

# SOCIAL AND PERSONALS

The Missionary Society of the Baptist church held a very pleasant social session in the church parlors on Thursday afternoon, which was enjoyed by a number of new ladies of the church and congregation, who were honor guests of the occasion. A short business session preceded the social hour, during which Mrs. W. H. Cox gave a very interesting talk on Missions, dealing with the subject in a general way. Rev. Cox then stated some of the things he hoped the society might accomplish during the coming year.

\* **INCOME TAX IS TRULY POPULAR.** \*  
\* "The payment of Income taxes takes on a new significance which should be understood by every citizen. The taxation system of this country is truly popular, of the people, by the people and for the people. Every citizen is liable to tax, and the amount of the tax is graduated according to the success and fortune attained by each individual in availing himself of the opportunities created and preserved by our free institutions. The method and degree of the tax is determined by no favored class, but by the representatives of the people. The proceeds of the tax should be regarded as a national investment."—Daniel C.
