

SOCIAL AND PERSONALS

Mrs. E. T. Wade was yesterday chosen president of the Thursday Afternoon Club for the year 1919-20. Other officers elected were: Mrs. A. L. Schaefer, vice-president; Mrs. G. L. La Dow, secretary; Mrs. G. E. Pruitt, corresponding secretary; Mrs. W. D. McNary, treasurer; and Mrs. John Hatcher, auditor. The club met yesterday for a business session in the club room of the library. It was the last meeting of the year and the subject of study for the coming club season, "The United States," was discussed. Usual routine business was transacted and then the election of officers was held. The newly chosen members will succeed the following retiring officers: Mrs. T. M. Henderson, president; Mrs. Thomas Thompson, vice president; Mrs. B. L. Barnum, secretary; Mrs. John Vert, corresponding secretary; Mrs. E. R. Lough, treasurer; and Mrs. C. F. Coleworthy, auditor.

Mrs. A. J. Owen was elected chairman of yesterday's meeting in the presence of both Mrs. Henderson and Mrs. Thompson from the city. The event marked the close of the Thursday Afternoon Club's season and another meeting will not be held until the last Thursday in September.

Mrs. Sylvan Eohn and Mrs. Charles Talbot will be hostesses to Daughters of the American Revolution Tuesday evening at the library club room. The event being a regular monthly business meeting of the D. A. R.

At the last meeting of the year of the Research Club, Mrs. Frank Baker was named to succeed herself as president today that the former Pendleton member enjoyed a delightful afternoon at the home of Mrs. Clarence of the Monday Musical club. Mrs. Penfold, 211 Main street. Mrs. Theo. Rose will build up the newly created Rose Rembrandt and Mrs. Raymond branch during the coming season.

W. C. Sloan, division superintendent, followed a short business out of the Northern Pacific, drove

session. This was the last meeting over from Pasco today in his motor car. Volney Dixon is a Medford arrival at the St. George. T. G. Bantz of La Grande, is in Pendleton. Robert C. Sloane is a Seattle visitor to Pendleton. J. W. Arbuckle is in the city from Danne. E. J. Stevens and Mrs. Stevens, of Tacoma, spent Thursday night in Pendleton. C. H. Lorens, prominent Ukiah stockman, is transacting business here today.

Federick Stever left this morning for Heppner, where he has been called on law business. Felix A. Johnson, a cattle raiser from Hange, is in the city from his Long Creek ranch. Joseph A. Monese, who is one of Echo's sheep magnates, is in Pendleton today on business.

Miss Mary Gilliam, county superintendent of schools in Walla Walla county, is in Pendleton today for a visit with Miss Grace A. Gilliam, county treasurer. They are cousins.

Miss Gladys Hamley left this afternoon for Seattle where she is to enter the University of Washington. Mrs. Mary R. Finney of Boise, Idaho, is expected Sunday morning to spend several days visiting at the home of Mr. and Mrs. John Hailey, Jr. in this city. Following her stay here, Mrs. Finney will go to Portland for a short visit and thence east over the northern route.

Mrs. H. T. Lester returned yesterday from Hildaway Springs, where she has been visiting since last Friday. She attended the opening of the event being a regular monthly business meeting of the D. A. R.

Accompanying an attractive portrait of Mrs. Adah Losh Rose in the annual Bank, declared today there is apparently a need here for a mint to turn out small coins. He is preparing data which he will probably present soon to the Chicago Clearing House association showing the necessity for a government plant in Chicago. Mr. Forgan is chairman of the clearing house board.

James R. Forgan, chairman of the board of directors of the First National Bank, declared today there is apparently a need here for a mint to turn out small coins. He is preparing data which he will probably present soon to the Chicago Clearing House association showing the necessity for a government plant in Chicago. Mr. Forgan is chairman of the clearing house board.

Chicago in Line for Mint.

CHICAGO, June 12.—Chicago bankers will in the very near future attempt to establish a mint here. That there is an urgent need for a new mint in Chicago is demonstrated by bankers said today, during the scarcity of millions of pennies and other small coins. Director Ray Baker of the United States treasury at Washington has recommended that a mint be put in operation here.

James R. Forgan, chairman of the board of directors of the First National Bank, declared today there is apparently a need here for a mint to turn out small coins. He is preparing data which he will probably present soon to the Chicago Clearing House association showing the necessity for a government plant in Chicago. Mr. Forgan is chairman of the clearing house board.

WAR FOUGHT WITHOUT NAME

It is one of the phenomena of the present war that up to April 12 it never had an official or generally accepted name. It has been variously styled by a few writers as the World war and the great war. One of our military journalists suggested that we call it the European war, since this was the first time United States troops fought on that continent. There was an attempt made by our war department to call it the War of 1918, but that feeble flight of imagination never flickered and went out. Some of our army officers christened it, in a spirit of professional estate, the year of the "Existing Emergency," owing to the prevalence of that phase in orders, appointments, enlistment papers. But now we learn, thru General March's announcement of April 12 concerning the new Victory medals to be issued by the United States and the allied nations, that the war at last has a name. For the reverse of that medal is to bear the title "The Great War for Civilization." And the ribbon for the medals is to be one of the colors of the rainbow, doubled with the red in the center. The Great War for Civilization, somehow, says the New York Sun, the phrase has an inconsequential, smug air. There is none of the sonority of such names as the Boerboer war and the Mithridatic war; none of the romantic beauty of a title like the Wars of the Roses; nor such a natural abbreviation as we find in the War of Spanish Succession. In its suggestion of a long span of time our title is insignificant as compared to the Hundred Years' War; nor do we find a national association, as it evoked in a name such as the American Indian war. Only one war has come down to us from the past with the same adjective used in its title as in ours; that is the Great Northern War of the early eighteenth century. For majesty effect the title of our last war is markedly inferior to that of our first contest, the War of American Independence.—Pittsburg Dispatch.

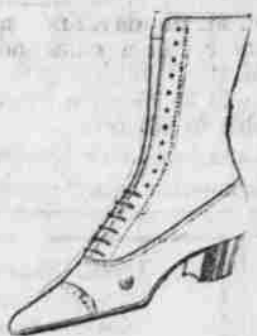

BACK FROM AFRICA WITH PHONOGRAPHIC RECORDS OF MONKEY TALK IN THE JUNGLES

To prove to the world that the monkey tribes have a language of their own and that different species have varying dialects, Professor Richard Lorch Garner has brought back from the Congo district phonographic records of their chatter. He says

a lot of stories published about his work are foolish, but that his records, taken during two and a half years in the jungles, will help very much in determining just what monkey chatter means. He brought with him 300 boxes of valuable specimens of Congo animals.

WHY "Osteotarsal" Shoes?

BECAUSE—They relate to "Tarsal" bones of foot.
—They have great remedial quality.
—They bring toes to natural straight lines.
—They correct tendency to "toe out."
—They guide the feet.
—They give proper balance to the body.
—They have flexible arch, or shank, that bends with every motion of the foot, exercising unused muscles and strengthening feet that have weakened arch or tendency to drop.

You don't need an "arch support" with these shoes.

You can correct "foot troubles" by wearing these shoes. They are dressy too. Either black or white.

"Laynes"
THE LADIES' STORE

WILL OPERATE FOR CRIMINAL TENDENCY

PORTLAND, Ore., June 12.—If an operation proves successful in bringing about his redemption, Jack Shultz, indicted for assault and robbery, being armed with a dangerous weapon, will not be prosecuted, according to the decision today of Presiding Judge Gaten.

Continuance of the trial pending the outcome of the operation and a probation period afterwards, was ordered Thursday by Judge Gaten upon the testimony of surgeons that they believe removal of a piece of bone pressing upon Shultz's brain, the result of an accident, might make him a different man.

Shultz was indicted with Julius Ward on a charge of holding up and robbing R. C. Conway of \$25. on April 28, 1919. Both men were armed, one with a shotgun and one with an automatic revolver.

Investigation proved that Shultz has never been implicated in any other crimes and that since his accident several years ago he has not been normal. His brother appeared in court and testified that Shultz had always been exemplary in every way and that he believed his present difficulty arose from the injury to his head.

MAY SETS RECORD IN HIGHWAY WORK

WASHINGTON, June 12.—During May the Secretary of Agriculture approved 124 Federal aid projects, involving the improvement of 756.87 miles of road at a total estimated cost of \$15,120,771.00, and on which Federal aid in the amount of \$6,382,081.26 was requested. This represents the largest project approval in any one month since the passage of the Federal Aid Road Act.

During the month there were executed by the Secretary and the several State highway departments 51 project agreements, involving the improvement of 667.71 miles of road at a total estimated cost of \$7,995,867.23, and on which \$3,570,947.22 Federal aid was requested and set aside in the Treasury. In addition, agreements to cover 59 other projects were placed in process of execution during the month.

Up to and including May 31, 1919, project statements for 1,188 projects had been approved. The 1,188 projects involved 11,350.10 miles of road, a total estimated cost of \$108,295,229.15, and a total of \$43,074,176.63 Federal aid. On the same date 617 project agreements had been executed, involving 5,291.85 miles of road, at a total estimated cost of \$47,425,749.49, of which \$19,521,259.27 was from Federal funds.

All machines to be of standard make and to be guaranteed as to operation by the bidder.

The Common Council reserves the right to reject any and all bids at its pleasure.

This notice is published by order of the Common Council of the City of Pendleton, made June 11th, 1919.
THOS. FITZGERALD,
City Recorder.

Taking Big Chances.
It is too much of a risk to depend upon neighbors or sending for medicine in case of a sudden attack or bowel complaint. In almost every neighborhood some one had died from cholera morbus that could easily have been saved had the proper medicine been at hand. Then think of the suffering that must be endured until medicine can be obtained. The safe way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy, a preparation that can be depended upon. Buy it now. It only costs 25 cents.

How to Get Rid of Your Rheumatism.
If it is chronic or muscular rheumatism all you need it to massage the affected parts with Chamberlain's Liniment. You are certain to be pleased with the relief which it affords.

Loss of Appetite.
As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.

Diamonds and pearls can be kept under a pillow—but if you have home in your basement, telephone for the police.

That is how San Francisco feels about it. A dozen times a day a call like this is received by the police: "This is Kelley on Valencia street. Just got a new lot of Haig and Haig. Will you have the cop on the beat watch the place tonight?"

Owners of whiskey and wines are making more calls upon the police to protect their property than any other class of people. Jewelers are careless, compared to those who have stocks of booze. The mint is reckless, but the owner of the ingredients of mint-julep is not.

Time Brings Joy And Happiness

As the Hours Pass the Coming of Baby Draws Nearer—Are You Prepared?

No woman availing the joy of coming motherhood should allow the days to pass without using the wonderful penetrating application, Mother's Friend. By its regular use throughout the period the system is prepared for the coming event and strain and tension is relieved. It renders the broad, flat abdominal muscles pliant and they readily yield to nature's demand for expansion. As a result the nerves are not drawn upon with that peculiar wrenching strain and nausea, nervousness, bearing down and stretching pains are counteracted. The abdomen expands easily when baby arrives and the hours of the crisis are naturally less. Pain and danger as a consequence is avoided.

Mother's Friend not only allays distress in advance, but assures a speedy recovery for the mother. The skin is kept soft and smooth and natural and free from discoloration. Write to the Bradford Regulator Company, Dept. J, Lamar Building, Atlanta, Georgia, for their Mother's Friend, and procure a bottle of Mother's Friend from the drugist. It is just as standard as anything you can think of.
