, "what else are you going to have?" Bill Switzer may be up from Umatilla with a few fish from the Columbia, which he'll have to divide with Herb Thompson and the rest of the Round-Up "bunch." Roy Raley is going to tell us about the future of the order, and Judge Phelps will be there to verify his statements as he is also a trustee. Dusty Rhodes says whale meat, terrapin, cracked crabs, camouflaged clams or whatever they have it will be served right. W. L. Thompson will keep the bank open in case Treasurer Mayberry needs funds to buy more "cats." The boys on the committee want to know who started the trouble; McMonies said Drake had something to do with it; Drake said it was Estes and Estes says he was forced to do it; Joe Tallman was out of town and Al Koepfen said all he knew about it was what he heard.

If you miss this you will regret it and there is money up that you will attend the next two if you come to this one. Take the "up" bill.

Grant County Would Join Baker Judicial District for Convenience

CANYON CITY, Or., Dec. 11.—According to reports here a move is on foot among lawyers and business men of Grant county to get a bill through the legislature when it meets, changing Grant county into the Baker county circuit court district now with Harney and Malheur counties. The change would be more convenient because of the connection by rail of Grant county with Baker county, while travel over the mountain roads to Harney and Malheur counties is very difficult in the winter months.
