WILL PAY PREMIUM TO COVER STORAGE

Additional Wheat Price is to be Announced Periodically.

NEW YORK, June 14.—To preserve a natural flow of wheat from the farm, a periodical premium covering storage charges will be added to the basic price at various guarantee markets, according to an announcement here by Julius H. Barnes, United States wheat director.

These premiums will not be introduced during July, when basic prices prevailing for the last year will remain in effect. For each succeeding month, however, premiums will be announced 30 days in advance.

Mr. Barnes also announced that railroad rates from intermountain and Pacific coast territory to Galveston and New York soon will be reduced to 56 cents per hundred, the equivalent of 33.8 cents per bushel. This reduction, Mr. Barnes explained, is intended as a relief to the producers in those sections as the grain corporation cannot continue its practice of making effective a \$2 blanket minimum price for all wheat at intermountain points, but will be obliged to confine itself to paying \$2 at Pocatello, Great Falls and Salt Lake City, leaving the rest of the western territory to base on the commercial market most readily reached by it.

To assure a larger flow of wheat to the gulf ports, Mr. Barnes said he had decided to seek an executive order increasing the No. 1 base price at Galveston and New Orleans from \$2.28 to \$2.50 per bushel. He added that he expected this change would become effective July 1.

SEEK REFERENDUM ON ON KNEX RESOLUTION

WASHINGTON, June 14.—"An official referendum" on the Knox resolution is sought in an effort to prevent the senate from passing the measure. The referendum is expected to be evidenced by letters, the writing of which speakers from the league to enforce peace are to urge all over the country. They expect it to result in a great flood of letters showing that the people regard the Knox resolution as a partisan attempt to destroy President Wilson's influence abroad. While leaders on both sides today sought rest in preparation for what promises to be the senate's strenuous week, it was admitted there is uneasiness among the Democrats. Some of them frankly acknowledged they wish Wilson would come home and personally take charge of the fight which they feel is peculiarly his.
