Flatly Denies Charges

PARIS, Jan. 22.—Hoover today flatly denied charges that he worked in the office of the American packers. He said he had never been in a position to do so and that the packers' charges were unfounded. He said he had never been in a position to do so and that the packers' charges were unfounded.

AUXILIARY PLANT NEEDED FOR CITY

The absence of electric power for several hours this morning is responsible for the reduced size of the issue of the East Oregonian. Power service was not restored until 11:30 and an auxiliary gas engine brought into use failed to work satisfactorily.

The plan of the city this morning is causing many to advocate an auxiliary power plant for Pendleton so that service could be maintained even though there should be a break on the main line.
