PENDLETONIANS BY THOUSANDS SAW DARING AIRMEN PERFORM

SIX PLANES USED IN DEMONSTRATION FOR VICTORY LOAN

CROWD OF 40,000 SAW SUNDAY FLIGHTS

Major Walsh, Native of Walla Walla Was in Flying Detail.

Pendleton, individually and collectively, departed yesterday by auto to see the flying circus at Walla Walla and a never-ending procession of machines from this city to the neighboring one proclaimed that local citizens were on hand for the exhibition.

Six airplanes, all in the air at once, for half an hour went through evolutions which were witnessed by 40,000 people. The planes dropped thousands of liberty loan heralds, as well as looping the loop, dong barrel rolls, nose spins, tail spins, Immelman dives and other aerial acrobatic stunts. Three of the machines were bombing planes, and three faster machines. Pictures of the city were taken from the planes.

Major Robert Walsh, a native of Walla Walla, and a cousin of Jim Sturgis of this city, was one of the six officers who made the flight yesterday. There were 24 officers in the party, in charge of 11 planes.

Walla Walla people who were taken aloft in the machines before the official program were W. W. Baker, J. M. Ross and Frank W. Tierney. All were enthusiastic concerning the flight.

The day, according to the aviators, was ideal for the circus because of only a slight wind. It was also perfect for spectators, because the sunlight was not bright enough to cause eyestrain.

AMERICAN FOOD SHIP NOT ATTACKED BY HUNS

LONDON, April 21.—The report that an American food ship was attacked by the Germans at Hamburg is not true, according to an official message received by American naval headquarters here. A message received here today that all was quite in Hamburg while precious messages did not mention any serious trouble there.

Director Hines Will Reach Portland This Evening; Is on Tour

PORTLAND, Or., April 21.—Walker D. Hines, director general of the national railways, is scheduled to arrive in Portland at 10.30 o'clock tonight, accompanied by a group of railroad officials.

Director General Hines and his assistants, who are touring the country in a special train, are coming to confer with local railroad officials and business men tomorrow relative to rates and purchase of supplies. They will be the guests of the Chamber of Commerce Tuesday noon.

The officials accompanying the director general include T. C. Powell, director of the division of capital expenditures; H. B. Spencer, director of purchases; Max Thelen, director of public service; Edward Chambers, director of traffic; Brice Claggett, assistant director general; R. H. Aishton, northwest regional director; J. G. Woodworth, traffic assistant; H. E. Byram, president of the C. M. & St. P., and L. S. Carroll, regional purchasing agent. Hale Holden, regional director of the central western division, will meet the party in this city.

The officials will leave for San Francisco Tuesday afternoon.

TRANS-OCEAN FLIGHT TAKES 5,500 MILES

PARIS, April 21.—The actual trans-Atlantic portion the proposer flight of Lieutenant Fontain would be covered in two "jumps," from Dakar to St. Pauls rocks, 1100 miles and from there to Pernambuco, 750 miles. The total distance to be covered between Coublay to Dio de Janeiro is 5500 miles. Fontain's first attempt was made March 16. He was forced to land because of engine trouble after making 100 miles, the second attempt was April 8, and failure was due to a mishap after an hour in the air.

"STAY AWAY" APPEAL TO BELGIANS ABROAD

BRUSSELS, April 21.—The Belgian government has issued notice to Belgians in other countries that it is better they should not come home now unless they have urgent business in Belgium. Family reasons are not considered by the government as sufficiently urgent.

TRACTOR SHOW OPENS AT WALLA WALLA WEDNESDAY MORNING

600 ACRE FIELD WILL BE PLOWED

Exhibition Will be National in Character is Announced.

WALLA WALLA, Wash., April 21.—Walla Walla's great tractor and power farming demonstration and agricultural congress is ready to greet the farmers of Oregon, Washington, Montana and Idaho, for this is the field that the show is planned to reach.

Wednesday morning bright and early 2000 factory representatives will stand atention to demonstrate all that is new and modern in power farming equipment. The great 500-acre test field is near Walla Walla and there tractor men will give tests over specified ground varying their tests from level ground to grades ranging from ten to fifty per cent.

The demonstration is national in character, since it is under the auspices of the National Tractor association and has the support of the implement and Power Farming association of Spokane and Portland.

The general manager of the event is A. E. Hildebrand, who has been identified with the greatest tractor shows in the United States and Canada. As an aid to Mr. Hildebrand in staking the show so as to bring out all the educational features of the farmer, will be the heads of agricultrat colleges of the northwest, state and county engineers and county agricultural agents over four states.

The three days are to be crowded full of interesting tests. Trucks and tractors both will be included in the demonstrations as well as all kinds of equipment for the farm home. The operation, care and upkeep of power machinery, will be explained and public and private lessons given the farmer. All types of machines will be on hand and both the trucks and tractors must perform under various soil conditions.

NOW TANKS SEEK BAD-ROADS MAPS

And now tanks are seeking road information.

The Goodrich National Touring Bureau has distributed thousands of road maps for the convenience of pilots of every conceivable means of conveyance, including horse and wagon, automobile, truck, motorcycle, bicycle and even airplanes, but the most unique request for a highway route was received last week when Mr. M. H. Lauden, publicity director of the Central Liberty Loan Committee, Cleveland, asked for maps for the drivers of twenty 6-ton tanks.

During the Victory Loan campaign several battalions of these rugged little scrappers will travel into the most remote rural districts in practically every section of the country demonstrating their stamina and versatility. The Goodrich road maps will not be used by the tank drivers to guide them over the best roads, but to route them by the quickest route to the bad roads. A tank isn't at home unless it is either wallowing in sticky mud or blazing a trail through rough unchartered territory. It can give its most impressive demonstration under the very conditions that automobiles and trucks seek to avoid.

Chicago Cuts Potato Peeling the Thinnest

(By United Press.)

WASHINGTON, April 21.—Chicago is the most economical of food among the nation's big cities.

Chicago throws away less food, cuts her potato peelings most thinly, and consumes crusts of bread that make rosy cheeks.

This is indicated by a survey of garbage collection made by the pittsburgh Sanitary Commission, whose figures are used by the government experts in directing national campaigns for waste elimination.

Washington, the survey shows, is the most prodigal, since her municipal garbage pail each year contains 243 pounds of discarded food per inhabitant. Cleveland with a discard of 166 pounds per person, is in the wasteful class. New York, despite it's title as the big spending town, discards only 157 pounds per person. Chicago discards but 86 pounds per person.

Municipal garbage pails of some other big cities contain: Baltimore, 211 ounds per person; Cincinnati, 225 pounds; Pittsburgh, 286 and Kansas City, 299.

Chicago leads other cities in low costs on garbage collection. She pays but 12 cents per capita for this service each year. St. Paul gets the work done for 17 cents while Cleveland pays 24. Cleveland, however, realizes more for sale of products made from the garbage, since her income from this is $5.20 per ton, while that of Chicago is but $4.24.

STARTS FOR SERBIA WITH PORTABLE HOUSE TO FOUND HOME FOR WAR ORPHANS

MLLE. LOSANITCH

Mlle Helen Losanitch, youngest daughter of a distinguished Serbian statesman, has just left this country to found a home for war orphans in Belgrade. It will be established in a portable house she took with her from America. The orphanage will be financed entirely from the United States. The young woman's father, Suna Losanitch, formerly was minister to London, Paris and Petrograd and for many years a member of the Serbian cabinet.

MAN SHOT BY ROBBER EXPIRES IN HOSPITAL UNDER AN OPERATION

R. J. DARBY REFUSED TO TELL RELATIVES

Was Lured to Woods by Robber Who Claimed to Sell Lots.

PORTLAND, Ore., April 21.—Still adhering to his refusal to tell anything of his antecedents, R. J. Darby 33, who said a robber had shot him twice during an attempted holdup near St. Johns Saturday, died yesterday at the Good Samaritan hospital. Darby lived at the Arlington hotel, at Sixth and Flanders streets, where he registered on April 2 from San Francisco.

Mr. Darby appeared at the home of W. L. Hogan, 1716 Chautauqua street, about 2:30 p. m. Saturday, with two bullet wounds in his body. He was in an hysterical condition and told a story of having been shot by a man who had taken him to the woods near Willis boulevard and Washburn streets to show him some lots.

The wounded man said he had met the supposed real estate dealer by answering an advertisement in a newspaper. The advertisement, which inspectors Snow and Tackaberry have identified as one run in the Oregonian April 9, asked for a young man with a $100 liberty bond to take a position selling lots for a wage of $30 a week.

Mr. Darby said he wrote an advertisement, and in answer to a telephone call met the advertiser in the Y. M. C. A lobby. The two journeyed to St. Johns by street car, according to Darby, and during the trip the stranger, who had introduced himself as Mr. Coy, asked if Mr. Darby had the bond with him. Mr. Darby replied that he had it. Reaching Chatauqua street the pair descended and walked to the woods. Mr. Darby said he was in front of his companion when without warning the stranger shot him. He said the man fired four shots, one taking effect in his neck and another in his back. Darby distrused the robber, he said, and fled through the woods to the Hogan residence.

Darby refused to tell police where he lived before coming to Portland saying he did not wish his family to know of the shooting. He maintained the same attitude at the hospital and went to the operating table to have the bullets removed without telling the nurse whom to notify in case he died. He died during the operation.

Boston is talking up the charms of dolphin steaks, which is a horrible thing for a cultured city to do. It is almost like a poet's eating the chambered nautilus.

It is about time to take peace out of the mothballs.

Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, $1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not greasy and does not stain. When others fail it is the one dependable treatment for skintroubles of all kinds.

GLASS OF SALTS IF YOUR KIDNEYS HURT

EAT LESS MEAT IF YOU FEEL BACKACHE OR HAVE BLADDER TROUBLE.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obinging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidneys and bladder disease.

Cool slippery spindles

Mica Axle Grease spreads evenly and forms a cool, slippery coating that clings to the spindle and makes pulling easier. The Mica fills up all roughness in the metal, makes the grease work better and last twice as long. No hot boxes. Ask your dealer. Buy by the pail.

Salem Elks Want 1920 State Convention There

SALEM, April 21.—Determined to bring the state Elk's convention for 1920 to Salem, the local lodge will send an especially strong delegation to the state convention at Klamath Falls this year. A committee composed of D. G. Drager, Walter L. Tooze, Sam Manning, W. L. West, Oscar Steelhammer, August Huckestein and E. Cooke Patton was appointed to ascertain how many members, in addition to the stipulated 20 delegates, will be able to attend. Salem Elk's will have their annual homecoming Tuesday night at the Armory. An elaborate program has been prepared, including a show troupe from Portland.

The average fish bone is easier to swallow than the average fish story.
