## AMERICANS WHO FLEW OVER ATLANTIC READY FOR HOP OFF FROM LISBON TO PLYMOUTH

### LIEUTENANT COMMANDER READ ANXIOUS FOR EARLY START; BEDLAM OF BELLS, WHISTLES, GUNS HAILED APPEARANCE OF PLANE IN SKY, DANIELS CABLES

LISBON, May 28.—The Americans who flew across the Atlantic are ready for the hop-off of more than 700 miles from Lisbon to Plymouth, England. Lieutenant Commander Read, the first man to successfully navigate the air lanes all the way across the sea, was up and about early, looking over the prospects of starting for England immediately. Much depends upon the condition of the weather and the motors.

The flight from the Azores was smooth and uneventful. The NC-4 swept over Lisbon shortly after 4 o'clock New York time, yesterday after a nearly perfect trip from Ponta Del Gada. The seaplane settled gracefully on the water beside the American warship Rochester. A bedlam of whistles and bells from the city and ships greeted the arrival. Thousands of people were massed on the housetops and in the streets to hail the American conquerors of the air as they appeared in the sky. Guns were fired to add to the din. Soon after the arrival Read and his men received formal congratulations of the Portuguese officials. A celebration in honor of the intrepid Americans began last night.

### Daniels is Joyful.

NC-4 made the trip from Ponta Del Gada to Lisbon, a distance of approximately 500 miles, in 12 hours.

The entire time consumed for the entire flight from Trepassy was a little short of 25 hours.

Immediately upon receipt of the news of the arrival of NC-4 at Lisbon, Secretary Daniels cabled the following message to President Wilson at Paris:

"The first flight across the Atlantic has been made by the American navy, and I know the fact will rejoice your heart."

Mr. Daniels followed this message with a cablegram to Commander Read, which read:

"The entire navy congratulates you and your fellow aviators on your epochal flight. The ocean has been spanned through the air and to the American navy goes the honor of making the first trans-Atlantic flight. We are all intensely proud of your achievement and thankful that it has been accomplished without mishap to any one of the daring aviators who left our shores on the first air journey to Europe. To all of them and to you, all honor is due."

### Warnholt Property Sold.

E. T. Wade, acting for Herman Warnholt, today sold the Warnholt property, Block 28, to P. N. Robinson, of Spray, Oregon, for \$4800. There is a house and orchard on the property. Mr. Robinson, with his wife and three children, will make their home in Pendleton. Mr. Warnholt has not yet announced his plans.

## NO BIDS RECEIVED ON CABBAGE HILL ROAD; WORK READVERTISED MAY BE DONE BY COMMISSION

Though yesterday was the date for opening bids on the construction of 24 miles of road between Pendleton and Kamela no bids were at hand with the highway commission yesterday. Judge C. H. Marsh, who returned home this morning, says that so much western Oregon work is under way that contractors had declined to bid on an Eastern Oregon job. Bids on the Cabbage Hill road will be again asked for, this time to be opened June 10. In the event no suitable bids are received the commission will do the work itself.

## MILTON TO PAVE TWELVE BLOCKS

Milton will soon have its Main street paved full width for a distance of 12 blocks, extending from the foot of the hill to the Midway Grocery, according to S. D. Peterson, city attorney.

The highway commission lays a 20 foot pavement through the town and the remainder of Milton's 94 foot thoroughfare will be paved by the town, save for eight feet which will be paved by the traction company. It is understood that Freewater will also pave its chief street, for a distance of three blocks.

## PARIS STORE PLANS WIDE IMPROVEMENTS

Improvements which will total \$5000 will be begun in the near future at the Paris store, according to an announcement made today by W. H. Thomas, the owner.

The innovations include an entire new store front, 20 feet deep, with a large island window in the center, besides the windows on either side of the central case. In the interior, a French dress room where all dresses will be displayed, will be a new feature. The entire system of cabinets is to be changed to the newest style of cabinets. The walls will also be refinished.

In connection with the improvements, Mr. Thomas announces that he is adding silk hosiery, corsets and an extensive stock of silk underwear to the lines he now carries, and to make room for the new goods a clean-up sale will begin tomorrow.
