

NEWS NOTES OF PENDLETON

Miss Mousu in Picture.
Miss Eglantine Mousu, well known Pendleton girl who is in Paris as an interpreter in the telephone service, appears in a picture of several blue uniformed soldiers of the switchboard printed in Forbes magazine of November 16, 1918.

Put Up \$15 Bail.
L. W. Douglas, arrested last night

Has Used Chamberlain's Cough Remedy for Fifteen Years.
"We have used Chamberlain's Cough Remedy in our family during the past fifteen years. I have taken it myself and have given it to the children for coughs and colds, and have found it to be a quick cure for these complaints," writes Mrs. William C. Proffit, Pana, Ill.

It's Dangerous to Neglect a Cough.
Never allow a cough to hang on week after week. A cough is usually a symptom of some disease of the throat or bronchials and may well be regarded as a signal of danger. No one can tell what serious diseases may follow when it is neglected. As a rule the disease that causes the coughing may be cured by taking Chamberlain's Cough Remedy. In more than nine cases out of ten it is all you will need.

Very Much Surprised.
Some time ago Mrs. Ella Wright, Chillicothe, Mo., was treated with indigestion and had frequent bilious attacks. She procured a bottle of Chamberlain's Tablets and was very much surprised at the quick relief which they afforded.

by Policeman Chas. Myers on drunk charge, was released on \$15 bail, was forfeited.

Mrs. Robinson Returning.
Mrs. J. F. Robinson, who has been in Pendleton for a serious operation caused by trouble with her eyes, expects to return to Pendleton the latter part of the week. Mrs. Robinson's condition is improving daily.

Will Have Literary Society.
A literary society for the pupils of the Pendleton high school is being planned at the school this week. Although arrangements are not complete, the society will probably meet every Tuesday and Thursday.

F. K. Welles in New Work.
Frank K. Welles, former county superintendent here, has resigned his position as an assistant in the state superintendent's office and is going with a teachers' agency and will have headquarters in Portland. Mr. Welles has been in the state superintendent's office since leaving this county.

Roy Ritter Mentioned.
Roy Ritter, newly elected senator from this district, is mentioned as a possible chairman of the roads and highways committee in a forecast in the Portland Oregonian this morning. This committee and the ways and means committee are attracting considerable attention at present.

Keep Membership Here.
Though living at Vancouver, Wash., at present, Mr. and Mrs. J. D. Brantwell wish to keep their Red Cross membership at Pendleton so have sent H. W. Fletcher, circulation manager of the East Oregonian, \$2 to be applied to the local chapter. The Brantwells are not certain when they will return to Pendleton.

Brother of Mrs. Stam.
Ed Hatley, sergeant in the United States Marines, who was recently severely wounded while in France, is a brother of Mrs. Ben Stam, formerly Miss Louise Bailey, physical instructor in the Pendleton schools last year.

Bailey was well known in this state as a football player prior to his enlistment, and played on the Marine team while at Mare Island.

Females Takes Garments.
Female branch of the Umatilla County Red Cross has taken material for 24 pinafiores, which will be made into refugee garments immediately.

W. A. Kearns Here.
W. A. Kearns, recently returned from aviation camp in Canada, returned today from Portland and will remain here in the office of H. W. Collins.

Red Cross Meeting Tonight.
Election of ten directors from Pendleton branch of the Umatilla county Red Cross will be held tonight at the county library at 7:30. Members of the Red Cross who reside in Pendleton are entitled to vote at the election.

Take Charge of Farm.
Mr. and Mrs. Roy B. Wilcox, formerly of Pendleton, will arrive during the latter part of the week from Wapato, Washington, to take charge of the R. W. Carrell farm near Helix. Mrs. Wilcox is Mr. Carrell's sister. Mr. and Mrs. Carrell will move to Pendleton and will reside at Lee street with Mr. Carrell's father, Mr. Minor.

Election of President.
The election of a student body president will take place this afternoon in the high school. The office is vacant because of the withdrawal of Halfe Ulrich from school and the three candidates for office are Hubert Smith, Jack Beck and Dean Best. The polls will close at 4 p. m.

Aged Father Seeks Son.
Anyone knowing of the whereabouts of H. E. Johns, a carpenter, will confer a great favor upon his father, J. M. Johns, Rocky Ford, Colo., by communicating same to him. H. E. Johns was last heard from in Pendleton. Before coming here he had worked at the carpenter trade at Walla Walla. His father is past 80 years of age and very anxious to hear from his son.

Byron Gumm in New York.
A telegram received here today announces the arrival of Byron Gumm, Pendleton man in the service as a member of the naval aviation. In New York from Queenstown, Ireland, Gumm left here last December and with Glenn Storie was at San Diego, California, before being sent to France and later to Ireland. They are at present at Pelham Bay Naval Station and have no idea when they will return to Pendleton.

Is Made Sergeant.
Blaine Burton, who left here in June to enter training school for ground aviation at San Francisco, and who is now at Camp John Wise, San Antonio, Texas, has been made a sergeant in Balloon Company 68, according to word received by his mother, Mrs. H. A. Burton, of this city. Blaine is also company clerk and has served in that capacity for the past two months.

Has Long Job Ahead.
Though many boys in the army and navy look forward to early discharges, Ralph Shaw, who is here on a furlough from the naval base hospital at Fort Lyons, Colo., understands that his work has just commenced. The hospital there is handling gas cases which often terminate in tuberculosis. Many wounded men are now arriving from overseas and Shaw says the sight of them makes a man hate the Kaiser.

To Notify Committee.
While it is seldom that Pendleton people who adopted French orphans fail to receive letters from the children, the committee in charge here requests that if such a condition arises notification be given to Miss Sabra Nason, at the county library, or to Rev. Alfred Lockwood, at 719 Johnson. One case is cited wherein a package was sent to France but returned because of incorrect address. Such mistakes can be corrected by seeing Miss Nason or Rev. Lockwood.

Neighbors of Woodcraft Elect Officers.
At the meeting of Pendleton Circle, Neighbors of Woodcraft No. 527 yesterday evening officers were elected for the ensuing year as follows: Gustav neighbor, Louise Lampkin; past guardian neighbor, Sarah Catherine; advisor, Noreen; musician, Myrtle Louder; clerk, Lillian Cannon; banker, J. P. Walker; attendant, Anna McConnell; outer sentinel, August Fenon; captain of guards, Sophia Thompson; managers, Mary Johnson, Charlotte Cook and Ora Hambleton.

Activities Discussed.
H. E. Inlow, principal of the Pendleton high school, started a number of new activities today when he called a meeting of those pupils who wish to engage in either debating, boys' glee club or the school orchestra. He planned for a girls' literary society of the high school which will probably be formed Thursday evening, while one for the boys will start Monday. This work will be under the direction of Mrs. Charles Bonney and Miss Alberta Cavender.

Girls to Speak.
A number of the girls of the high school will speak among the grade schools of the city this afternoon in the interest of the Red Cross. These girls are Jape Roosevelt, Katherine Wilcox, Blanche Friedley, Sarah Morton, Thelma Blanchet, Pearl Ernst, Elsie Wattenburger, Laura Johnson and Etta Hummel. Four boys of the same English department will be used as four minute men at the local meetings. They are Claude Snow, Arthur Frinkhinn, John Simson and Davis Swanson.

E. F. Averill Talks.
E. F. Averill of the United States Biological Survey, was one of the speakers at the meeting of the Oregon Sportsmen's League held Monday in Portland. The following is from

the Portland Journal.
E. F. Averill of the United States Biological Survey, gave a very interesting talk during the course of the meeting, touching at length upon the extermination of predatory animals. He stated that the survey saved \$500,000 worth of cattle in the three northwestern states last year, at an expense of \$15,000. Averill declared that the present system of the government in the biological survey is far better than the bounty plan. Averill also stated that the government would meet the appropriations of the various states to create funds for the extermination of these animals.
