## FROM THE PEOPLE

### WHY NOT AN APARTMENT HOUSE FOR PROFESSIONAL AND BUSINESS WOMEN?

If it is difficult for families to find homes in Pendleton, it is even more difficult for teachers and other professional and business women to find suitable accommodations here. Could not the proposed plan of the Commercial Association include a modern apartment house or club house for women with two, three and four room apartments with kitchenettes where a touch of independent home life could be maintained outside of working hours?

Some of us are fortunately located in some of the best homes in Pendleton but there are many of us who, each year, must inquire from place to place for a room in which to live. If the highest grade of efficiency is expected of the teachers of your children, they should all have comfortable living conditions with quiet for study and yet conveniently near to congenial companions during leisure hours.

## When the Baby Needs a Laxative---

None knows better than the ever-watchful mother—the natural doctor of the family in all the small ills—that when the baby is out of sorts it is usually due to indigestion or constipation.

It is always well, in any of its illnesses, to look for this cause. The diet may have to be changed, but before good can result from it, the bowels must be moved.

The mother has the choice of many medicines—cathartics, purgatives, bitter-waters, pills, physics, etc. But the little body doesn't need such harsh remedies for they wrench the system and do only temporary good, so often followed by an unpleasant reaction.

A better plan is to employ a mild, gentle laxative of which only a little is required. There is a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin that thousands of mothers have used successfully for baby's constipation and its accompanying ills, such as belching, wind colic, restlessness, sleeplessness, etc.

The nursing mother will also find it ideal for herself, and it is especially important that she be free from constipation.

Syrup Pepsin is guaranteed to do as promised or the druggist will refund the money. Thousands of cautious families have it in the house, secure against the little ills.

PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the war, by sacrificing profits and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 25 years. Two sizes—50c and \$1.00.

If you have never used Dr. Caldwell's Syrup Pepsin send for a free trial bottle to Dr. W. B. Caldwell, 416 Washington St., Monticello, Ill. If there are babies at home, ask for a copy of Dr. Caldwell's book, "The Care of Baby."

## ENEMY MAY USE SPARTACANS TO GAIN LENIENCY

### GOVERNMENT COULD RESIGN IN PROTEST

Peace Terms Too Hard, Country Would be Turned Over to Reds.

BY FRANK J. TAYLOR,  
(United Press Staff Correspondent.)

WEIMAR, Feb. 11.—Germany may attempt to use the Spartacans as a weapon to force the allies into making the terms of peace settlement less severe. Government officials openly declare they will refuse to sign the treaty if the "provisions are unreasonable." They intimated that the government would resign, turning the country over to the radical elements which they believe would immediately create chaotic conditions.

Germany thus will not only be unable to pay any indemnities but, in the belief of government officials, would menace the rest of Europe with the threat of the Spartacan movements spreading. This condition, some Germans argue, would be no worse than the "commercial slavery" they foresee from the peace "settlement."

**Becoming Defiant.**  
The mental attitude of the military class in Germany has developed during the last two months from one of absolute depression to defiance and general condemnation of the entente.

A change has been wrought. It is said by lack of sympathy in entente countries for the present economic, social and political conditions in Germany. The Germans who still retain the old militaristic ideas are confident that in case the government should turn the country over to the Spartacans the allies would not attempt to occupy the remainder of Germany for some time.

As one pan-German is reported to have said: "The world is sick of war."
