## The Bargain Basement

Pendleton's Lowest Price Shop

**YOU DON'T SEE ANY PRICES LIKE THESE ELSEWHERE IN PENDLETON.**  
And there's a reason for it. These prices are not set with the expectation of a profit. There is another object in view and that is a reliance of the odds and ends from our big, clean, high quality stocks of merchandise up stairs. There must be a PLACE to rid ourselves of these odds and ends, and the Bargain Basement is that place. There must be a WAY to be rid of them and that way is to sacrifice the price disregarding original cost and high quality. The regular merchants get a profit—the Bargain Basement cleans up.

## ENGINEER PESSIMISTIC OVER ZINC OUTLOOK

**Salient Points in Record for Past Year Show Situation Bad.**

ST. LOUIS, June 19.—Conditions in the zinc industry in the past 12 months

were discussed by Otto Ruhl of Joplin, consulting mining engineer, at a session of the American Zinc Institute here recently.

Ruhl made a pessimistic summary of conditions, saying that the salient points in the year's record were:

1. Production in Missouri and Arkansas has grown smaller since last year.
2. Output of Oklahoma and Kansas holds strongly at 9000 to 10,000 tons.
3. Production is maintained at a high level in spite of large numbers of mills closed down.

4. Only the richest ore deposits can be worked and the best organized companies can operate, and much of the ore is being produced at a loss.

5. Ore prices declined \$11.89 a ton over last year, but this did not greatly reduce output of ore.

6. Cost of production remains high and changes in some items, while lower have been balanced by others that have advanced.

7. End of war brought all price agreements to an end and no co-operative efforts since have been successful.

time of the night," the policeman replied. Immediately the policeman reported, Cassimino abused the country, the city, the Government, the police and some other things. The policeman sought to arrest him, and was kicked in the abdomen. In the field that followed the Greek was subdued with a night stick, and taken to the city dispensary. Disturbing the peace, resisting arrest, committing a nuisance are some of the charges placed against the prisoner when he was locked up.

## His Punishment.

"Mama, did you love to flirt when you were young?"  
"I'm afraid I did, dear."  
"And were you ever punished for it, mama?"  
"Yes, dear, I married your father."

**CARS RUN IN WINNIPEG**  
WINNIPEG, June 19.—For the first time since May 15 limited street car service started here yesterday. Several cars carrying regular crews and three special police appeared. No attempt so far has been made to interfere with their operation. Company officials stated they were generally increasing the service. Job pressmen and book binders announced they would return to work. Twenty-one alleged intimidators were arrested Tuesday.

Patience is the right tower of success.

Ask the representatives, 546 Main street, about the Astoria Marine Iron Works government fostered proposition.

## Outrageous

"Yes," said the man from New York who stood on the deck of a Cunarder leaving Liverpool. "England is the most awful corner, for tips I ever struck. I've been hooked at every turn for the last month, but," he added, savagely, "the last tryon was a bit more than I could stand."

"What was that?" inquired the man to whom the remark was addressed.

"Well," said the tourist, "I had tipped every man from the captain of the house of lords down to the man that gummed the wrong labels on my luggage, and I went into the waiting room on the landing stage to wash my hands of everything English and what do you think stared me in the face when I was finished, but 'please tip the basin,' I'm hanged if I did!"

Ask the representatives, 546 Main street, about the Astoria Marine Iron Works government fostered proposition.

## O. A. C. Ranked Again as Distinguished College by War Department

OREGON AGRICULTURAL COLLEGE, Corvallis, June 19.—The "Distinguished College" honor has been given the Oregon Agricultural College by the war department for the third time, the government having placed the institution from a military standpoint, among the 19 best in the country.

While Colonel Joseph K. Partello, professor of military science and tactics, and Captain Denis Hayes, adjutant, who put the members of the college regiment through strenuous drill before the inspection was made, are given much praise for their work, credit for the honor is considered due in large part to the spirit among the men which has been developed through many years as a result of the leadership of such men as Brigadier General V. G. McAlexander, Brigadier General V. A. Caldwell, Major T. F. Maginnis, Colonel Alfred C. Sharpe, and Colonel Partello.

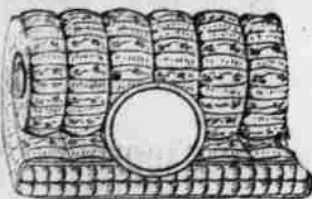

## Asks for Drinks, Kicks Policeman in Stomach

ST. LOUIS, June 19.—Savvas Cassimino, a Greek, 18 North Eleventh street stopped Patrolman Considine at Fourteenth and St. Charles streets, at 2 a. m. today, and inquired where he could get a drink and a wash.

"Nowhere that I know of at this
