A financial institution having each of its departments in charge of some one who can, and does give the work in that particular department his entire time and attention, and thus becomes expert, necessarily is a place of business where highly specialized services are rendered.

The American National Bank is a departmental institution having each of its departments in charge of a teller or manager who devotes his entire time to the particular work coming under his care, thus making this the safest bank to transact your banking business with.

BOSCH Magneto Ignition

WITH IMPULSE STARTER

Built like a locomotive for strength, like a watch for painstaking attention to detail, Bosch has the ruggedness to stand up in a pinch. Its tip-roaring sparks drive so powerfully into the mixture that every drop of fuel yields every ounce of its power.

The new Bosch Impulse Starter starts any engine easily, and certainly without the nuisance of batteries or hard cranking.

An Attack of Influenza Often Leaves Kidneys in Weakened Condition

Doctors in all parts of the country have been kept busy with the epidemic of influenza which has visited so many homes.

The symptoms of this disease are very distressing and leave the system in a run down condition. Almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to dangerous kidney troubles.

Druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root, being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample size bottle of Swamp-Root, on receipt of ten cents, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular, medium and large size bottles, for sale at all druggists. Be sure to mention this paper.

Rebuilding Hudson Bay Rural Phone System (East Oregonian Special.)

UMAPINE, Feb. 26.—The Hudson Bay Telephone Company held a meeting Saturday evening. Secretary J. P. Caldwell made a report of the reconstruction work that has been done during the past two weeks. The line from Freewater to Umapine now is permanent and substantial. Two line men will begin stretching the wires from Freewater to Umapine and when this is done it is thought little trouble will be experienced in the future.

Applications were made by R. E. Records, R. H. Ash, and W. S. Edwards for a line. A board of directors was elected, consisting of R. E. Bean, James Wisenor, Lane Hoon and J. P. Caldwell. Mr. Caldwell being elected secretary-treasurer. It was decided to establish a toll system for non-members and a rate of ten cents will be charged for all local service.

Later lines will be thoroughly overhauled a little later and when this is accomplished one of the best rural lines in the country will be in operation between Freewater and the Hudson Bay country.

Friday afternoon the parents and patrons of the Vincent high school at Umapine were delightfully entertained with a program given by the literary society. A debate, "Resolved, That the war now ending has resulted in more good than ill to the people of the United States," was won by the affirmative side with Sebl McKnight, Joe Records and Viola Le Roux on the affirmative and with Lillie Jordan, Della Records and Klith McDaniels taking the negative.

A feature of the program was the dedication of service stars by Miss Elizabeth Severance, principal of the school. Umapine school is justly proud of the 23 service stars on the school flag and also of the fact that although half of the boys have seen active service in France, not one gold star adorns the flag.

Friday night the Hudson Bay Grange met and were visited by State Lecturer, Mrs. Minnie Bond of Ephraim, Ore. The Misses Phillip sang a diet, as well as Mesdames Kirk and Bean. Fay Givens gave a Whitecane Riley poem, while Mildred Martin recited. Short talks on other subjects were listened to with interest. While at the close Mrs. Bond talked about "Grange Purposes" to the 48 or 50 strangers present. Eats were served at the close of the evening.
