.....
 * If the apple blossoms knew it,
 * They'd come bursting into light;
 * If the violets could see through
 * It
 * They would break the soil to-
 * night—
 * If the roses down the valley
 * Could be sure it is the spring,
 * And the birds amid the hawthorns
 * Of the quiet dreams should sing,
 * Oh, we'd murmur even then,
 * dear,
 * That the spring would be too
 * long,
 * That like needed more of winter
 * Just as life sometimes needs
 * wrong
 * To put in the heart and spirit
 * Nobler purposes, faith and love
 * To keep on in earnest combat
 * For the things that lead above,
 * Too much summer only sarfets,
 * Too much sweetness merely
 * cloying
 * In the balance of life's beau-
 * ties
 * Dwells the richness of our joys.

BRIGANDAGE

IN their mad efforts to har-
 rass the president and
 show their hatred of the
 league of nations certain Re-
 publican senators, given license
 by the Republican senate organ-
 ization, used brigand tactics
 yesterday. They defeated the
 army and navy appropriations,
 the railroad appropriation and
 much other legislation of conse-
 quence. It is a line of action
 the country will generally con-
 demn as about the limit of
 ruthlessness.

In refusing to give in to the
 threats of the obstructionists
 President Wilson took the only
 course possible. Under the
 constitution and his oath of of-
 fice the president is solely re-
 sponsible for calling a special
 session of congress. The repu-
 blican senators sought to coerce
 him into giving up a power
 vested in him by the supreme
 authority of the nation. Being
 unable to bulldoze him they
 have penalized the army and
 navy and other branches of the
 government in a spirit of re-

MORSE'S GARDEN GUIDE
for 1919
 There's one for your home. Just send
 us your name and, without any obli-
 gation on your part, we will mail you this
 instructive publication.
 Every man, woman or child interested
 in gardening should have this practical
 book of 100 pages—profusely illustrated.
 Complete lists of Morse Grand Prize
 Vegetable and Flower Seeds.
 Morse's Garden Guide will be ex-
 tremely helpful in the raising of flowers,
 trees, plants and vegetables. It is the
 most complete and comprehensive man-
 ual of Pacific Coast gardening ever pub-
 lished. Don't delay—send for your
 copy today!

 at drug stores, book stores, hardware stores, etc.

much damage. But somehow the bad
 men and the bad hicker always get to-
 gether and spoil any little reputation
 alcohol ever did have.—Washington
 Star.

Teachings of Experience.
 Here is another story from Mr. J. C.
 Percy's "Bulls and Blunders." A
 cranky, impecunious doctor was trav-
 eling third class when a laborer got
 into the compartment at a wayside
 station and immediately lighted his
 pipe. The tobacco was strong and the
 smoke got into the medical gen-
 tleman's eyes, nose and throat. At
 length, he could stand it no longer,
 so touching the "son of the soil" on
 the shoulder, he quietly remarked:
 "You will pardon me, but I am a
 medical man, and my 20 years' ex-
 perience has taught me that all the
 bad cases of cancer of the tongue
 come from smoking bad tobacco."
 "Well," said the laborer, removing
 his pipe, and looking straight into
 the eyes of the newly-made acquaint-
 ance has taught misbegotten ocellite, ak
 ance, "my 40 years' experience has
 taught me that all the bad cases of
 black eyes and bloody noses come from
 interfering with other people's busi-
 ness."—London Tatler.

CHILD TAKES POISON PILLS, DIES IN AGONY
 DENVER, March 5.—Amelia E.
 Burns, 4 years old, felt candy hungry
 Tuesday. She was at her home, 2159
 Acoma street. Her mother was down
 town shopping.
 Climbing up on the dining room
 table she saw sixteen little white ob-
 jects in a glass dish. They looked like
 candy, they tasted like candy, so she
 ate them all.
 Within ten minutes Amelia was dying
 of convulsions.
 Instead of eating candy, she had
 swallowed sugar-coated strychnine
 pills.

THE ROAD VICTORY
THE absolutely overwhelm-
 ing vote in favor of the
 road bonds makes the
 most gratifying news Umatilla
 county has had in years. It
 means our people are awake to
 the situation and are ready to
 move intelligently to serve the
 best interests of the county.
 By their vote the people have
 given the county court and the
 state highway commission the
 fullest possible powers for the
 carrying out of the road pro-
 gram. It should mean good
 roads with a capital G. On
 the question of state aid there
 can be no objections on the
 score that Umatilla county is
 not ready to do its full share.

By a trick of fate the politi-
 cians who insisted on passing
 the lieutenant government am-
 endment now fall into the pit
 which they dug for Ben Olcott.
 If the amendment should be
 voted by the people in June the
 appointment of a lieutenant
 governor will rest with Govern-
 or Olcott. Such is life.

The Portland Journal is tak-
 ing a vote on the league of na-
 tions plan and the results are
 more pronounced than was the
 road bond election in Umatilla
 county which is saying some-
 thing.

THE FUNNYBONE

Always Hopeful.
 "The judge gimme six months. You
 said you'd get me acquitted."
 "I know I did," admitted the law-
 yer. "And since I fell down on that
 promise, I'll agree to get you par-
 doned."
 "How long will that take?"
 "About six months."—Philadelphia
 Bulletin.

Linguistic Troubles.
 Neysa Moran McMein, the young
 and charming New York artist, is en-
 tertaining the troops in France and
 she tells a story to illustrate the dif-
 ficulties of the French language.
 "Everything is so differently pro-
 nounced," so her story begins. "It's
 the pronunciation that stumps the
 doughboy."
 "A doughboy usher at a Red Cross
 concert had difficulty with a French
 colonel in showing him his seat."
 "The colonel's ticket," said the
 doughboy, "called for row E, but he
 said he wanted row A. I showed him
 row A to satisfy him, and he shook
 his head and said that was row H."
 "We ain't got no row H, colonel," I
 says.
 "Your seat is row E."
 "But he pointed to row L, sayin'
 that was row E, and then walked into
 row E like a lamb with the idea that
 he was in row A."
 "You'd think," ended the dough-
 boy—"you'd think a colonel ought to
 know the alphabet, wouldn't you?"
 —Detroit Free Press.

Combustions.
 "What are your views on the sub-
 ject of prohibition?"
 "Well," replied Uncle Ben Bottle-
 top, "if you could regulate rum so as
 to limit the combination to good men
 and good hicker there mightn't be so

SUNSET DIVISION CEASES TO EXIST
 CAMP DIX, N. J., March 5.—The
 41st or Sunset Division passed into
 history last week when its life as an
 organization ended with the demobil-
 ization of its headquarters here where
 the division is reported in sections as
 it returns from overseas. Major Gen.
 Traub, its commander, was not in
 camp, being in Washington.
 With the demobilization of the
 headquarters, following the transfer
 of the enlisted men to the 152d De-
 pot Brigade and of the organization
 officers to the casual officers' de-
 tachment, all plans for the series of
 parades which have been arranged
 for New York and other cities were
 abandoned.

According to Washington dispatches,
 the war department gave permis-
 sion for the New York parade, but no
 information of this had reached
 headquarters this afternoon. With
 the regiments broken up and some of
 the men already on their way to oth-
 er camps for discharge, the last hope
 for the parades took wings.

DRUGGISTS! VICK'S VAPORUB SHORTAGE OVERCOME AT LAST

The Deal Scheduled for Last November, Which Was Postponed on Account of the Influenza Epidemic, is Now Re-instated — Good During the Month of March.

OVER ONE MILLION JARS OF VAPORUB PRODUCED EACH Week.

It is with pride that we announce to the drug trade that the shortage of Vick's Vaporub, which has lasted since last October, is now overcome. Since January 1st, we have been running our laboratory twenty-three and a half hours of every twenty-four. Last week we shipped the last of our back orders, and retail druggists, therefore, are no longer requested to order in small quantities only.

NOVEMBER DEAL RE-INSTATED.
 This deal, which we had expected to put on last November and which had to be postponed on account of the shortage of Vaporub, is re-instated for the month of March. This allows a discount of 10 per cent on shipments from Jobbers' stock of quantities of from 1 to 4 gross. 5 per cent of this discount is allowed by the Jobber and 5 per cent by us.

We advise the retail druggists to place their orders immediately, so that the Jobbers will be able to get prompt shipments to them.

THANKS OF THE PUBLIC DUE THE DRUG TRADE DURING THE INFLUENZA EPIDEMIC.
 The thanks of the American public are certainly due the entire drug trade—retail, wholesale and manufacturing—for what they accomplished during the recent influenza epidemic. The war caused a shortage of physicians—nurses were almost impossible to obtain—the demand on the drug trade was unexpected and overwhelm-

VICK'S VAPORUB

ing, and to this demand they responded nobly. Retail druggists kept open day and night and slept where they dropped behind the prescription counter. Wholesale druggists called their salesmen off the road to help fill orders—hundreds wired us to ship Vick's Vaporub by the quickest route, regardless of expense.

A TREMENDOUS JOB TO INCREASE OUR PRODUCTION.
 In this emergency we have tried to do our part. We scoured the country for raw materials—our Traffic Manager spent his days riding freight cars in—we shipped raw materials in car-load lots by express and pleaded with manufacturers to increase their deliveries to us.

But it was a slow process. Some of our raw materials are produced only in Japan—supplies in this country were low and shipments required three months to come from the Far East. Then we had to recruit and train skilled labor. We brought our salesmen into the factory and trained them as foremen. We invented new machinery, and managed to install it on Christmas Day, so as not to interfere with our daily production.

143 JARS OF VAPORUB EVERY MINUTE DAY AND NIGHT.
 By January 1st we had everything ready to put on our night shift, and since then our laboratory has been running day and night. To feed our automatic machines, which drop out one hundred and forty-three jars of Vaporub a minute or one million and eighty thousand weekly, has required a force of 500 people. Our Canteen Department, created for the benefit of these workers, served 7600 meals during the month of January alone.

15 MILLION JARS OF VAPORUB DISTRIBUTED SINCE OCTOBER.
 An idea of the work we have accomplished this Fall may be given by our production figures—13,028,876 jars of Vaporub manufactured and distributed since last October—one jar for every two families in the entire United States.

During the influenza epidemic, Vick's Vaporub was used as an external application in connection with the physician's treatment, and thousands of people, unable to obtain a doctor, relied on Vick's almost exclusively. Literally millions of families all over the country, from California to Maine, and from the Great Lakes to the Gulf, have found Vick's Vaporub the ideal home remedy for croup and cold troubles.

Princess Patricia's Wedding Interests Crowds on Streets
 LONDON, March 4.—Princess Patricia of Connaught and Commander Alexander R. M. Ramsay, R. N., were married at Westminster abbey at noon Thursday. Crowds assembled along the route over which the princess drove with her father, the Duke of Connaught, from St. James palace to Westminster Abbey.
 The ceremony was performed by the Archbishop of Canterbury, assisted by the Dean of Westminster and other noted ecclesiastics. In the presence of King George and Queen Mary, members of the royal family, distinguished officials of the British and foreign governments and friends and visitors from abroad. Ambassador and Mrs. John W. Davis were present.

HANDWRITING OF THE GREAT IS ILLEGIBLE
 LONDON, Feb. 12. (By mail.)
 The victors' looks at the Hotel Majestic and the Hotel Astoria in Paris should be worth their weight in gold to the autograph fiend.
 Celebrities from all over the world have signed their names in one or the other, and the books stand as lasting proof of the illegibility of the handwriting of great men.

Whitman's CANDIES

Just received a large supply. You can't buy better candies, better assortment, anywhere in the world than right here.

We have tried to carry this policy of selecting the best through out our business.

Come in and judge for yourself how well we have succeeded.

Sensible Treatment For Rheumatism

Drives Out the Millions of Tiny Pain Demons That Cause the Disease.

There are many ways of treating Rheumatism, but there is only one right way.

If you are beginning to feel the first slight touches of Rheumatism, there is untold pain and suffering ahead of you, if you follow blindly in the same misdirected foot-steps of unskillful treatment. For remember that thousands of victims of this painful disease have spent countless hours, no doubt, as well as their hard-earned dollars in a vain effort to find a cure. And your own experience will be just as disappointing as theirs, if you follow the old, worn-out and worthless methods of treatment.

When you realize that you must get rid of the cause of Rheumatism, and that its torturing pains will disappear when their cause is removed, then you will be on the right track, and there is a splendid chance for you to rid yourself of the disease.

The most common form of Rheumatism is caused by millions of tiny disease germs which infect the blood.

The one and only sensible treatment, therefore, is one which cleanses the blood of these germs, and routs them entirely out of the circulation. And everyone knows that this cannot be done by rubbing the surface with liniments.

This is why S. S. S., the greatest known blood purifier, is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, it promptly routs all disease germs. S. S. S. has been used for more than half a century, and it will prove beneficial in any case of Rheumatism.

If you are a victim of this disease, why waste further time with the wrong kind of treatment? Go to your drug-gist to-day and get a bottle of S. S. S., and begin a course of treatment that will delight you with its results. S. S. S. will remove the disease germs that cause your Rheumatism, affording relief that is genuine.

We maintain a medical department in charge of a specialist on Rheumatism, and after beginning treatment with S. S. S. you are invited to write for free medical advice about your own case. Address Chief Medical Adviser, 104 Swift Laboratory, Atlanta, Ga.—(Adv.)
