Quality Purity Cleanliness

"The Gateway to PROSPERITY and GOOD TIMES Lies Through the Loyal Patronage of Home Products."

Our industries depend very largely upon local markets. When you spend your money for home products the manufacturer is able to maintain a full working force. Every dollar that is spent for the necessities or luxuries of life which is spent with a view of its retention in the community in which it is expended, has a direct bearing upon the prosperity of the entire community. Each dollar goes to enhance property values, to reduce taxation, to help pay the wages of its men and women employed in the community who will in turn spend the money they earn for the promotion of the general good of the city.

The various stores of the city, from the humblest grocer near the boundary to the great palaces of trade in the heart of the city have joined in a spirit of hearty co-operation to make this Home Products campaign all it implies. These merchants who are loyal to their community handle goods made at home as far as possible and sell and suggest merchandise made by local producers.

Remember this—Every dollar spent with Home industries squares its power in Home prosperity.
