WOMEN ARE MORE SUPERSTITIOUS THAN MEN, STATISTICS SAY

UNIVERSITY OF OREGON, Eugene, March 24.—The common supposition that women are more superstitious than men is justified according to figures compiled by Dr. Edmund S. Conklin, head of the department of psychology in the University of Oregon, in his article "Superstitious Beliefs and Practices Among College Students," which appeared in the January number of The American Journal of Psychology. "But it certainly does not warrant the attitude of immune superiority often assumed by the male," writes Dr. Conklin.

Of the 457 University of Oregon students who can immediately recall that they believe or have believed in superstitions or that their conduct is influenced by them, 242 are women and 195 are men.

Men Outgrow Superstition. The article is a report of a study based upon the returns of a questionnaire presented each year for four years (1913-1917) to the students beginning psychology and the figures show that men apparently outgrow superstitions more easily than women.

Superstitions of women are concerned chiefly with domestic social affairs and the intimately personal, the article states, while those of the men are concerned with sports and the business activity of life.

A greater number of women than men believe in, or practice at present, the following superstitions: Knocking on wood, four-leaf clover for luck, fortune telling (cards, tea-leaves, palm), sleeping on wedding cake, dream prophetic. While men exceed in the practice of superstition about the usefulness attached to the number 13, walking under a ladder, belief in premonitions, luck sure to follow finding of a horseshoe, fear of a cemetery after dark, flipping a coin for decision, and many other eccentricities.

The rashness of a day in June does not worry the average man half as much as the rashness of his paydays.

MOTHERS

Should see that the whole family take at least 1 or 4 doses of a thorough purifying system cleaning medicine this spring. Now is the time. The family will be healthier, happier and get along better if the blood is given a thorough purifying, the stomach and bowels cleaned out, and the germs of winter, accumulated in the system, driven away. Hollister's Rock Mountain Tea is one of the very best and surest spring medicines to take. Get it and see the difference in the whole family. Their color will be better, they'll feel fine and be well and happy. Tallman & Co.

FORMER CHAMPION HAD TO PROMISE TO QUIT RING BEFORE SHE MARRIED HIM

ROME, arch 24.—The railway employees of the kingdom have requested that their work day be reduced to eight hours.

A Clear Brain and healthy body are essential for success. Business men, teachers, students, housewives, and other workers say Hood's Sarsaparilla gives them appetite and strength, and makes their work seem easy. It overcomes that tired feeling.

Ugly, Unsightly Pimples Are Signals of Bad Blood

Give heed to the Warning. Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they forecast eczema, boils, blisters, scaly eruptions and other skin disorders that burn like flames of fire.

They mean that your blood needs S. S. S. to purify it and cleanse it of these impure accumulations that can cause unlimited trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your druggstore, and get a bottle of S. S. S. today, and get rid of those unsightly and disgusting pimples, and other skin irritations. And it will cleanse your blood thoroughly. If you wish special medical advice, you can obtain it without charge by writing to Medical Director, 29 Swift Laboratory, Atlanta, Georgia.
