

TERRORIST RING AGAIN SEEKS LIVES OF PUBLIC OFFICIALS

BOMBS PLANTED IN FOUR EASTERN CITIES DURING NIGHT, EXPLOSIONS FATAL TO TWO

NEW YORK, June 3.—In what may have been a widespread bomb plot, 10 bombs were set off in eight cities between 11 last night and 1 this morning. Policeman William Bochner of New York and unidentified man in Washington, were killed. It is believed Bochner was killed when he seized a satchel containing an explosive at the home of Judge Nott and tried to prevent a blaze. Bits of his body were found scattered over a radius of 100 yards.

Palmer Narrowly Escapes.

WASHINGTON, June 3.—Secret service men throughout the country are hunting for an archaic ring believed responsible for the attempt on the life of Attorney General Palmer, and prominent persons elsewhere in the United States. Tailored remains were found of the terrorist who threw the bomb which ripped open the front of the Palmer residence and shattered windows, furniture and bric-a-brac in Washington's most fashionable residential district.

An empty suitcase, found near the entrance, and a handbill signed "The Anarchistic Fighters" printed on red paper, served in inflammatory fashion and wording notice of the intent of its authors to begin general war on leaders of society, was the only clue available at a late hour.

Mr. Palmer and other members of the family were at home, but escaped any injury, though the front of the residence almost collapsed with the force of the explosion. They were on the second floor preparatory to retiring at the time.

Assistant Secretary of the Navy Roosevelt and his wife in an automobile with a driver were approaching the scene at the time of the explosion. When the blast occurred Roosevelt stopped the machine and ran to Palmer's house. The attorney general appeared perfectly cool. Roosevelt said, remarking, "Everything is all right and nobody is hurt."

Two Firearms Found. So thoroughly was the corpse of the man killed scattered that surgeons had difficulty in ascertaining whether one or two persons had been involved. Pieces of two separate firearms were also located, one an automatic pistol and the other a revolver.

Officials Threatened. Public officials against whose lives it was indicated attempts had been made were:

In Washington—A. Mitchell Palmer, U. S. attorney-general; Claude A. Swanson, U. S. senator from Virginia.

In Boston—Justice Albert F. Hayden of the Roxbury Municipal court.

In Cleveland—Mayor Harry L. Davis.

In Pittsburgh—Federal Judge Wm. H. Thompson and W. W. Shroy, chief inspector of the bureau of immigration.

In New York—Judge Charles C. Nott, Jr., of the court of general sessions.

In Newtonville, Mass.—Representative Leland W. Powers of the state legislature.

Dragnet Out. PITTSBURGH, June 3.—With 14 arrested, police and federal agents are tightening the dragnet thrown out for the anarchists who, last night, exploded two bombs here wrecking six residences. All suspects are aliens and well known radical agitators in the Pittsburgh districts.

Evidence thus far uncovered leads officials to believe the terrorist ring which has shown its hand in several eastern cities is operated either out of Philadelphia or Paterson, N. J.

BY FRANK J. TAYLOR. (United Press Staff Correspondent.) (Copyright by the United Press.) PARIS, June 3.—Russia under the dictatorship of agitators, is a land where liberty is an unknown quantity. It is impossible to buy a shirt, rent a hotel room or to go from one town to another at five miles distance without permits from communist commissaries.

Foreigners Unwelcome.

I entered Russia through the German-Bolshevik front in Lithuania, arriving at Moscow. Owing to the fact there are now no hotels I was obliged to wait still unwashed and unshaved to call on the foreign minister to get a permit to live there.

Only Propaganda.

Bolshevik leaders promised to show me the constructive results of their system, such as the factories running under the commission, but they made evasion after evasion, failing to show me anything other than propaganda and how to interview leaders bubbling over with big ideas, as yet untested.

LEAVING ARCHANGEL.
