

"Are they going to make good?"

Laura O. Vardley

This blinded boy lying in a hospital in France wants to know if you are worth his sacrifice.

Into his perpetual night of misery and despair shines a single ray of light--the belief that you are worth it. For you are America.

It is his only consolation as he lies there staring into the black future with unseeing eyes.

HE WANTS TO KNOW--TO BE SURE.

This is Volunteer Week! Get on the Honor Roll! Don't Wait to be Asked!

Help Complete Our Record

The government is asking for \$4,500,000,000 to pay the cost of Victory. Umatilla County's quota is \$1,230,075. Pendleton's part is \$846,525. Your part is two-thirds of your Fourth Loan quota and as much more as you will lend. We have never failed our government yet.

We cannot, must not fail in this the final call. The committee wants Pendleton to volunteer her quota. For a week voluntary subscriptions will be taken. Call at your bank today.
