## PIONEER RESIDENT DIES AT SAN DIEGO

After a lingering illness of several months, James F. Zerba died at San Francisco, Cal., Tuesday of this week, says the Athena Press. His daughter, Miss Edna, who accompanied her father to California, was the only member of the family present when he passed away. One son, Everett, who is in the army, stationed at Camp Taylor, was on the way to the bedside of his father but did not arrive at San Diego until after his death. The remains will be accompanied to Athena by the son and daughter.

The deceased has been a resident of Umatilla county for over 40 years, residing continuously except for two years on the Nome farm north of Athena, which was homesteaded by his mother and himself. By his first marriage he was the father of 11 children, seven sons and four daughters, eight of whom with his second wife,

survive him. His children are V. R. and Lowell of Athena; Forrest and Everett, who are in the army; Ray of Idaho; Mrs. Nellie Banks of Idaho; Miss Grace, teaching at Knappa, Oregon, and Miss Edna.

## RITNER IS AGAINST USING REFERENDUM

### RITNER OPPOSES DELAY.

SALEM, Jan. 25.—"As a member of the roads and highways commission, I will be unalterably opposed to the calling of a special election in June for the purpose of referring the road bond bill to a vote of the people," said Senator Ritner, of Umatilla county. "I understand that those who seek to have this election called are doing so for the purpose of having their own measures placed on the ballot at an early date, rather than because they have any particular interest in the ultimate fate of the proposed good roads program.

"Personally, I favor attaching the emergency clause to the road bond bill in order to defeat any movement which might be started after the session to defeat the bonds through petitioned referendum, but the bill probably could not be passed as an emergency measure.

"A special election would cost the state at least \$100,000, and to my mind this would be a needless waste of public funds. These other measures which are to be referred to a vote of the people can well await the next regular general election."

### DODD BILL PASSES.

STATE CAPITOL, Salem, Jan. 25.—Without a ripple of comment, the house passed Representative Dodd's bill prohibiting the teaching of any subject in the schools of the state in any but the English language. The only exception is where the subject to be taught is itself some foreign language.

Opposition had developed to the bill in appearances before the committee, and a small lobby appeared on different occasions to express disapproval of the measure, but not a dissenting voice or vote was heard to the measure on final passage in the house.

### HAS JACK RABBIT BILL.

STATE CAPITOL, Jan. 25.—A bill of prime interest to eastern Oregon counties was introduced by Representative Gallagher extending powers to such counties to vote under the initiative on jackrabbit bounty bills.

H. B. 178, by Thrift—Relating to county road views.

H. B. 179, by Thrift (by request)—Relating to surveyors and county road masters.

H. B. 180, by committee on fisheries—Preventing seining on Rogue river except with certain kinds of nets.

Weston strawberries, cherries and other small fruits yield heavily and are unsurpassed in quality.

We sold two nice tracts to Pendleton people on first visit. They know a good thing when they see it. We have a few select tracts from 10 to 30 acres at right prices. Get busy while the getting is good.

## Whole World Dry Aim of Prohibition Forces in America

WASHINGTON, Jan. 24.—World-wide prohibition is now the aim of the "drys" and the resources of the powerful prohibition organization in this country, principally the Anti-Saloon league of America, will be thrown into the fight for this end. It was announced here by Edwin C. Dinwiddie legislative representative of the league, following the accomplishment of the "dry" forces Thursday in the completion of the ratification of the national prohibition constitutional amendment providing for a "dry" United States in one year.

"We are now going to give all the assistance we can in the fight for prohibition throughout the world," said Dinwiddie.

The league and other prohibition organizations will aid prohibition organizations in other countries to re-organize and will stimulate the organization of new forces where there are now none.
