BEANS AGAIN CHEAP FOOD FOR AMERICANS

WASHINGTON, March 20.—(L. N. S.)—Beans—plenty of them at prices lower than last year—are ready to replace higher priced food in America's meals. Reports on bean prices from the bureau of markets today show that beans have dropped 3 to 7 cents a pound at wholesale since March last year.

Buy only in small lots as beans will be lower in price.

A Desirable Co-Executor and Co-Trustee

When, for reasons of sentiment or of expediency a testator names his wife or relative, business associate or friend, as executor of his will and trustee of his estate, and still wishes to relieve them of the full burden of the office, this bank may be named as co-executor and co-trustee. It will then perform all or any of the duties involved with the co-operation of others named in the will. The burdens of trusteeship are often too heavy to be imposed upon a woman or upon anyone inexperienced in financial affairs.

FRANKLIN SEDAN THE ALL YEAR CAR

Because of its four full elliptic springs, its wood frame, large cord tires and other shock absorbing qualities, the "FRANKLIN" chassis, it so protects the body that these enclosed jobs are just as practical and just as serviceable for touring and country driving as the more familiar open bodies. You will make just as good time over the roughest mountain roads with a Franklin Sedan as you would make with an open car, and the added comfort-protection from cold or stormy weather and protection from the heat and dust of summer is enough to give you a new idea of automobile touring.

Ward, a corporal of the United States Marines, is at the home of his mother, Mrs. Roy Ward, at Umapine, having just returned from overseas.

Floyd was invalided home after having been gassed at Chateau Thierry some time last summer. He is a Umapine high school boy and is the first from here to return from overseas service and his many friends are welcoming him home once more. Besides being in active service in the front ranks at Chateau Thierry, Corporal Ward saw fighting at St. Mihiel and the Argonne. He relates many interesting tales of bravery by our boys in the ranks. After being gassed, he was so severely burned he was unfit for more active service. His brother, Clifford, was gassed at the same time but not so badly and is with the army of occupation in Germany now.

Floyd is home on thirty days' furlough. Glen Montgomery is still in France, according to word received by his mother and has been in the hospital with pneumonia, following
