# ADVISES THAT GERMANS SIGN AND MAKE ADJUSTMENT LATER

## British Labor Leader Says Injustice Will Be Removed as Democracy Tempers Victors

BY LOWELL MELLETT  
(United Press Staff Correspondent)  
PARIS, May 17.—"My advice to the Germans would be to sign the treaty," Arthur Henderson, British labor leader declared, in an interview here today. Henderson has been aiding in preparing the report of the "big four" regarding the German labor recommendations. He recently participated in a three day conference of socialists of various countries who adopted resolutions partly endorsing and partly condemning the treaty. "We are bound to recognize that certain injustices, attributable to past wars, have been repaired," he said. "Some peoples long kept in subjection have been liberated. We welcome the creation of the league of nations in the present form, however the league is an association of governments and executives rather than of peoples and parliaments. It fails to control members to renounce entirely a recourse to war, instead of being an organ of international justice, it has the appearance of a victorious coalition dominated by five great powers. Failure to include Germany and Russia should sign and await the time when western peoples will be more democratic and there is every indication she won't have to wait long."

# 13 COUNTIES IN LINE ON UPKEEP OF STATE ROADS

HALEM, May 17.—Thirteen of the 34 counties in Oregon in which state road work is in progress have already signed the maintenance agreement, which provides for a "50-50" split between the county and state in the upkeep of the highways after they have been built, according to announcement of the commission. Only Columbia county has refused to sign the contract up to date, the county court declaring that the agreement is unfair, but failing to specify in what particular it is unfair, according to J. M. Devers, assistant attorney general, who is in charge of the legal department of the highway commission, and who has written the Columbia county court for further details as to objections to the contract. The remaining counties in the list are expected to sign the agreement soon. Two counties, in which no highway work is being done, have been asked to enter into the maintenance agreement. The counties which have signed the agreement are Wasco, Deschutes, Jackson, Yamhill, Washington, Grant, Gilliam, Clatsop, Morrow, Sherman, Benton Creek and Josephine.

**The Situation.**  
"Bender Simms" said the new justice, "how would do consignment stand on de question of givin' one-ten' o' dere income to s'port de preachah?"  
"I don't believe dey'd stan' on it," replied Brother Simms. "Dey'd jump on it wid bot' feet."

# HEARS PLANS; TURNS HALF HIS FORTUNE TO METHODIST CENTENARY

NEW YORK, May 17.—The advance deluge of funds for the \$100,000 Methodist centenary drive commenced to pour into national headquarters, although the week of the intensive drive does not begin until Sunday.

"The biggest individual gift offered was for \$750,000, one half the giver's entire fortune," declared George M. Fowler, centenary treasurer. "I went to the donor, who intends to remain anonymous, and told him I wanted a million dollars," said Mr. Fowler. "He asked me how much I thought he had and I told him a million and a half. 'Right,' he said and you have the nerve to ask me for two-thirds of it." Fowler says he then took two hours to explain the whole world program of the centenary whereat the donor to be said: "The church for the first time is attempting a real big thing, in a high business-like way. We'll contribute on \$750,000."

**President of China Gives \$1000.**  
The president of China has contributed \$1000 and other Chinese officials lesser amounts. The centenary budget calls for the expenditure of nearly \$8,000,000 in China, of which \$850,000 is to be raised among the Chinese themselves.

**30 N. W. Cities Over.**  
PORTLAND, May 17.—That a northwest total of \$200,000 out of an allotment of \$2,500,000 had been reached and 50 cities already completed their quotas was announced Thursday by Dr. A. L. Howarth, associate executive secretary of the centenary movement for the northwest.

# Mother-in-Law Problem Confronts Wife of 82 Yrs.

(By United Press.)  
WENATCHEE, Wash., May 17.—The mother-in-law problem is liable to confront the wife of 82 years, as well as the bride of 20, if the case of Mrs. Ellen S. Cooley, 82, may be taken as a criterion.  
Mrs. Cooley has brought suit for divorce against her husband, Ferdinand Cooley, 79, on the grounds that his mother, 92 has alienated his affections.  
The wife, who was a wealthy spinster of 67 when Cooley courted and won her at Muskegon, Mich., says they were as happy as youthful honeymooners for 15 years after their marriage, but when she claims the mother-in-law arrived at their home, and the old chestnut stage joke began to develop real burrs for Mrs. Cooley.  
The would-be 82-year-old divorcee declares Cooley gave his mother the best room in the house and forced her to live in the attic, and that after he bought a two-seated roadster, it was the mother and not she who rode beside him. She stayed at home—or walked.

# "MARRY EARLY" NEW AUSTRALIAN SLOGAN

SYDNEY, May 17.—Australia is considering a "Marry Early" campaign and perhaps a bonus to young mothers to overcome the declining birthrate. In 1918 only 496 of 1,000 women married were under 25 years of age. The average for the preceding 19 years was 642 to 1,000.

# IN BLOOD DISEASES

Like Scrofula, Eczema, and Many Skin Troubles,  
As well as a general Spring medicine for catarrh, rheumatism, dyspepsia, Hood's Sarsaparilla is of great value to men, women, children.  
It does its thorough work in these well-defined diseases by cleansing the blood, on the pure, healthy condition of which depend the vigor and tone of the whole system.  
Hood's Sarsaparilla is equally successful in the treatment of troubles that are not so well defined—cases of a low or run-down condition or general debility, loss of appetite and that tired feeling, or cases in which we see now very plainly after-effects of the worry and anxiety caused by the world war and the debility following the grip, influenza and fevers. In all such ailments it has accomplished a wonderful amount of good.  
Hood's Pills help as a stomachic, toning, digestive cathartic.

# KING BASEBALL WILL OPEN 1919 SEASON SUNDAY

## Pilot Rock Shearers Will Try to Trim Pendleton Nine in Return Game Here.

King Baseball will enter Pendleton for the 1919 season tomorrow afternoon, when the nines of Pilot Rock and Pendleton play the first game of the year at Round-Up Park. The game will begin at 3 o'clock and gives promise of being a real contest on the Pilot Rock squad trimmed the local men last Sunday, 3 to 2.  
The Sheep Shearers have a fast outfit, composed entirely of local boys and they are coming in tomorrow determined to give the Pendleton fans an exhibition of real baseball. Captain Gunner Peterson has had his men working out every evening and has instilled a lot of fight in them. They are going out tomorrow determined to reverse the count of the first game.  
The local boys have scheduled a number of games with nearby teams and promise a real brand of baseball for the summer season with proper support. A small admission fee will be charged.

# HOLD AMERICA WILL NOT GO BOLSHEVIK

By C. D. GROAT  
(United Press Staff Correspondent)  
PARIS. (By Mail).—That bolshevism will never take any firm hold in the United States is the statement of American authorities here, who know economic and sociological conditions both here and in the United States.

They based their conclusions largely on the fact that bolshevism has flourished most extensively where the class distinctions are the greatest—where the gap between the rich and the poor is the widest. In this connection, they pointed out that Russia was the first nation to fall victim to the excesses of bolshevism. There the gap between the rich and the poor was the greatest.  
Bolshevism does not surprise the men who have studied it. They point out that every great war in Europe has been followed by a more or less violent reaction. Once it developed into a struggle for more equitable distribution of the wealth of nations.  
Americans here who have been keeping their finger on the pulse of Europe believe that the pendulum will swing back to a more nearly normal state. There has been much talk that Germany would dissolve into bolshevism. This may or may not be true. Some people coming out of Germany say they doubt it. The French have recently been circulating what appears to be a speech of Brockdorff-Rantzau declaring that there is no menace of bolshevism in Germany, but declaring that the threat will be held over the heads of the allies in the hope of securing a better peace than otherwise would be the case.  
Then there are predictions that France will stir into revolution when she finds that she must pay higher taxes because Germany is not to be forced to pay the whole cost of the war as the politicians originally said she would. But American experts have told the United Press that they believe there is more prospect of internal unrest—and perhaps real bolshevism—in England than in France.

# Less Chance Here.

As for the United States, they say that there are less chances of bolshevism there than anywhere else. They believe that America has prosperity ahead as soon as war conditions are readjusted, and they say that there is comparatively little class distinction.  
Some of the experts admit that bolshevism has been overplayed. One high American official declared:  
"I don't believe there has been any more violence in Russia under bolshevism than there was before. You remember the thousands in the Siberian prisons under the Caar; and you recall how many were slaughtered in that regime. Well, there probably aren't any more killed now. The trouble is that bolshevism is simply a new form of anarchy. It seeks to impose the reverse of the former system."  
None of the American thinkers, that food is a cure all for bolshevism, but these experts do believe that food will help. They point out that it has worked well so far in Austria, that it had a tendency to keep down violence in Hungary, and that Russia is thinking more sanely under the spur of hunger.  
"If these people could have food they would become more normal," said one expert. "They would realize that bolshevism is an extreme which is impractical."  
The experts do agree that a new industrial and economic era is upon the world.

# Refuses Medical Aid; Dies.

CHICAGO, May 17.—True to a long standing disbelief in the power of physicians to heal, Charles J. Sutterle, 59, a druggist of Niles Center, refused medical attention and died last night

# Miss Verda Hanks Tells How Cuticura Healed Her Hands

"I had small watery pimples on my hands which caused them to be swollen and irritated very much. The pimples came to a head and were mostly in blotches, and the skin was sore and red. The breaking out itched and burned causing scratching and irritation, and I could not put my hands in water, or do my work. It also caused disfigurement for the time being.  
"This trouble lasted about six months. Then I used Cuticura Soap and Ointment, and I used four cakes of Cuticura Soap and four boxes of Cuticura Ointment when I was healed." (Signed) Miss Verda Hanks, Salem, Utah, June 25, 1918.

**Cuticura Toilet Trio**  
Consisting of Soap, Ointment and Talcum, promotes and maintains skin purity, skin comfort and skin health often when all else fails. The Soap to cleanse and purify, the Ointment to soothe and heal, the Talcum to powder and perfume. Then why not make these gentle, fragrant, super-soft emollients your everyday toilet preparations?  
Sold everywhere at 25 cents each. Sample each free by mail. Address: "Cuticura, Dept. R. Boston." Do not forget the fascinating fragrant Talcum for powdering and perfuming the skin.

at his home. An hour before his demise his wife called in Dr. A. Louise Klehm, who reported the death to the coroner. Death was due to an injury suffered last August in a fall.

# Heavy Hitting Marks All Coast Contests

SACRAMENTO, May 17.—Pinner's offerings were clouted to all corners of the field, the Solons beating the Beavers by a 2 to 1 score.  
Batteries—Gardner and Fisher; Pinner and Baker.

LOS ANGELES—May 17.—San Francisco pitchers were easy for Vernon and the Arbutuck boys won handsly, 8 to 2.  
Batteries—Cogh, Smith, Creps and McKee; Dell and Brooks.

SAN FRANCISCO, May 17.—Four runs in the eighth broke a tie and gave Los Angeles victory over Oakland, 4 to 4.  
Batteries—Fittery, Aldridge and Bales; Krause and Mitze.

SALT LAKE CITY, May 17.—In a see-saw battle which went thirteen innings, Seattle beat Salt Lake, 13 to 12.  
Batteries—Schmitz, Downman, Biglow and Schanz; Gould, Markle, Schorr and Byler.

# Catching.

Even the children are beginning to talk motor jargon. "Look, mother," said a little fellow, pointing to a hole in his stocking. "I've had a blowout." A little girl, being asked how she managed to catch a chicken, replied: "I just rinned him till his gas gave out an' then I picked him up."  
A third youngster, who was usually slow in obeying his mother's call, came quickly enough when she called him to dinner. On her pointing this fact out to him, he said: "Oh, I always change to high when I come to meals."

# PRAGUE UNIVERSITY WILL HONOR WILSON

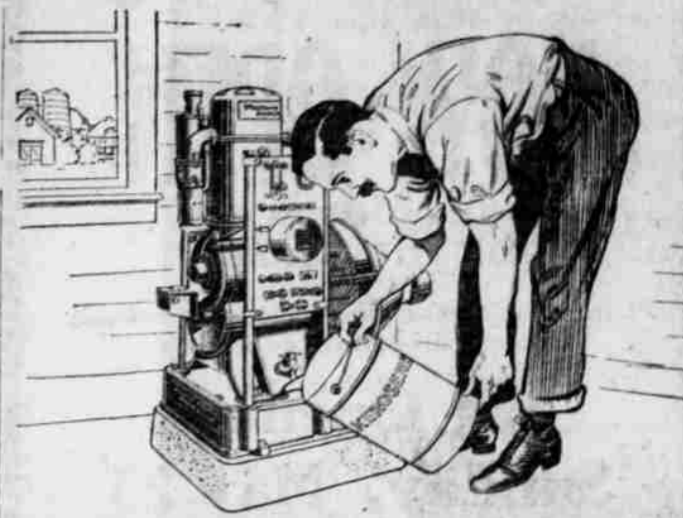

PRAGUE, May 17.—Prague university has decided to confer the degree

**TO KEEP WELL**  
A Teaspoonful of PERUNA  
Three Times a Day

**PERUNA**  
THE GUIDE POST TO HEALTH

Has Never Been Down Sick Since Taking PERUNA

Read this letter from Mr. Robt. Minnick, Grass Range, Montana.  
"In 1909 I was out in Kansas running a threshing engine and the engine crew had to sleep out of doors. One of the crew brought a Peruna Almanac to the engine one day and I was feeling very ill from sleeping out. I decided to give Peruna a trial and sent for a bottle of Peruna and a box of Peruna Tablets, which straightened me out in a hurry.  
"I have never been down sick since that time. I do not take any other medicine except Peruna. I always keep it on hand. If I get my feet wet, get a cold, feel chilly, or a little bad, I always take Peruna. People should not wait until they are down sick and then take it, but should keep it on hand and do and when they feel bad, they should use it."  
Recommended for Catarrhal inflammation of every description.

# Just Put in a Few Gallons of Kerosene—And You'll Have Plenty of Power & Light

We will show you how easy it is to install—how simple to operate—how economical to run. See this plant in operation.

# Your Protection

You've always had your life covered by insurance.  
You've always been protected against loss in case your house or your factory should burn.  
But did you ever have a policy before on which the premium is paid and you get the benefit?  
It doesn't cost you a cent to have your Willard Battery insured. It takes only a few minutes of your time. Drive your new car around right away, and have the battery registered. That is all there is to it.  
If you buy a new Willard Battery for an old car, we will register it for you before we put it on your car. Be sure, when here, to ask about the few simple rules that should be followed to keep your battery in the best condition and lengthen its life.

# Electric Service Station

Cor. Main and Water Sts.

We test, repair and re-charge storage batteries, and always carry a full supply of battery parts, new batteries and rental batteries.

# PARTNERSHIP INCOME TAX RETURNS NOW DUE

Section 221 of the recent Revenue Law provides: "That every partnership shall make a return for each taxable year, stating specifically the items of its gross income and the deductions allowed by this title, and shall include in the return the names and addresses of the individuals who would be entitled to share in the net income if distributed and the amount of the distributive share of each individual. The return shall be sworn to by any one of the partners."  
This means that every partnership must make an income tax return regardless of the fact that the individuals composing this partnership have made individual returns.  
The new Partnership Return Blanks have just arrived.  
I am here to give you assistance in work of this kind.
