

# TAKE A LITTLE TRIP

...TO...

# QUESTLAND

Questland is the chief Province in WANT-AD LAND.

Its population is transient.

The people are looking for things they want or need. When they find them they hurry back home—perhaps to make another trip the next day.

There's but one route to QUESTLAND—the want ad route. The cost is trifling. You can usually make a trip, transact your business and get back home in a day.

Sometimes your errand takes a little longer. But there are few people who ever make unprofitable excursions to QUESTLAND. It is the country of opportunity—of chances, of "luck." One meets people who are both offering and seeking things—alert people, illustrating and practicing the law of "GIVE AND TAKE."

An East Oregonian want ad serves as a round-trip ticket to questland!

## MOTHER DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

### IF CROSS, FEVERISH, SICK, ILL-TOOLS, CLEAN LITTLE LIVER AND BOWELS.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels when they become clogged up with waste. Liver gets sluggish, stomach sour. Look at the tongue. Mother! If coated or your child is listless, feverish, breathless, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation, poison, sour bile and fermenting waste will gently move out of the bowels and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs" which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottles. Look carefully and see that it is made by the "California Fig Syrup Company."

## \$200,000 WORTH OF LIVESTOCK ARE SAVED

More than \$200,000 worth of livestock was saved to the state of Idaho by government predatory animal hunters during the fiscal year ending June 30, 1918. This is the statement contained in a report just put out by L. J. Goldman of this city who has supervision of the work in that state. According to this report the average number of hunters employed during the year was about 29. The report was made for the information of Idaho sheepmen and is as follows:

Total cost of operating for the fiscal year . . . . .	\$31,675.67
Net returns from fur sales . . . . .	16,862.25
Actual cost of the work \$14,813.42	
Number and kinds of animals taken:	
Coyotes . . . . .	2,267
Wolves . . . . .	3
Mountain lion . . . . .	1
Bobcats . . . . .	344
Bear . . . . .	2
Total predatory animals . . . . .	2,592
Average cost per animal \$4.17.	

## Brides to be Assembled in "Honeymoon Town"

TORQUAY, England, Feb. 1.—This seacoast town, so well known to American visitors, and which has hitherto been known as "Queen of Watering Places," will have to be temporarily called "Honeymoon town." It is here that the authorities have decided New Zealand troops shall assemble with their British brides before returning overseas. The daily arrivals of New Zealanders and their wives is expected to reach a thousand.

The girls of Torquay are not viewing this invasion altogether favorably, though many have no reason to complain, as they have already selected husbands from the 13,000 New Zealand troops who have passed through the place during the war.

Agents Will Not Starve. SEATTLE, Wash., Feb. 4.—Touched by the appeals of inhabitants of the Aleutian Islands for a supply of food to tide them through the rest of the bleak Northern winter, Captain Louis Knutlich, president of the Kuskokwim Trading & Transportation Company, has decided to rush the little power schooner, Tender Brock, to the North with a cargo of provisions.

## KEEP URIC ACID OUT OF JOINTS

### TURNS RHEUMATISM SUFFERERS TO EAT LESS MEAT AND TAKE SALT.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly, keep the feet dry, avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad-Salt; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action thus ridding the blood of these impurities.

Jad-Salt is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithium and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithin-water drink which helps overcome uric acid and is beneficial to your kidneys as well.

## MEN IN 146TH WRITE OF LIFE IN GERMANY

Private Roy Reed of Battery D, 146th Field Artillery, is in Prussia, Germany, and says in a letter to his sister, Miss Thelma Bates of Adams that he hopes to be home soon. Extracts from the letter follow:

I am writing this in a German house with a young girl and her mother knitting six on the other side of the table. The people sure treat us good over here. They seem to be afraid of the Americans, but of course they have no reason to be. This woman has a brother in Calcutta, Washington, and another in a prison camp in France.

I think we will be on our way home soon and there will be lots to tell when I get back.

Another letter to Miss Hales is from Charles E. Owens, also with the 146th in Battery C. Extracts are as follows:

Things are pretty dull now as we have no Hochs shells to duck. We have orders to go to the Rhine Monday. Don't suppose we will get home for six months and then again we may be one of the first outfits home. This army life sure gets on a fellow's nerves.

I think most all the boys over here have had some kind of sickness. I don't know what it was but it may have been flu. When we were on the Marne our whole battalion was sick. A fellow just got a letter from his girl, half written to him and another letter with it saying she died of the flu a few days afterwards. He is walking the floor now and I sure feel sorry for him.

I got a big bunch of East Oregonians so you see I got most of the news from home.

We are now in a little town close to Verdun. We had to dig in and clean up quite a bit as these towns aren't fit for a dog to live in.

Peter McIntyre never got up to the big show. They were at Camp de Songe, close to Verdun.

O sure saw a bunch of dead Germans. Sure got enough of the war and we were all tickled to death when she quit.

## ARCHIE WARNER IS IN GERMANY

Private Archie Warner, who enlisted with Troop D and is now with Battery D, 146th Infantry, is in Germany with the army of occupation. Following are extracts from his letter to his wife, Mrs. Warner, of this city:

I must say that we didn't have a very good time at Christmas; I never celebrated at all. I received the Christmas package and the gloves are just the thing for this cold weather.

I am afraid there is little chance of getting a discharge as they may keep this outfit on this side for some time longer. I have been two months since we were paid and about everyone is broke. Those who have money intend to keep it, which really isn't natural for a soldier.

"Get paid to-morrow" is the watchword and everytime a bugle blows or a whistle blows someone yells "pay day." You would laugh to hear the boys say "Home to the States in two weeks" or "We'll be here until April." It is a gay life.

## EXTRAS PREDICT KAISER'S RETURN

LONDON, Feb. 1.—A Berlin dispatch in the Daily Mail under Friday's date says: "A sensational special edition is selling rapidly on the streets and here maintains that the ex-kaiser and his family intend to return to Germany as soon as the national assembly has given the country a legal constitution."

## PLAN AIR ROUTES IN BRAZIL

RIO JANEIRO, Feb. 4.—Representatives of a British commercial airplane are seeking a concession for an aerial route from Pernambuco to Rio Janeiro. It is intended to extend the system to Buenos Aires later.

Your ad. should serve you quickly when the cook leaves.

## NURSE, WOUNDED AT THE FRONT, WON'T HAVE MISSED EXPERIENCES FOR THE WORLD

On crutches but declaring that she would not have missed her experiences for the world, Miss Nettie Johnston, an army nurse, has just returned to this country aboard the hospital ship Comfort. She was wounded while administering to the boys at the front. She is shown here on the deck of the Comfort talking with a sailor just before landing.

## HOUSEHOLD

Local grocers are now offering a new type of gelatine dainty. The name is Jiffy-Jell. Each package contains a bottle of highly-condensed fruit-juice essence. Add boiling water to the Jiffy-Jell, then this fruit-juice essence, and you have a real fruit dessert.

The fruit essence is made from the fresh, ripe fruit, and right there the best fruit grows—just to flavor one dessert. Another little vital contains the condensed juice of 65 big loganberries. So Jiffy-Jell desserts taste just like fruit-made dainties. Yet a package to serve six people or more costs only 12 1-2 cents.

This low cost is due to the Jiffy-Jell method. They crush the fruit and condense it. Thus a little vital contains all the essence of considerable ripe fruit, saving transportation. You get the delights and the healthfulness of fruit, just as though you served fresh fruit. And it costs but a trifle—right in midwinter, when you need fruit most, and when fresh fruit is so high.

Jiffy-Jell itself is a high-grade gelatine powder, ready-sweetened, in proper color and acidulated. So you make the dessert in a jiffy by simply adding boiling water.

There are ten of these bottled flavors, and eight of them are fruits. One is mint flavor for making a mint jell. One is lime-fruit flavor for making tart, green salad jell. Grocers say that the favorite flavors for desserts are Loganberry and Pineapple.

It is said that Jiffy-Jell with these true-fruit flavors is one of greatest successes in the food line in some years. It has won millions of users already.

## Friends Entertain Ex-Kaiser With Big Birthday Dinner

AMERONGEN, Jan. 31.—A birthday dinner was given in Amerongen castle Monday night in honor of William Hohenzollern, the former German Emperor. It was attended by about 20, including members of the family of Count Godard von Bentinck, the former emperor's host, and Count Charles von Bentinck, of Zuylenstein, and his daughter. Among the other guests were the mayor of Amerongen, General von Estorf, Count Godard, the marshal of the former emperor's court, and Captain von Isemann, the former emperor's private secretary. In honor of his guests, Count von Bentinck wore the robes of a knight of the Order of Jerusalem, of which the former Emperor was head while German emperor.

The Rev. Mr. Berg, who formerly was a German army chaplain and who conducted services during the day in the castle chapel, also was present at the dinner.

The Rev. Mr. Berg, who formerly was a German army chaplain, and who conducted services during the day in the castle chapel. They had been held up by a heavy snow which delayed railroad traffic.

The former emperor and the former empress are enjoying comparatively good health and there is no indication of any intention on their part to leave Amerongen soon.

## ASK GRANDMA ABOUT VEGETABLE TEA FOR CONSTIPATION

Liver and bowel remedies come and go, but Dr. Carter's K. and B. Tea, which your grandmother knew all about, is now more popular than ever.

Many families have used this tea for years, brewing it at home, and find it the best and least expensive remedy they can get. Your pharmacist will sell you a small package, which will last a long time. It's a splendid drink for constipation, acts surely and gently, and for a sluggish liver, sick headache, yellow skin and dizziness, many thousands of women use it. Speedy and blissful relief is guaranteed to all who drink Dr. Carter's K. and B. Tea, and don't forget that it's simply fine for children.

## A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole. And Musterole won't blister like the old-fashioned mustard plaster. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain. Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuritis, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, eczema on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep a handy jar for instant use. 30c and 60c jars; hospital size \$2.50.

Infantry is probably due to start for America in the near future, according to a letter received yesterday by George F. Croner from his son, Charles Croner, who is a member of the band of that regiment and director made up of members of the band. The letter stated that they were to leave January 7 for Brest, France, the support from which most of the American troops are leaving and he was of the opinion that the regiment would leave for home soon afterward.

## OPEN NOSTRILS! END A COLD OR CATARRH

How to Get Relief When Head and Nose are Stuffed Up. "Come fifty! You've cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more sniffling or headaches; no straining for breath at night."

Get a small bottle of Ely's Cream Plasm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.
