Berlin Will Remain

Capitau Says Ebert
BERLIN, Jan. 30.—Chancellor Ebert today declared that Berlin will continue as the capital of Germany to "save the German cause." Considerable opposition has developed recently against the retention of Berlin as the seat of government. Practically all states outside of Prussia appear to favor its removal, with a majority in favor of Weimar, where the national assembly will meet.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How to Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, blowing, headache, dizziness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just time. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.

The "ada" teach you much about the relative merits of things—helping you DISCRIMINATE.

JOHNSON CRITICISES POLICY OUTLINED

WASHINGTON, Jan. 29.—Senator Johnson today outlined the policy the senator progressives will demand that the government pursue. It includes bringing home American soldiers, restoring American democracy, restoring free expression, getting American business into normal channels and letting American life, social and economic, be American again. Johnson summed it up with "It is time for an American policy."

Takes Issue With Lodge.
Johnson took issue with Senator Lodge, Republican leader, on his recently announced foreign policy which by virtue of Lodge's position, has since been construed as the party's policy. He said, "Recently a Republican leader stated with clarity and precision his views on our future policy. He stated he deemed it essential to create a number of new small nations, 10 in all, and to include the independence of Russia's six Baltic provinces, and that in addition, we must take ample security from Germany and Austria."

... Against U. S. Occupation.
Johnson said he had no quarrel with the creation of the new states, but he quoted Lodge's statement that the United States must do its share in the occupation of German territory and in helping the stability of the new government, saying he could not "subscribe to this doctrine." He said it would mean "maintaining these nations with American soldiers."

"I am opposed to American boys poling Europe and quelling riots in every nation's back yard. America wants peace. Let us have peace and get out of Europe."

Brings Up Soviet Note.
Johnson put onto record a document hitherto unpublished, one sent the allies by the soviet government in 1918. A favorable answer, said Johnson, would have prevented the signing of the Brest-Litovsk treaty, and have kept Russia with the allies.

The soviet, said Johnson, asked what the allies, and particularly the United States "would give in a struggle against Germany if the Brest-Litovsk treaty were denounced."

He said the communication was received with "contemptuous silence." He cited examples of allied cooperation with the bolsheviks.

Packers Still in Control of Sheep, Cattle Trend Slow

PORTLAND, Jan. 30.—Twenty loads of livestock entered the North Portland yards overnight aside from nine cars of horses and mules which came from Camp Lewis and destined for various parts of the country.

One local meat company brought forward six loads of sheep and lambs from its own feed lots, but aside from these only a nominal number showed up during the 24 hours.

Killers continue in full control of the mutton and lamb offerings and they remain quite willing to hold prices high.

General sheep and lamb range:
Prime lambs \$13.75 @ 14.50
Fair to medium lambs. 9.00 @ 11.00
Yearlings 9.00 @ 10.00
Ewes 4.00 @ 5.00

Cattle Run Is Nominal.
It was a very nominal run and market for cattle at North Portland during the day. Only arrivals overnight in the cattle alleys were of ordinary quality. Trend of the trade is slow, but prices were generally held about unchanged.

General cattle market range:
Best steers \$12.50 @ 13.25

Good to choice steers, Medium to good steers, Fair to good steers, Common to fair steers, Choice cows and heifers, Good to choice cows and heifers, Medium to good cows and heifers, Canners, Bulls, Calves, Stockers and feeders, Swine Are Held Steady, Market for swine again held steady at North Portland with a small run reported in overnight. Total run was 274 head compared with 597 a week ago and 529 head a year ago. General hog range: Prime mixed \$16.50 @ 17.00 Medium mixed 16.50 @ 16.75 Rough heavies 15.49 @ 16.00 Pigs 14.00 @ 15.40 Bulk 16.50

Wounded Drive Tractors.

LE COURBAT, France, Jan. 5.—(By mail).—Twenty-seven Serbian war cripples have been graduated as tractor drivers from the American Red Cross training farm here. The entire group has been sent to Salonika to enter Serbia and engage in agricultural reconstruction.

ABERDEEN MAY STRIKE OIL.

ABERDEEN, Wash., Jan. 30.—Some flurry has been caused here by the proposal made for the lease of several tracts of supposed oil lands within the city limits. Representatives of the Standard Oil Company some time ago concluded leases for tracts in the northwestern part of the county and state school and other lands have been leased by persons believing oil in paying quantities would be found.

Several Seattle and Spokane speculators have been looking over the field recently and some are here now working quietly. It is said.

Test Case Is Probably.
OLYMPIA, Wash., Jan. 30.—On an agreement of both house and senate appropriation committee to grant an extra \$10,000 to the attorney-general's department for the employment of special assistance, the public service commission has authorized a test case of the federal railroad administration's assumed power to order increases of railroad rates for service performed wholly within the state.

IT PUTS THE "PEP"

Into Pepton.—The Combination of Pepsin, Nux, Iron, Celery.

This is what makes Pepton of wonderful therapeutic value, and so successful after influenza, the grip and in blood and nerve troubles, anemia, paleness, nervous weakness and the exhausting worry and anxiety over the world war.

It is a real iron blood and nerve tonic, especially beneficial in the weakness following the influenza and grip, to worn-out, brain-fagged men, delicate women, school-tired girls, and to fast-growing boys, invalids and convalescents, the aged and infirm. It actually puts iron, a natural strengthener, into the blood, and restores the wasted red corpuscles. Your druggist knows its great merit.

Red Cross Aids Paris.
BERNE, Jan. 5.—(By Mail).—During the recent general strike here the American Red Cross distributed milk to the soldiers' families and to the poor and supplied hot coffee through the canteen service to the soldiers guarding streets and public buildings.

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

Why is man and woman, half the time, feeling nervous, despondent, worried, some days headachy, dull and unstrung; some days really incapacitated by illness?

If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms poisonous poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver kidneys and bowels the indigestible material, waste sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone, the cleansing, sweetening and freshening effect upon the system.
