SATURDAY'S GRAMMAR TRACK MEET WON BY LOCAL SCHOOL

Lincoln School Runs Up Total Score of 153 Points; Hawthorne Second With 119.

DARRELL IRELAND HIGH POINT WINNER

Meet Was Held Preliminary to County Meet for May 2.

Lincoln school, with 153 points, won the grammar track meet held in Pendleton at the Round-Up grounds Saturday, Hawthorne, with 119 points, was second; Washington, 100 points, third; District 77, near Pilot Rock, 24 points, fourth and Pilot Rock, 19 points, fifth.

High point winners among the boys were Darrell Ireland, Hawthorne school, 20 points; Forrest Myers, Field school, 15 points; Hubert Allen, Lincoln school, 14 points. Girls who were high point winners were Teresa Thompson, Washington school, 14 points; Lucile Salling, Washington school, 13 points; Marie Fletcher, Lincoln school, 12 points.

The meet, which consisted of yard dashes, high jumps, broad jumps and baseball and basketball throws, determined the number of contestants eligible from the various schools for the county meet May 2. They are as follows: Hawthorne 14 boys and 5 girls; Lincoln, 11 boys and 14 girls; Washington, 7 boys and 9 girls; District 77, 2 boys and 2 girls; Pilot Rock, 2 boys and 1 girl.

To boost the May 2 county track meet, pupils of all the schools will stage a big automobile parade in Pendleton Thursday afternoon at the close of school. The schools are planning to have at least 50 machines in the parade and all will bear posters to advertise the meet.

Miss Margaret Crim, head of physical training in Pendleton schools, says she is well pleased with the showing made at the meet Saturday and is of the opinion that the local schools have a good chance to be winners May 2.

278 ROYAL PERSONAGES SENT INTO EXILE BY GERMAN UPRISEALS

BERLIN, April 28.—A German professor figures out that the abdication and detentions in Germany include 278 persons. Bavaria leads with one king, one queen, fifteen princes, sixteen princesses, five dukes and one duchess. Prussia has sent thirty-three royalties into exile, including the Emperor, Empress, twenty princes and eleven princesses. Prussia is at the bottom of the list, with only the ducal couple and their three children. The two tiny principalities of Reuss, whose area is hardly one three hundredth part that of Prussia, have exiled thirty six royalties.

It Wards Off Croup

Never put a croupy child to bed without giving a dose of

FOLEY'S HONEY-TAR

Mothers know it stops croup because it cuts the thick choking mucus, clears the throat of phlegm, stops the hoarse metallic cough, eases difficult breathing, gives quiet sleep.

Mrs. T. Neureuter, Eau Claire, Wis., writes: "Foley's Honey and Tar completely cured my boy of a severe attack of croup."
Mrs. Chas. Reitz, Allen's Mills, Pa., writes: "I have used Foley's Honey and Tar for the past eleven years, and would not be without it. It has saved me many a doctor's bill for colds and croup."

POPPY BECOMES MEMORIAL TO MEN ASLEEP IN FRANCE

"In Flanders fields the poppies blow Between the crosses, row on row, That mark our place—"

"Immortalized by a soldier-poet, himself buried in France, Flanders poppies already are symbols of the nation's hero dead of the world war," says a bulletin from the National Geographic society.

"Now the poppy is to receive a semi-official recognition by being planted in government parks of the nation's capital as perennial memorials to the men who sleep under the crosses and poppies of Flanders.

"To examine the poppy is not to violate its new found sentiment, for it unfolds its glories upon closer study. Moreover it has a symbolism unexpected because of the pure accident of its association with America's sacrifices for freedom.

"The poppy is thoroughgoing allied flower, found in profusion in France, but especially popular in England because it is the only scarlet flower in the British flora, except the scarlet pimpernel, and even that is more red than scarlet.

"The poppy family has as many colorful and habits as the skins and homes of the men whose graves it decorates. To the swarthy African, to the brave Australian, to the crusading Californian, and to the Asiatic employed behind the lines, the poppies of France must have nodded familiar heads in friendly welcome.

"There are half a hundred or more branches (or species) of the poppy family. It is likely the soldier-poet quoted above had in mind the most prolific one of the most common, and what many consider the most beautiful variety, the corn poppy (Papaver Rhoeas). You will recall:

"'Neath the blue of the sky, in the green of the corn,
It is there that the regal red poppies are born."

"A link of the reasons why the poppy survived the searing tramp of armed hosts and the churning of big gun fire on the cratlike grain fields of Flanders is given in a farmer's doggerel:

"When the poppy ripens be sure the seeds
Will stock the garden as with weeds;
For the same reason the poppy's hardihood is attested in England by its bloom along railroad tracks, by the roadside, and in the niches of stone walls."

RESENTMENT APPEARS

LONDON, April 26.—The press continues to plead for moderation to Italy but an undercurrent of resentment of Wilson's methods has appeared. "Orlando's action and statement were natural and dignified in the face of Wilson's brusqueness said the Chronicle. The statement was unfortunately issued in a manner calculated to arouse strong resentment" declared the telegraph.

Under the caption of "diplomatic rambles," the Express violently attacked Wilson for "rushing in with a red flag at the moment differences were to be settled."

CITY SHOOTERS SCORE 118 BIRDS YESTERDAY

Pendleton's shooters scored 118 birds in the dogmatic tournament against Spokane yesterday, McNamara, Hamilton, Ingram, Lampkin and Baum making the team. No perfect scores were registered yesterday although Hamilton shot well, making three scores of 24 and one of 22.

There was a fairly large turnout at the traps yesterday as the local men are anxious to capture some of the prize money in the state shoot which opens here next Monday morning.

Lowman, Guy Mallock and Lee Mallock were absent yesterday, being at the Lewiston shoot.

High scores in the shoot Sunday were as follows:

| | | | | | |
|----------|----|----|----|----|----|
| Hanson | 24 | 24 | 22 | 24 | 94 |
| McNurlin | 24 | 23 | 23 | 22 | 92 |
| Lampkin | 22 | 22 | 21 | 21 | 86 |
| Baum | 20 | 21 | 23 | 21 | 85 |
| Stillman | 23 | 18 | 22 | 22 | 85 |

ROAD BETWEEN WAITSBURG WALLA WALLA WILL BE PAVED

WALLA WALLA, Wash., April 28.—Surveys have been completed for approximately six miles of hard surface pavement on the Waitsburg-Walla Walla highway, extending from Wellington and Melrose streets to Burdette siding.

This will be the first unit of hard surface pavement to be laid under government aid, for which \$140,000 is now available, fifty per cent being provided by the government and the other 50 per cent by state and county aid.

The general survey was made by Guy R. O'Melveny, locating engineer in the employ of the state highway commission, who has been employed on the work for several weeks. Mr. O'Melveny is a graduate of Whitman College.

The new pavement will be of concrete with a crown of nine inches, tapering off to six inches on the side of the roadbed. The roadbed will be 18 or 20 feet wide, the exact width however, being undetermined as yet.

Oregon Widow Given Medal of Honor for Bravery of Husband

PORTLAND, April 28.—Before an audience of 2000 persons, the Congressional Medal of Honor, the highest prized military decoration in the world, was bestowed Sunday afternoon at the Municipal Auditorium, upon Mrs. Frederick E. Smith, wife of the late Lieutenant Colonel Frederick E. Smith, who met his death while attempting to establish a line of communications between the famous "Lost Battalion" and regimental headquarters, in the Argonne last September.

Impressive in the extreme was the ceremony. Colonel J. F. Koesters of Vancouver Barracks, an officer of the regular army for 22 years, was chosen by the war department to present the small, gold, star-shaped medal, with its ribbon of blue dotted with gold stars, to the widow of the hero.

Mrs. Smith, too modest to sound the praises of her husband, requested Mayor George L. Baker to speak for her. At the moment Colonel Koesters took the medal from his pocket, the Auditorium was darkened and the picture of Colonel Smith was thrown upon the screen behind the stage.

2000 ACRES OF LAND WILL BE RECLAIMED

WINDSOR, Colo., April 28.—Another big drainage project has just been started in this section which will reclaim nearly 2000 acres of land which is now practically useless because of water standing over it most of the year. The project is east, southeast and northeast of town and includes land owned by the Great Western Sugar company. This is in addition to the Storms Lake project which will put more than 2000 acres of now waste land under cultivation this year.

In the Mead district, there is also a similar project under construction which will redeem nearly 1000 acres.

NEW ATTEMPT TO END PRICE CONTROVERSY

WASHINGTON, April 26.—Members of the industrial board will resume their personal affairs unless Director General Hines accedes to a new request from Secretary Redfield to meet again in an attempt to end the controversy over steel prices. Redfield so stated today in a telegram to Hines requesting another meeting with his representatives.

Chairman Peck, of the Industrial board, issued the following statement: "Resignations of members of the board have been in the possession of Secretary Redfield since April 1. His recent birthday since April 1. His resignation to accept them at any time he desires." There are indications in official circles that President Wilson is inclined to side with Hines.

JAPAN TO CELEBRATE PRINCE'S BIRTHDAY

TOKYO, March 30.—(By Mail.)—Japan's capital city will witness a series of brilliant celebrations for ten days, commencing April 29, during what is known as the "mela" season. The Crown Prince reaches his eighteenth birthday on April 29, and an elaborate celebration will be held at the Imperial Palace in honor of his coming of age. This occasion is also to be made one of celebration throughout the country and especially here.

On May 1, the Tokyo municipal authorities will celebrate the thirtieth anniversary of the beginning of the city administration, and on the 8th the fiftieth anniversary of the transfer of the capital of Japan from Kyoto to Tokyo will be celebrated. This latter celebration has been postponed two years on account of the war.

The celebrations are expected to be practically continuous and in order that they may be fitting carried out the city assembly is expected to vote \$75,000 as expenses.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bitous look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

WAR WORKER DECORATED BY QUEEN OF THE BELGIANS

Mrs. Ernest P. Bicknell has been decorated by the Queen of the Belgians in recognition of her services in behalf of Belgium. In 1917 she left Washington, D. C., and joined her husband, who was in charge of Red Cross work in the little country that had been devastated by the Hun. At present she is the head of a Red Cross bureau in Paris.
