## WIRE DECLARES STATE BEHIND IN R. C. DRIVE

That Oregon is behind in the drive for Red Cross membership is the statement of a wire received this morning from national headquarters by Judge Stephen A. Lowell, county chairman for the drive. The wire urges every effort be used to bring the state to the front.

There are still a few who have not been solicited and may be overlooked by the committees, but that they may secure their button, also a clear conscience, and membership from any solicitor or by calling at Red Cross headquarters in the federal building or at the office of M. R. Chessman in the Elks' building.

### Tough Luck! We Missed Living in Hun Prison Camps

WASHINGTON, Dec. 21.—Now we can all be sorry we weren't made German prisoners.

At last the truth about the German prison camps is out from the *Vossische Zeitung*, old "Aunt Voss" herself, we learn that the German prison camps are just about the most delightful spots on earth.

A write-up rivaling the efforts of the best summer resort press agent has reached official here.

Quoting a gem: "The following are to be found in the prison camps: Cinema theater, concert hall, studio, library, bathing facilities, sports grounds for lawn tennis, football, baseball, canteen where beer, wine, mineral waters, toilet articles, tobacco, vegetables and fruits are on sale."

## BERNSTORFF DEPENDS UPON U. S. FOR PEACE

BY FRANK J. TAYLOR

BERLIN, Dec. 21.—The Germans feel that political salvation depends upon the successful inauguration of a league of nations, according to Count von Bernstorff, former ambassador to the United States.

Bernstorff, who knows Wilson better than any other man in public life, is optimistic over the outlook for a peace settlement along the lines Wilson advocates. Bernstorff, who, since his recall from Turkey, has been acting technically as foreign secretary under the socialist government, gave the United Press the first public utterance which he has directed at America since the declaration of war against Germany. He refused to talk on other lines, but reiterated his statements made when leaving the United States—that he had done everything in his power to prevent a break with America.

He asserted that he had never for a moment doubted the gravity of the error on the part of the kaiser's government.

### NIECE OF JOHN W. GATES WHO INHERITS \$15,000,000

Make Our Own Maps—WASHINGTON, Dec. 21.—America should be independent of the rest of the world in the matter of maps and shipping charts, as a matter of national security, the navy hydrographic office advises in its annual report today.

"A position of independence," says the report, "will secure to us great advantages in the features of national security, efficiency due to working under an individual and homogeneous system, undivided responsibility for

the safe navigation of our shipping, both naval and commercial and resurrection from the humiliating situation of the leading nation in the world being independent upon other nations for nautical information."

### AVIATRIX TO ATTEMPT TRANS-OCEAN FLIGHT, ALSO INTO GERMANY

LONDON, Dec. 21.—Katherine A. Stinson, American aviatrice, today announced she will attempt to fly from Europe to America. She expressed confidence in her ability to do what no one has ever done. She is the first pilot of her sex to fly over London. She accomplished the feat yesterday. She is scheduled to fly today to Paris where she will enter the employ of the Red Cross. She will be sent on a flight into Germany to find unreported prison camps, where, it is believed, there are many missing American soldiers.

"If the gift be a diamond—should it not be one beyond reproach?" The vast majority of the jewels we sell are those that by a specialist's comparison cannot be surpassed for beauty.
