

BELIEVE ME, THERE'LL BE ATHLETES HERE FRIDAY

200 School Children From Over County Will Compete in Annual Tournament.

Pendleton will be host Friday to the first county track meet ever participated in by schools from all three districts, east end, west end, and Pendleton. Both the grade and the high schools will compete in the various field and track events, with probably more than 200 children entered.

Two handsome silver loving cups, the gift of the Pendleton Commercial Association, are the prize awards for the district winning the most points in each of the two divisions, high school and grade school. While entries in the grade events will be counted by districts only and their points count as such, the high school entrants will compete as individuals but the district plan will be again resorted to in counting their points.

Holman Ferrin, of the Pendleton high school faculty, has the monumental task of arranging the program of events, selecting officials and supervising the details of the events. The high school and grade school events in both sections will go on simultaneously. Miss Margaret Crim, of Pendleton, A. C. Voelker, of Herndon and I. B. Sevs, of Milton are the games committee which handles the grade school entries.

HOW TO CLEAN UP YOUR SYSTEM THIS SPRING

We Recommend Dr. Carter's K & B Tea—Old Fashioned and Purely Vegetable, but Does the Work Just the Same.

For a few cents any economical Mother can get a package of Dr. Carter's K & B Tea and with it can gently, but surely, give the little children's bowels a thorough cleaning and at the same time they will be taking a spring tonic unexcelled.

A cup of Dr. Carter's K & B Tea before going to bed will work wonders for anyone—especially in the spring.

Drink it for constipation, upset stomach, sluggish liver, sick headache and that weary late-to-get-up-in-the-morning feeling—you'll like it—the children will enjoy it. Be sure you get **DR. CARTER'S K & B TEA**

WOODMEN HAVE BALL TEAM THAT WANTS TO LICK RIETH

The Woodmen of the World lodge last night decided to put a first class amateur baseball nine in the field this season and plan to have games as soon as the Round-Up grounds are cleared of trapshooting paraphernalia. There are uniforms and equipment a plenty for a team and the scouts are out to get good men to fill the uniforms.

Most of the men who represented the Woodmen two years ago are expected to be on hand for this season

and among those who are expected out are Boone Hay, catcher, Les Bowers, infielder and Fred Geigel, pitcher. The Woodmen are also trying to lure Gunnar Peterson into the fold. Practice sessions have been held for the past two weeks and as soon as the grounds are put in shape regular turnouts will be held. A manager will be elected Thursday night in the lodge rooms. Rieth probably will be met in the first game.

Lee Matlock Scores Third in Idaho Shoot At Lewiston Yesterday

(Special to the East Oregonian.) LEWISTON, April 28.—Lee Matlock, representing the Pendleton Rod and Gun Club in the Idaho state trapshoot yesterday took third place in the 150 bird event, bringing down 121 rocks. Frank Troch, national champion, took first with 148, followed by his brother, Jesse Troch, with 147.

Declaratory Contest in Evening

In connection with the county track meet, the county declaratory contest will be held Friday evening, at 8 o'clock in the high school auditorium. The best speakers from each district have been selected in preliminary try-outs and will represent the same districts as in the track meet. Both high school and grade school entries are expected and winners of first and second places will receive medals, gold for first and silver for second. The medals are on display at Sawtelle's and the cups at Schaeffer's.

Judges for the different contests are not all selected but those for the declaratory contest will be from outside of Umatilla county. It is probable that one or more judges will be brought from Whitman college, Walla Walla.

The events in the track meet are to take place at the Round-Up grounds, with the first gun at 1 o'clock. Ribbons are to be awarded to individual entries winning first, second or third in each event and the points totaled will count toward district totals. Post-session terms for the two cups are not determined by the committee. A slight admission fee is to be charged to the meet and probably to the contest, although grade school children

may be admitted free to both.

Meets Began in 1913.

Seven years ago the county track meet idea was given birth when the little schools of Tum-a-lum and Fruitvale met in a dual meet at Tum-a-lum, the hosts winning out. The following year, 1914, saw the number of entries swelled to four with the addition of Umatilla and Perendale and Umatilla took honors. This meet was at Perendale. The same four schools, all in the east end of the county, again met in the spring of 1915, this time at Umatilla.

In 1916 the idea spread to the west end of the county and from that time both ends have had meets between schools of their districts. So successful was the plan the first year that it was proposed in 1917 to hold a county meet, such as will be held Friday. The schools of the east end failed, however, to send their entries and the meet was between the west end and Pendleton district, the west enders winning.

Again in 1918 the east end failed to respond when the Eastern Oregon meet was held here and Pendleton district had to compete with the west end alone for county honors. This year assurance is given that the three districts will be fully represented.

Competition for Places Stronous

Those who represent their districts here have won the right by a series of competitions beginning on their own school yards. The school champions in their respective classes have been sent to the district meets which have been determined who shall represent their district. Pendleton schools had their meet Saturday.

There are but few rules which govern the entries as grade school representatives are classed according to weight. Class A includes those between 60 and 75 pounds. Class B from 76 to 85 pounds. Class C from

DISOBEYED ORDERS; GOT SERVICE CROSS

MAJOR BRETT, O. A. C. CAPTURED HUN GUNS

Went Across as Second Lieutenant; made Record at St. Mihiel.

OREGON AGRICULTURAL COLLEGE, Corvallis, April 29.—Major Bereno E. Brett of Portland, a 1916 graduate of the school of forestry and one of the youngest officers of his rank in the United States army, is a visitor at the college this week. Major Brett went to France with the first shipload of American soldiers as second lieutenant in the regular army and returned a major in the tank corps. By disobeying orders and advancing with his tank corps in the face of heavy machine gun fire in the St. Mihiel drive he took six enemy guns and won his distinguished service cross.

86 to 100 pounds and Class D those above 100 pounds. The limit entered from any one high school is 10 men.

The purpose of these meets is to develop the children by outdoor physical training, to quicken their minds and muscles, develop loyalty to home school and to district, to promote a spirit of cooperation by district representation, to foster sportsmanship, develop mixing ability and add generally an interest in school work by removing the surplus of grind and substituting healthful play.

From a tiny institution of two country schools it has grown in seven years to an event which will doubtless bring representatives from most of the districts of the county.

Vernon Takes Final Game From Portland

PORTLAND, Or., April 28.—By bouncing hits and Portland errors in the seventh, Vernon won the final game of the series handily by the score of 8 to 1. The series ended Vernon 4 games and Portland 2. Batteries—Froome and Cook; Oldham and Baker.

LOS ANGELES, Cal., April 28.—Los Angeles shut out Salt Lake in a postponed game yesterday, the result being 3 to 0. Batteries—Willett and Byler; Fittery and Lapan.

SEATTLE, Wash., April 28.—In a free hitting game yesterday Oakland stopped a Seattle rally and won out, 10 to 9. Batteries—Colwell and Elliott; Bowman, Cole and Richie.

National League Results.

New York 5, Boston 4.
Brooklyn 10, Philadelphia 1.

American League Results.

HONOR ROLL

Otto Saucerman, Sutherlin, Oregon. Died of Disease.
Private Robert Christensen, Timber, Oregon.
Private Henry Echwoch, Oregon City, Oregon.
Died, Previously Reported Missing in Action.
Private Oscar Johnson, Eganville, Oregon.
Killed in Action.
Private Paul Kuhl, Portland, Oregon.
Wounded, Degree Undetermined.
Private Fred Yost, Creston, Oregon.

He was 'De Pahty' But Not the Same One Who Ordered

PASCO, Wash., April 29.—An attempt at bootlegging landed T. T. Whitley, a negro porter, in the county jail here today. Whitley evidently had orders to deliver whiskey to some person in Pasco, and when the train stopped the first man he saw was an N. P. special agent. Stepping up to him he asked: "Am you de pahty?" The officer assured him he was the right "pahty," and was given five bottles of liquor.

PENDELTON CLUB TAKES SUNDAY SHOOT BY WIRE

In the telegraphic shoot against Wallace-Kellogg, Sunday, Pendleton's team, with 118, won by a two-point margin over the Inland Empire shooters, Kalspell and Yakima competing together Sunday, each made high totals of 121.

Coos Bay Schools Take Drastic Steps To Curb Nicotine

MARSHFIELD, Ore., April 29.—Students of the North Bend, Myrtle Point and Coquille high schools who insist upon smoking cigarettes are barred from entering any of the athletic events of those schools. The ruling which has been made also pro-

hibits the school team entering contests with any other school in the county which does not adopt the same ruling. Recently the North Bend basketball team refused to play the Haddon team because the latter had not put the ban on cigarettes. Unless all of the schools of the county adopt the same plan, athletic contests will have to be divided between two sets of schools, those allowing cigarettes and those prohibiting the smoking.

GOLF TOO DELICATE WHEN WIFE ACTS AS ASSISTANT

SAN FRANCISCO, April 29.—Golf is entirely too delicate a game for a man to play when his wife is a caddy. Haddon Lohman, advertising man, is being sued for divorce, his wife's grounds being an allegation that he left her alone Sundays, and refused to allow her to even go to the links where he spent the day.

It was suggested that Lohman let his wife accompany him as caddy if he disliked playing against her. "Impossible," was his horrified reply. "Hitting a real ball is a delicate matter. Imagine someone making a trite remark as you were poised to swing. It would throw you off your game. Well, that's just about what a man's wife would do."

TEETH EXTRACTED, WOMAN DIES FROM HEMORRHAGE

SPOKANE, April 29.—Hemorrhages resulting from the extraction of several teeth last Monday caused the death of Mrs. Ada E. Richert, age 41, at her home, yesterday. It is said that the flow of blood was believed the teeth were removed, but a recurrence ensued and despite the efforts of physicians Mrs. Richert grew gradually weaker.

LITTLE GIRL WAKENS FROM 5 WEEKS OF SLEEPING SICKNESS

NEW YORK, April 29.—For five weeks comatose while suffering from the sleeping sickness, 2-year-old Rosanata Pagano of 54 Goerck street has awakened from her long nap in the New York hospital apparently but little the worse for her illness. She had lost but two pounds and seemed almost normal calling at once for her doll and soon making friends with children in nearby beds. During her sickness she was fed daily a pint of milk in which two eggs were beaten. The food was administered thru a tube and she had no other nourishment. Here was the second recovery in the New York hospital from the "sleeping sickness."

Painters are seldom of a military turn but they always stand by their colors.

Western Electric POWER and LIGHT

The Star Attraction For Your Home

The performance of this outfit night and day means dependable light for house and barn; power for many of the chores that now take up valuable time

CHARLES MILNE
Electric Contractor
Pendleton, Ore.

Unsocial. Campus Post—I walked by your house this morning. Us—Thanks very much.

Mean. "I don't like Jim, but I've got to send him a wedding present in June." "Send him a set of champagne glasses."—Judge.

Even Two Coats of Paint Give Less Than a Hundredth of an Inch Protection

When you know that you must depend on a paint film less than a hundredth of an inch thick to protect your buildings from weather's wear and tear you begin to realize the vitalness of buying the right paint.

An outside paint must be not alone waterproof but weatherproof. Making a paint weatherproof is the difficult part. If it is not weatherproof it will not long stay waterproof.

To be weatherproof, the paint film must be so elastic that it will expand or contract with the weather's changes—and do it without cracking.

Low's Brothers HIGH STANDARD LIQUID PAINT

is specially made to meet these conditions. That is why it stands so many years of weather's wear and tear.

The picture above is taken from a photograph showing a two-coat film of HIGH STANDARD PAINT held in the hand. The film was over two months old when photographed; yet it was as flexible as a handkerchief.

If you have been having paint troubles, or want to prevent them, tell us about your painting needs. The expert advice given so gladly will cost you nothing. It may save you much.
