- SERVICE.**
- Down in a darkened street
  - Noble with hurried feet.
  - Down in a vale of care
  - Blossomed a lily fair.
  - Set on a murky stone.
  - Blossoming there alone.
  - Pure as the whitest snow.
  - Grace in the midst of woe.
  - Giving with all its power
  - Beauty in fullest flower
  - Unto the Sons of Toil
  - Down in the murk and mull.
  - Cheering the ugly way.
  - Facing the hopeless day.
  - Serving with tenderness
  - Souls in the grip of stress.

### IT IS THEIR OWN FAULT

THE disposition of the average man will be to manifest little patience for Kerensky's complaints regarding Russian recognition at the peace table. If Russia does not have a showing at Versailles the fault will be upon the Russians, not the allies.

**CASTORIA**  
 For Infants and Children  
 In Use For Over 30 Years  
 Always bear the Signature of *Chas. H. Hitchcock*

Russia has no government that a responsible nation can afford to recognize. Some of the blame for this rests upon Kerensky himself. When the czar was overthrown the liberals, with Kerensky at their head, had a splendid opportunity to succeed and serve mankind as well as Russia's own good. But through gross stupidity or treason the opportunity was thrown away. Russia has run wild ever since and has been a world menace.

All will admit that Russia rendered valuable service early in the war. All will admit that Russia should be fairly dealt with. But having no government and no accredited representatives at the peace conference, having made a separate and cowardly peace with the enemy the Russians are certainly not in position to be presumptuous with those who did win the war.

### THE WHEAT JOINT WORM

THE most destructive enemy of wheat, next to the Hessian fly, in the wheat states east of the Mississippi river and in parts of Missouri is the wheat joint-worm, say entomologists of the United States Department of Agriculture, in a recent Farmers' Bulletin No. 1006, "The Wheat Jointworm and Its Control." It is a very small grub which lives in the stems of wheat sucking the juices of the plant and causing a swelling in the stem. Although this insect is sometimes more serious than the Hessian fly, occasionally causing complete destruction, very little is done at present to control its depredations. The insect has a number of natural enemies, but these should not be relied upon. Fortunately the joint-

worm attacks only wheat, which fact suggests one of the most reliable control measures, that of substituting crops. In the southern part of the eastern wheat belt the insect may be controlled by plowing wheat stubble deeply after harvest when this does not interfere with the growing of red clover and grass.

### A CONFLICT

GERMANY'S new leaders try to create the impression that their people were misled and long fought in a cause the people did not believe in. They are now reborn, it is asserted. The arrival of American troops in German cities, however has produced no manifestations of joy on the part of the populace. News reports are that our troops are greeted with sullen silence. This attitude on the part of the German public is perfectly natural. It is the attitude that most other people would take under similar circumstances. But it does not bear out the theory that Germany has undergone a transformation since Nov. 11.

The executives of the various railroads have issued a statement opposing McAdoo's suggestion for a five year extension of federal control. These executives, however, owe their positions to operations under the old regime and some of them get salaries far in excess of what they would get under government operation. Therefore their suggestions should not be taken too seriously.

We are in line for a gravelled road to Umatilla and some day it will be hard surfaced.

### 28 YEARS AGO

(From the East Oregonian, December 13, 1890.)  
 T. P. Bourke and D. W. Bailey returned on this morning's train from Portland.  
 The board of health has appointed Dr. Vincent as city physician.  
 The rector of the Church of the Redeemer announces that there will be no session of the Sunday school at the church tomorrow on account of the illness of the children.  
 Cards were received by Pendleton relatives today announcing the wedding of W. H. Isaac of Caldwell, Idaho, to Ada C. Miner, December 16.  
 M. V. Worthington of Milton, left for Baker City on Friday afternoon's

train to secure an injunction order from Judge Fee restraining the cause to cease from issuing the train scrip.  
 A pleasant dance was given by Robert Bond, Jr., at the home of his parents on College street last evening. A number of young people were in attendance and had an enjoyable evening's entertainment.

Portland Census 216,750.  
 PORTLAND, Dec. 13.—Portland's population has increased from 270,462 to 216,750 during the year of 1918, according to an estimate based on the school census just completed, on a ratio of 5.2 for each pupil.

The census of this year shows 58,712 Portland children in school. This is an increase of 3592 children, as last year 50,118 were registered. Last year 914 additional pupils lived outside the city, although attending Portland schools. This number has increased to 1122 during 1918.

Few Cases Are Appealed.  
 SALEM, Ore., Dec. 13.—Out of 54,462 cases disposed of by the State Industrial Accident Commission from July 1, 1914, to November 20, 1918, there were but 72 appeals by workmen from the decisions of the commission, or an average of one appeal in 2475 cases, according to a statement issued by the commission today.

Contributing to the fund for blind soldiers is one of the privileges of the time.

### SALTS IF KIDNEYS OR BLADDER BOTHER

HARMLESS TO FLUSH KIDNEYS AND NEUTRALIZE IRRITATING ACIDS.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse, again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control micturition. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs, which then act normally again.

Jad Salts is inexpensive, harmless and is made from the best of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and cures no bad effects whatever. Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

The **FRANKLIN CAR**  
 The Logical Choice of Busy People

It is quite noticeable that the Franklin is becoming more and more the favorite of the man or woman who does things.

The reason is simple.  
 In this car they find an efficiency, a riding comfort, an ease of handling, and a grace of design that are important added features to its remarkable economy—a steady day-by-day delivery of

20 miles to the gallon of gasoline—instead of the usual 10.  
 10,000 miles to the set of tires—instead of the usual 5,000.

Moreover, men and women of affairs must have a car that is instantly ready for service, and the Franklin Direct Air Cooling System eliminates the possibility of its being frozen into uselessness. The Franklin needn't be coddled—it is always ready to run—whatever the weather.

In crowded city streets or on rough country roads, the Franklin goes on its way lightly, surely, easily—without strain or pounding on its passengers.

A demonstration will prove what we say.

PENDLETON AUTO CO.

# READY TO WEAR SALE

We also appreciate the splendid response made by the Ladies who have come to see if we were "making good" and, THEY BOUGHT. The beautiful Plush Coats, the beautiful Silk and Jersey Dresses, the splendid Serge Dresses and Suits, the exquisite Georgette Waists, the dainty Silk Petticoats, the warm Wool Sweaters, the dependable House Dresses, Kimonos and Skirts, both silk and wool are all offered at prices that are not to be compared with either competition or wholesale cost.
