

SOCIAL AND PERSONALS

The Pendleton Presbyterian church will meet in the Presbyterian church tomorrow morning, April 3, at 9:30 o'clock, for an all day session with a luncheon to be served in the dining room at noon. Many out of town guests are expected for the event.

Mrs. W. C. Dibbles is in Pendleton visiting her parents, Mr. and Mrs. Dan Komler, who returned recently from California where they spent the winter for the improvement of the former's health. Mrs. Dibbles, whose home is in California, arrived Saturday.

Miss Amy Holland, a returned missionary from India, will speak in the M. E. church Thursday evening at 8 o'clock. Miss Holland has spent several years in India and is home on a furlough. She has the reputation of being a brilliant speaker. All are invited to be present. No admission will be charged, but a silver offering will be taken.

Mrs. A. W. Rugg was a charming hostess yesterday afternoon at her home on Jackson street to the W. F. M. E. of the M. E. church. Their beautiful home was rendered more charming by early spring flowers. A short business meeting was held with Mrs. G. H. Mowry presiding and Mrs. P. E. King, conducted the devotional meeting. Mrs. Eklund reviewed a chapter in "Women Workers of the Orient." Mrs. F. E. Austin and Mrs. A. J. Owen gave a piano duet and Mrs. Gibbs, Mrs. Austin, Mrs. G. W. Rugg and Mrs. D. B. Waffle, a quartet song which was much appreciated. During the social hour which followed the hostess served refreshments, rounding out a pleasant afternoon.

The April meeting of Umatilla chapter, Daughters of the American Revolution, was held last evening in the club room at the county library. A short business meeting preceded a very much enjoyed program and social hour.

April 15 is the date upon which Leopold Godowsky, the famous pianist, is to play for a Pendleton audience.

Assisting him will be Marguerite Hughes, violinist, who recently arrived in Portland, and whose musical career has carried her from the capitals of Europe to those of America, and even in the Philippines she has appeared, playing there with the Manila Symphony Orchestra. Prior to her marriage a year ago to Lieutenant Colonel Hughes, she concertized successfully in London and other European capitals, before coming to America as violin soloist with Mme. Calve, with whom she toured this country. Later she visited the principal cities of Canada and the eastern cities with John Philip Sousa's band, on a tour which lasted a year.

The appearance of the artists in Pendleton is due to Miss Harriet Young, Pendleton pianist, under whose auspices the concert has been arranged.

The Hawthorne Parent-Teachers association will meet Friday afternoon at the school at 2:30 o'clock. The entire program will be given by students of the school.

Mrs. E. J. Burchill, who has been a guest at the home of her daughter, Mrs. Charles Bond, left today for Portland. Mrs. Burchill expects to leave soon for an extended trip East.

Mrs. C. J. Owen, who has departed to join her husband in Portland, was extended a farewell courtesy Monday afternoon when members of the Research Club met Monday afternoon in her honor. The affair was held at the home of Mrs. George Kinz whose guest Mrs. Owen has been since the departure of her husband a few days ago. With Mrs. Kinz and Mrs. Henry Thompson as hostesses, Victrola music was an enjoyable feature of the afternoon and Mrs. Charles Norris read "A Friend or Two." Mrs. T. R. Rembolt contributed two delightful solos and roll-call was responded to with quotations on friendship—friendship also being the subject of an attractive little book presented to the honor guest.

The rooms of the Kinz home were decked with cherry blossoms, a cluster also centering the pretty appoint-

ed table. Mrs. H. G. Jack was an additional guest of the club.

Mrs. Leland McCreedy who has spent the last few days at the C. S. Terpening home, was called to Biekeley, Wash., this morning by the illness of her daughter. If the little girl's condition is found to be such that she can be moved, she will be brought to Pendleton for treatment.

CLUB MAY SECURE QUARTERS IN NEW ELKS BUILDING

Does the Pendleton Commercial Association wish to secure quarters in the new building which the Elks plan to erect in the near future? This was one of the subjects up for consideration at the monthly club meeting last night and today the board of managers after going over the matter with an Elks' committee, agreed to recommend such action to the association at a special meeting to be held next Tuesday evening.

In behalf of the Elks, Judge G. W. Phelps explained last evening that the lodge is almost certain to enlarge their building soon. In that event room will be made for the Commercial Association, if the association so desires, but the privileges of the Elks club rooms will not be allowed to association members as is done at present. In other words the association will merely lease quarters in the Elks' building and use of the Elks' club quarters will be open only to members of the lodge. A room on the ground floor on Court street covering the location now used by the American Express Co., and the Courier grain office was suggested. The room would be 25 feet in width and it is suggested would provide the club with good business quarters though no room would be available for social features.

A special meeting of the Commercial Association will be held next Tuesday to pass upon the proposal from the Elks.

No Annette Kellermans Among These Monkeys

NEW ORLEANS, April 2.—A monkey defies water. There are no Annette Kellermans among the Simians. A monkey refuses to cross a stream. These characteristics have given birth to a new idea in the minds of members of the Audubon Park commission here, with the result that a monkey island will be established in the center of the lake at Audubon Park.

The island will be provided with trees and a jungle dear to the monkey heart, and the tribe of monkeys, imported from the Central and South American forests, will be able to swing from limb to limb and despair themselves with as much freedom as they did in the days when they were "home" in their native jungles.

Thompson Re-elected In Spite of Bad War Record as Pro-German

WM. H. THOMPSON

William Hale Thompson, mayor of Chicago, is re-elected after four stormy war years in that office. As an opponent of shipments of American food supplies and troops to Europe after the United States entered the war Thompson attracted attention from the nation and won for himself locally the solid support of the pro-German elements. Through his campaign the public was constantly reminded of his remark that Chicago was "the sixth German city in the world." His attacks on the newspapers of Chicago, singly and collectively, were a feature of his campaign. His campaign manager and best known personal friend, Fred Lundin, mounts to a position of increasing importance in national Republican organization circles through the victory of April 1. At a banquet of leading business men of the city, one of the foremost philanthropists of Chicago prophesied that if "this man Thompson" was elected the city would be "headed for hell."

At any rate, the country is getting through the winter without any serious famine in pawpaws and persimmons.

Government Sleuths Have Moonshiners on the Jump

ATLANTA, Ga., April 2.—The operation of moonshine stills in the Blue Ridge mountains has become such a perilous undertaking that none but the most desperate and hardened followers of the game are keeping at it, according to internal revenue officers. There was a time when a moonshiner could go into a mountain cove, pitch his still by the side of a crystal brook and leisurely and peacefully make his liquor. He took his time and made good liquor. He filtered it through charcoal to eliminate the fusil oil. He strained it through layers of flannel cloth to make it smooth and pure. That was the "mountain dew" that could be imbibed without a chaser and with no fear of a headache on the morrow. But now that's all changed, revenue

Specializing on Redferns

They're a joy just to hold in the hand—flexible (take the center and bend it in the palm of your hand), shapely at sight and pretty to look at—quite as pretty as the prettiest bit of lingerie—in fact, the designer's aim is to create in the Redfern a garment that shall (if we may say so) be a fitting companion for exquisite lingerie. Flatly applied trims of course, but dainty in pattern and lacy in weave

There are styles, too, with silk and cotton embroidered edges; yes, ribbons, too; but these are not really the important points; they are only the surface attractions—the shape is the real test and here is where Redfern truly excels. If the proper model is selected—it's marvelously satisfying in the first fitting.

It was our pleasure to look over many makes this season, all of which or at least some of all, we saw fitted; but the Redfern was too convincing; we saw every model fitted, and it is now our "special" as it were.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

IF YOUR BACK HURTS OR BLADDER BOTHERS, DRINK LOTS OF WATER.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drinks lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Try this, also keep up water drinking, and no doubt you will wonder what became of your kidney trouble and backache.
