CONTEMPLATIONS OF A PRIVATE
 * Rolled in my O. D. blankets
 * Safe from the bugle's blast,
 * With my lucky star how I thank it,
 * High in the heavens at last,
 * I rest in the old-time fashion,
 * I rest in the old-time way,
 * For resting still is my passion,
 * As it was in a former day.
 * "Taps" is consigned to quiet,
 * Its echoes are dead and gone,
 * It sleeps with the dirge of diet,
 * And the herald of the dawn,
 * The sergeant's face has vanished,
 * And every voice is still,
 * "Fatigue" and guard are banished,
 * Teachless I rest at will.
 * General, prince or colonel,
 * A buck or a Bonaparte,
 * Crowned with his laurels vernal
 * Sleeping are one at heart—
 * So out with the candle's sputter
 * From the depths of my bunk
 * I mutter
 * Pipe down and let me sleep.
 * —Thos. Kopper.

A TIME OF PROGRESS

PENDLETON faces bright prospects for the coming year and the situation should inspire the Commercial Club to its best efforts. New families are coming to the city regularly. They come because the city is able to give them what they want. Many traveling men have headquarters here because of the city's superb geographical location. Farmers move to town, from far and near, because of the school facilities and good home conditions to be obtained. It is logical for these men to do just what they are doing and it is reasonable to expect the tendency to continue, if we ourselves do not stifle it. But Pendleton must do its part. There must be vigorous work in the direction of home building and apartment accommodations must be made available. Otherwise the dissatisfaction that now exists over lack of houses will increase. There are other steps that can and should be taken. It is needless to say that every step towards the strengthening of our schools is a direct business asset to the community. There must be an abundance of water. We need clean government. We need a better street lighting system in the business section. The street lighting in the residence district is admirable. We should promote the wide awake and democratic sociable spirit which is one of Pendleton's good attractions. Aloofness and snobbishness do not appeal to newcomers in the city. Give them the glad hand and help people get acquainted, men, women and children. The growth of Pendleton during the last five years has been due to the auto more than

to any other single cause. Our good roads work is going to give new meaning to this influence for progress. Pendleton should double in population during the next five or ten years.

A TRADE RECORD

THAT business has not all gone to pot seems to be pretty well attested by the fact that exports from the United States in the month of January set up a new high record for any month in the history of the country. The figure is given at \$623,000,000, which compares with \$613,000,000 in January two years ago, which was the best previous month on record. January's exports, therefore, were about three times as large as the normal January before the war. Incidentally imports, although not at record figures, were far and away above any pre-war figures. Perhaps the most significant feature of the trade report is that the balance of exports was \$410,000,000, or not far from the average for a full year before the war. And in the face of these figures the leading men in the foreign trade field say that the foreign business is only in its infancy, and that when the world settles down to a peace basis, the demand for our goods will stimulate our domestic business to its utmost limits.

We can get along very nicely without any telephone strike; get the matter settled, Mr. Postmaster General.

What this county wants now is \$1,050,000 worth of roads plus an equal amount of work from the state.

Time to begin planning that garden you will neglect later on.

HEALTH SUNDAY BEGINS CAMPAIGN TO MAKE PEOPLE LIVE LONGER

As a preliminary call to all the people to begin an organized national health campaign, Surgeon General Blue of the United States public health service has sent out an appeal to 115,000 ministers throughout the country to devote Sunday, February 23, to a discussion of how the fight against disease, and particularly those venereal diseases which so terribly menace our national vitality, shall be carried on. Miss Doyle is supervising nurse of the venereal disease division of the U. S. Public Health Service.

LEADERS FACE PEACE PROBLEMS

PARIS, Feb. 1.—(By Mail.)—One of the nice little mathematical problems the peace conference has to solve is how to make a maritime power out of a land-locked one. The states now facing this problem are Poland, Hungary, Rumania, Bulgaria and the new Turkish empire of Asiatic Turkey, the two latter being deprived of access to the sea only in case the peace conference accepts the Greek solution of the near-east problem. Poland is fighting hard for some sort of settlement that will enable her to have a Baltic sea outlet at Danzig, Prussian territory, but Prussian territory no longer is con-

Is Your Blood Poor? If it is, You Need Vinol

Anaemic, run-down, nervous, devitalized conditions result from poor or thin blood. A glance at the formula of Vinol, printed on the label, will show that it contains the very ingredients necessary to make good blood. It soon creates a healthy appetite, improves digestion, and helps you to get full benefit from your daily food, and builds you up.

Drewsville, N.H. "My daughter was anaemic, had poor blood and suffered from indigestion and bilious attacks. As Vinol helped my son, I gave it to my daughter—the soon improved in health, and it has built her up and restored her health."—Mrs. N. Burnell.

Bradford, Pa. "I have used Vinol for improved blood. I was broken out with a rash and run down so it was hard for me to keep about my work. Other medicines did no good, but Vinol enriched my blood and improved my condition very rapidly."—Rose Lasky.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

considered much of an obstacle. The Hungarian state that presumably will result from the dismemberment of Austria-Hungary, as well as Czecho-Slovakia, appear to be thoroughly shut off from the sea. Greece wants to cut Asiatic Turkey and Bulgaria off from salt water, and make Constantinople either Greek or international.

LEADS W. C. T. U. FIGHT AGAINST STYLES

Mrs. Neff is the author of the Modest Dress Resolution and leader in the W. C. T. U. to follow their prohibition victory with a campaign for social purity. The W. C. T. U. intends to use its influence to demand simpler and more modest clothing for women and to discourage the unseasonable wearing of summer furs, winter pumps, narrow skirts and open necks as well as constant changes of fashion.

THE FUNNYBONE

By Degrees
 Dr. Ivan Lee Holt, pastor of St. John's Methodist Episcopal Church South, tells of a doctor who was graduated from college and who came to St. Louis to live. A year in the city left him a failure, so he moved to Kansas City. Success seemed just as elusive on the other side of the State, and in desperation he went to St. Joseph. The one of whom he heard living in Springfield, where everyone he knew kept remarkably healthy, so he tried Carthage. At 45, in miserable health, he hung on his shins in Sedalia, but to no avail. The patients never came. There he died, going straight to hell, but Dr. Holt says the charge was so gradual the he never noticed it.

Johnny Knew.
 Last summer little Johnny paid his first visit to a farm. All his life he had lived in the heart of a great city and when he suddenly came in sight of a haystack he stopped and gazed earnestly at what appeared to him as a new brand of architecture. "Say, Mr. Smith," he remarked to the farmer, pointing to the haystack, "why don't they have doors and windows in it?" "Doors and windows?" smiled the farmer. "That ain't a house, Johnny, that's hay."

YOUR FRECKLES

Need Attention in March or Face May Stay Covered.
 Now is the time to take special care of the complexion if you wish to look well the rest of the year. The march winds have a strong tendency to bring out freckles that may stay all summer unless removed. Now is the time to use Othine—double strength. This preparation for the removal of freckles is usually so successful that it is sold by druggists under guarantee to refund the money if it fails. Get an ounce of Othine—double strength, and even a few applications should show a wonderful improvement, some of the smaller freckles even vanish entirely.

TO THE PUBLIC

As some of the milk distributors of Pendleton have formed a combine and advanced the price of milk beyond my former prices, I have decided to revise my prices to conform with their prices as advertised.

Loss of Appetite is also loss of vitality, vigor, tone. To recover appetite and the rest take Hood's Sarsaparilla,—that strengthens the stomach perfects digestion, makes eating a pleasure. It also makes the blood rich and pure, and steadies the nerves.

WITH FINGERS! CORNS LIFT OUT

Freezone is magic! Corns and calluses lift right off—Doesn't hurt a bit

A few cents buys a tin ybottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon a tender, aching corn or a callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it out, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So simple. Why wait! No humbug!

ACID IN STOMACH SOURS THE FOOD

SAYS EXCESS HYDROCHLORIC ACID IS CAUSE OF INDIGESTION.
 A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, waterbrash or nausea. He tells us to lay aside all digestive aids and instead, get from any pharmacy, four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices. Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.

THIS MOTHER AND DAUGHTER

Both Made Well by Lydia E. Pinkham's Vegetable Compound.

Steel, Ala.—"During the Change of Life I had hot flashes, was nervous, run down, and had sick headaches for two or three days at a time. I took Lydia E. Pinkham's Vegetable Compound and I am much stronger and better in every way than I was. My daughter's health broke down last June from teaching school without a rest, and she has taken Lydia E. Pinkham's Vegetable Compound and the Blood Medicine with good results. She is much better and teaching now and I give your medicine the praise. You are welcome to use this letter for the benefit of other suffering women."—Mrs. F. A. GAINES, R. F. No. 1, Steel, Ala.
 Women who suffer as Mrs. Gaines did should not hesitate to give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial, as the evidence that it constantly brings published proves beyond question that this grand old remedy has relieved much suffering among women.
