**Want Referendum of Dry resolution.**  
SALMON, Or., March 19.—The first step toward endeavoring to apply the referendum to the joint resolution of the recent legislature, which ratified the national prohibition amendment, was taken when Dan J. Malarkey of Portland, filed in the office of the secretary of state the form of petition for approval and for the preparation of a ballot title.

Mr. Malarkey filed the form of petition for Karl Herbring, 612 East Ash street. It is understood the question will be raised before Attorney General Brown as to whether or not a joint resolution of the legislature assembly is subject to the referendum and also generally whether a resolution providing for the ratification of an amendment to the federal constitution is subject to the referendum powers.

## ANNOUNCEMENT

I wish to announce to my patients and friends that I am installing in my office an interrupterless dental X-Ray machine. I have been studying X-Ray work for over two years, under Dr. F. Drew Leach of the Northwestern University, in Chicago. Last summer I visited a number of specialists in Seattle, Tacoma and Portland in order that I might get the best machine obtainable and eliminate all guess work. This machine is acknowledged to be the highest type of machine made. The teeth are very often the cause of headaches, stomach trouble, eye trouble, heart trouble, nervousness, rheumatism and a number of other ailments. A good X-Ray picture made by a high class X-Ray machine is the only possible way of locating the trouble in a number of cases. This is my reason for installing the very finest X-Ray equipment obtainable, and with the study I have made of the subject you will be assured of the very best results. My office will be closed until Saturday, March 22nd, as I will be in Portland to study under Dr. E. C. Jerman of Chicago.

## Your Catarrh May Lead To Consumption

**Dangerous to Experiment With Treatment That Gives Only Temporary Relief.**

You see everywhere people with stopped-up passages, who seem to breathe only with the greatest difficulty. There is a constant hacking and spitting in an effort to clear the throat and nostrils, and what appears at first to be only a slight cold holds on with stubbornness until a fully developed case of Catarrh has the victim firmly within its grasp.

There is not the slightest doubt that all this suffering is caused by a tiny disease germ that gets into the blood and multiplies by the million. The catarrh germ attacks the delicate mucous membranes of the nose, throat and air passages.

These become choked up with the accumulations, seriously interfering with the breathing apparatus, and causing untold suffering. There is usually a cough, irritated throat, soreness of the membranes and constant discomfort.

If you have ever been afflicted with Catarrh, you know something of the suffering and inconvenience the disease causes. You know, too, that it cannot be cured by the application of sprays, lotions, ointments, jellies, or other local treatment. Even if such treatment does succeed in opening the

stopped-up passages for a while, they soon become clogged again, and there is no progress made toward a cure of the disease.

In addition to the suffering and inconvenience caused by Catarrh, there is always danger that the disease will gradually go lower into the throat and attack the bronchial passages, and eventually involve the lungs. Many a case of consumption has developed from a severe attack of Catarrh.

The most satisfactory treatment for Catarrh is S. S. S., the unrivaled blood purifier, which so promptly routes and eliminates from the blood the cause of Catarrh. In this way, it gets rid of the cause of the disease by going direct to its source, cleansing the blood thoroughly, and building up and renewing the entire system.

S. S. S. has been on the market for more than fifty years, and has been thoroughly tested by thousands of cases of Catarrh. If you want to be rid of the disease, throw away your makeshift remedies, and begin on S. S. S. today. You will be delighted with the results, as others have been. S. S. S. is sold by drug stores everywhere.

When you begin taking this remedy, you are invited to write for free medical advice and instruction about your own individual case. Address Chief Medical Adviser, 106 Swift Laboratory, Atlanta, Ga.—(43c.)

**HAVE COLOR IN CHEEKS**

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—slaty, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.
