GRAND OPERA QUEEN SUES FOR DIVORCE

CHICAGO, Dec. 15.—Mrs. Amelita M. Galli-Curci, of the Chicago Grand Opera company, today filed suit for divorce against her husband, Luigi C. Curci, alleging extreme and repeated cruelty.

1919, the prima donna declared in her bill, she has been the "real support and provider" for her husband though he is qualified to earn a livelihood and support himself and his wife.

Curci filed suit in New York some time ago against the manager of the Grand Opera company, demanding damages and charging the manager with alienating her affections. This suit has not yet been heard.

THOUSANDS SLATED FOR DISCHARGE

WASHINGTON, Dec. 14.—Fifteen thousand are being discharged daily here, March today announced. The number will be doubled soon. Eight hundred twenty-four thousand are here and 140,000 abroad have been designated for early discharge.

FIVE GENERALS AT CAMP LEWIS

CAMP LEWIS, Wash., Dec. 14.—Five generals now are stationed at Camp Lewis with the arrival here of Brigadier General Rufus E. Longan to command the 164th depot brigade.

General Longan for more than a year had been stationed at Hoboken, N. J., the port of embarkation for American troops bound to Europe. When hostilities ceased he was under

orders to command the central officers' training camp at Camp Fremont, Cal., but when orders forming the camp were cancelled he was sent here, San Francisco, during all the period of the second officers' training camp there. That the Ninety-first division, composed of western national men, which was the first division to train here, will not be returned as a unit was one opinion expressed by General Longan at the Presidio, most plans call for the return of soldiers from France as individuals and according to occupations. This will give stability to the employment problem brought about by the demobilization.

Various western cities, it has been learned, have planned celebrations in honor of the returning Ninety-first division if it were returned as a unit and members could be given leave to march in these cities.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

EAT LESS MEAT IF YOU FEEL BLAGKACHY OR HAVE BLADDER TROUBLE.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally. Meat forms uric acid which excites the kidneys, they become overworked from the strain, not sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous cure is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys also to neutralize the acids in urine so it no longer causes irritation, thus hiding bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

Bronchial Coughs

For quick relief from wearing bronchial coughs that "hang on" and weaken, for thick wheezy breaths, irritated throat and air passages, for the irritating, tickling cough, take Foley's Honey and Tar.

If it is quickly set the curative influence of the pine tar and other healing ingredients, together with the moistening and laxative effect of honey.

Foley's Honey and Tar is also good for croup, whooping cough, tickling throat and hoarseness. It does not contain morphine, chloroform or any other injurious drug. Do not accept a substitute.

"My wife contracted a severe cold which finally developed into bronchial trouble. She coughed almost continually. The remedies we tried gave only temporary relief. I happened to pick up one of Foley's Family Honey and Tar, and as a result, purchased a bottle of Foley's Honey and Tar. She had only used half the bottle when her cough was so slack and she could rest so much better at night. The condition being so much better, I bought another bottle, which effected a permanent cure." Yours respectfully, W. S. Bailey, Lancaster, Ky.
