"GETS-IT" PEELS MY CORN OFF!

Any Corn or Callus Comes Off Peacefully, Painlessly. Never Fails.

It's almost a picnic to get rid of a corn or callus the "Gets-It" way. You spend 2 or 3 seconds putting on 2 or 3 drops of "Gets-It," about as simple as...

Use "Gets-It" peels off corn this way putting on your hat. "Gets-It" does away forever with "contractions," "wrappy" plasters, greasy ointments that rub off, blood-letting knives, and cauters that slip into the "quick."

"Gets-It" cases pain. Your "bumpy" corn shrinks, dies, loosens from the toe. You peel the corn painlessly from your toe in one complete piece. That's where the picnic comes in—you peel it off as you would a banana peel.

"Gets-It" is the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago, Ill.

Sold in Pendleton and recommended as the world's best corn remedy by Tallman & Co.
