SOCIALISTIC ELEMENT IN PEACE AS ONLY SAFEGUARD FROM WAR IS FIFTEENTH POINT

WILSON'S LAST PRINCIPLE IS YET UNSTATED, MUST BE DEVELOPED GRADUALLY IN COUNCIL; AUSTRIA PLACES ONLY HOPE IN NATIONS LEAGUE.

BY FRANK J. TAYLOR (United Press Staff Correspondent. Copyright by the United Press.)

BUDAPEST, Jan. 11.—"No peace which is not partially socialistic will safeguard the world from future wars. President Wilson has this in mind. It constitutes his 'fifteenth point'—as yet unstated—which must be developed before the treaty is signed.

AUSTRIA'S HOPE IN WILSON "Count Karoly, Hungarian premier, thus described to the United Press what he believes should be accomplished by the peace congress. He emphasized the fact that he is not a socialist himself and that he intends to continue to fight against bolshevism, but he declared that he is absolutely convinced that peace must be social and economic as well as political.

HUNGARY A TOOL "Hungary was dragged into this war by Austria and Germany, he declared. "Our policy was never made in Vienna or Budapest, but in Berlin. We were Berlin's sub-agent, never walking on our own feet. Now that we have lost the war, absolutely our only hope is that Wilson's principles will win at the peace conference. The entente cannot let Hungary be crushed. There must be a society of nations with the 'fifteenth point.'"

GENERAL REVOLT THREATENED "The people are desperate and certainly will revert to action, which may develop into anarchy unless something is done quickly. People say Wilson cannot prevail at the peace conference. This agitation is very dangerous. Budapest is on the verge of a great catastrophe of bolshevism. No, let us call it by the correct name—'anarchy.' This is not developing from Russian propaganda, but from the needs of the people. I advocate the formation of a commission, headed by Americans, to fix our boundaries. The Americans entered the war to crush Prussianism, militarism and Mittel Europa. If Mittel Europa is succeeded by a group of small nations, I reiterate, there will always be trouble."

ROAD CRISIS CAUSES COUNTY COURT TO SEND S. O. S. CALL; BENSON CAST MONKEY WRENCH

Members of the court this afternoon decided to call a representative meeting for the middle of next week, the exact date not being determined at 2 o'clock. It is planned to ask each farmer and business man's organization and each community to send two delegates to a meeting to be held here to see what steps can be taken to secure funds for road building purposes.

When S. Benson, chairman of the state highway commission, refused to stand for the hill route on the road between Pendleton and Echo he threw a monkey wrench into the good roads camp in Umatilla county.

Other Roads Also. However the road to the west end is not the only one worrying the county court. East end folk want their macadam road paved between Milton and the state line. There is also a clamor for the paving of the Wild Horse highway to Athena and south end people are insisting that the road to Pilot Rock be modernized.

It is said that all these roads, as well as the road to the mountains, are part of the highway commission's thorough road system and are subject to paving if the county gets them into shape. But how to do this with the ordinary road funds is a proposition no man has yet been able to solve.

Mayor Alters Rule for Local Churches Though allowed by proclamation of the mayor to hold church services under the four foot rule the local churches, with the exception of the Scientists, have decided not to do so tomorrow.

RELIGION IS MIGHTIEST ASSET (By R. E. Gornall, Pastor M. E. Church.) Mark 16:15. Preach the Gospel. Why this command to propagate the Christian gospel? The reason and the wisdom are seen in its nature.

What shall we have therefore? As men used to sing: "Whatever, Lord, we lend to Thee, Repaid a thousand fold will be; Then gladly will we give to Thee, Who givest all!"

Such ignoble consideration! A pawnbroker with a heart clipped out of him would gleefully serve thus one for a thousand. Religion? That's a rotten commercialism! Christianity in its purity calculates no return, but breaks the alabaster box of self-concern and pours out without measure, the precious ointment of devotion.
