ALL CHILDREN LOVE "SYRUP OF FIGS" FOR LIVER AND BOWELS

GIVE IT WHEN FEVERISH, CROSS, BILLIOUS, FOR BAD BREATH OR SOOTH STOMACH.

Look at the tongue, Mother! It coated. It is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once. When feverish, cross, listless, pains doesn't sleep, doesn't eat or act naturally, or is feverish stomach sour, breath bad, has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul constipated waste, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, placid child again.

You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid. Ask your druggist for a bottle of "California Syrup of Figs," which has direction for babies, children or all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

The only period in a woman's life when she gives thought to dress is between the cradle and the grave.

Than Ever Before Because of War—Reduced Reserve Strength.

The war has been far-reaching in its effects. It has caused world-wide anxiety in every home, and has affected the health of every family. It has aggravated chronic troubles, increased their tenacity, and made all Spring ailments more serious.

As a result, a blood-purifying, stomach-toning Spring medicine is more necessary this year than ever.

People still like Hood's Sarapaline because it is an old family friend, has proved its merit to three generations—as a Spring and all-the-year-round medicine in purifying the blood, expelling humors, storing appetite, reliving rheumatism, and removing the tired feeling.

It combines roots, barks, herbs, and berries often prescribed by physicians for Spring ailments of the blood, stomach, liver and kidneys. Hood's Pills are a good cathartic.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gasesy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you feel before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying; so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.
