OWNERSHIP OF YOUR OWN HOME IS ASSURANCE OF GOOD CITIZENSHIP

While it is probable that conditions will be unsettled for some time in the country at large, it is true that there will be prosperity in spots, and one factor to make Pendleton one of these spots will come from the building industries and trades. This is the drift of conservative opinion in the country, and is a movement that is advocated nation-wide by the federal government.

The "own your own home" movement means building of good citizenship in the community. It means the stability of the town and tends for the uplift in social relations. A fireside that is one's own is an anchor to the family tie, which above all, stimulates to harmony in the home. A homeless people are more prone to unrest and disorder. Pendleton has already entered upon a constructive program in this direction, and as the "own your own home" movement grows so will the general improvement of the citizenship become an accomplished fact.

The vision of cheerful and wholesome surrounding seems to inspire the human mind to nobler thought and purpose. The bright and happy home is one of the greatest aids in rearing strong and virtuous and ambitious boys and girls; and our children are the hope of the race. Domestic infidelity and juvenile delinquency are not confined to the tenant class, but they are not so frequent in the permanent homes. In the social order the home is a great conservative force.

C. P. Miller Gets Contract.
The plumbing work in the new Alfred J. Smith home to be built on Riverside Drive has been secured by C. P. Miller. This is one of the new modern homes to be built in Pendleton this season. Mr. Miller is now putting the finishing touches on the plumbing at the Milt Whitmore home on West Webb street.

Plumbing Contract Goes to Phelps.
J. L. Hor has awarded the plumbing contract to D. D. Phelps for the new home he is building on South Main street.

Week's Building Permits.
