

NEWS NOTES OF PENDLETON

13 Burial Permits in December

The recorder's report to the city council shows 13 burial permits were issued from his office during the month of December.

Walter Hart Arraigned

Walter Hart, charged with a statutory offense was arraigned yesterday before Justice Parkes and tomorrow at 10 o'clock is set for the time of hearing. Hart is deaf and dumb and was arrested last week at Echo on an attempted assault of a young woman at a ranch on Butler creek.

Wants Round-Up Literature

A number of inquiries have been received by the Commercial association wanting Round-Up literature. A letter received today is from Ontario. The Round-Up association has no prepared literature suitable for answering such letters.

League Has No War Chest Fund

The Patriotic Service League has received a request from the National Allied Relief committee asking for an appropriation from the league's war chest fund. Answer is being mailed today stating the league has never had such a fund. The plan has been to make up a budget of the needs as developed by the drives authorized by the government and only such funds as have been authorized by the federal government have been received.

organized by the league. The National Allied Relief committee is a new thing to the league.

Street Improvements Accepted

With the understanding that certain repairs would be made in the spring the city council has voted to accept the recently completed paving work on Garfield and Pine streets.

Favors Road Building Program

Dave Nelson is a business visitor in Portland from Pendleton. He was unable to be here to attend the road meeting with the county court, but left a letter showing that he is a booster and favors bonding the county to finance a comprehensive road building program.

Must Have Requisitions

Hereafter if you sell anything to the city of Pendleton be sure you have a proper requisition authorizing the purchase, or you may find yourself out of luck when it comes to getting your money. The claims committee has gone on record as refusing to pay any bills that are not accompanied by a requisition showing who ordered the account and what it is for. The requisitions are to be issued by the city recorder. The claims committee, Ralph Folsom, J. H. Bates and Manuel Friedly, last week expressed disapproval of the system under which accounts were being allowed, and last

night Folsom and Bates announced "no more of this without requisition." Mr. Friedly was not present, but is in hearty accord with the decision.

Installing Fire Escapes

Ouy La Fontaine has been granted by the city permits for the installing of fire escapes on his building on Cottonwood street.

Says He Got It At Council

Every flu patient figures out where he caught the disease and Congressman Manuel Friedly is no exception. He says he got his at the council. Mr. Friedly is expected to be out in a few days.

Parole Order Issued

Judge Gilbert W. Phillips today issued an order paroling Joe Pohl and Arthur Ulrich to Sheriff T. D. Taylor. The boys plead guilty several days ago to larceny of a store and were sentenced to the penitentiary.

Officers Here After Soldier

Louis Naffziger, a soldier taken off O. W. train here several weeks ago, was turned over today to an officer from Camp Lewis who left with the man for that place. He was taken up as a deserter, but is thought to be insane.

Two Pendleton Men on Cruiser

Among the Oregon boys landing in New York yesterday on the cruiser St. Louis was Walter E. Kirk of Pendleton. He with Peter McIntyre mentioned yesterday, among the 24th artillery troops. Kirk and McIntyre are well known Pendleton men. They left Pendleton with the first draft from here in September, 1917.

Has Balance for Cemetery Fund

There is a balance of over \$90 to be turned over to the cemetery fund after paying all bills in connection with the new paving to Olney cemetery from the subscription list raised for that purpose. The council authorized the paying of \$1000 from the subscription fund to the Warren Construction Co. last night.

Flu Cops Out of a Job

Flu officers who have been stationed at stores, banks, and other business houses to prevent the crowding of buildings have been dismissed by the council. This was done on the understanding that these places will look after these matters themselves, seeing that there are no violations of the ordinances at their places, otherwise the officers will be put back on.

The Flu at Umatilla

Dr. I. U. Temple returned yesterday evening from a trip to Umatilla where he was called to see H. H. Sherman who is in a critical condition with the influenza. Dr. Temple says they get of a great many cases of the epidemic at Umatilla and he thinks there has been little change in conditions there in the past few days.

Think It a Mistake

In the casualty list today appears the name of Letcher Norvell. Helix, as wounded severely. Letcher Norvell is the son of John S. Norvell, a prominent Helix farmer. Mr. Norvell thinks there is some mistake in the report of his son being injured. His message from the war department said his son was wounded on November 11. Letters have been received from the young man dated since November 11.

Flu Report to Council

Doc Breach's report to the council on the conditions showed the number of families under quarantine had declined during the week since the last report from 18 to seven. But five new cases were quarantined during the week. Mr. Breach brought to the attention of the council the fact there are a few smallpox cases in the city and that there will probably be others developing. One of these is at an apartment house where it is necessary to get the patient in a more suitable place to be cared for, and the city now has no place where contagious diseases can be isolated.

Two Departments Show Decreased Expenses

The police and recorder's departments of the city of Pendleton are the only two departments that show a decrease in cost to the city during 1918 as compared with the previous year. The police department shows a saving of \$134, while in the recorder's department the expenditure was \$54 less. This showing was made notwithstanding an increase in salaries. The recorder's annual report was not made at the meeting in full, having been held up waiting for returns from other departments.

ROADS COMMITTEE FAVORS

(Continued from page one.)
that of Senator Flores, who tried to have it postponed. It brought from Senators Dimick, Eddy and Moser vigorous warnings that action must be taken to meet the spread of bolshevism.

HELP FOR MEN WHO SERVED
SALEM, Jan. 16.—The house unanimously appropriated \$250,000 in an emergency measure, for the care of returning soldiers, sailors and marines who might need financial help.

RITNER SUGGESTS MEMORIAL
SALEM, Jan. 16.—Senator Ritner introduced a resolution providing a memorial session in both houses February 9 to honor Theodore Roosevelt.

IMPERIALISTIC POLICY BELIEVED ABANDONED

BY HENRY WOOD.
(United Press Staff Correspondent.)
PARIS, Jan. 16.—Italy has abandoned its imperialistic program, definitely accepting the British-American ideas of a democratic peace settlement. That was the interpretation in some diplomatic quarters of the resignation of the entire Italian cabinet late yesterday.

STUMBLING BLOCK.
Italy's territorial ambition would have constituted one of the stumbling blocks in the peace conferences. The

old school Italian diplomats stolidly clung to the determination that the entire peace program of political and territorial expansion should be carried out. More democratic members of the government counseled various degrees of modification. This led to a ministerial crisis which reached its climax yesterday. In a general way, Italy to date has been aligned with France in her general policies of political territorial expansion. She now appears to have abandoned France and climbed on the American bandwagon.

ARMY REORGANIZATION PLAN GIVEN

WASHINGTON, Jan. 16.—Long-awaited details of the war department's plan for army reorganization were brought before congress by Secretary Baker and Chief of Staff March.

They appeared before the house military committee to explain the provisions of the bill, which it is understood, carried legislation for putting the army upon a temporary peace footing.

NEARLY HALF OF 15TH LEAVING
TACOMA, Jan. 16.—Approved applications for the discharge of 8129 members of the 15th division at Camp Lewis have passed through the office of Major Muller, division adjutant, in the last two days. This represents 41 per cent of the men in the division. All that remains to be done before their discharge is for the men named in the applications to be examined and their equipment checked in.
