### And So Endeth the War

A war like a fight is usually a losing proposition on both sides, though eventually good may come out of it. It sits people—and nations to action, where before they were sluggish and dormant.

Long existing wrongs may be righted though at a great sacrifice.

Our nation will be the gainer in many ways; the returning boys will appreciate more than ever that the United States is unmatched in possibilities and that there is no better place to live.

New enterprises are starting everywhere; the busy hum of men will be heard throughout the land.

### 1,000,000 GALLONS STORED AWAY IN PHILADELPHIA

PHILADELPHIA, June 28.—More than 1,000,000 gallons of whiskey will be in bonded warehouses in this city when wartime Prohibition becomes effective, is the estimate of the Collector of Internal Revenue here. It cannot be withdrawn after July 1 except for compounding medicines, or if the Government will permit its exportation. Approximately 1200 barrels of whiskey have been exported in the last few weeks, and a vast amount has been shipped for transportation to England and France.

## Some Cattle Ranch

We believe the cattle ranch described below, is a REAL BARGAIN at the price. The owner is in poor health and will sacrifice greatly in order to clean the deal up.

There are 3,412 acres of deeded land, and 5,000 acres of rented land—very cheap rent. Total 8,412 acres in all.  
On the deeded land there is fine improvement—large home thoroughly modern, good barn and other buildings. There is also 775 acres now in hay—irrigated, 200 acres in grain and 400 acres more level land which can be irrigated, making in all 1275 acres which can be irrigated. Ample water for all irrigation.

With this ranch goes all personal property, which includes 600 head of cattle, with 15 registered Herford bulls; also 30 head of horses, all machinery, harness and implements of all kind.

The irrigated land alone is worth the price asked for the whole proposition. If you are interested, look it over with us and if you don't pronounce it a BARGAIN, we will pay your expenses for the trip.

### SET MOONEY PROTEST WALKOUT FOR JULY 4

NEW YORK, June 28.—A general protest strike to demand immediate retrial or release of Thomas Mooney is to be held in Seattle July 4. President Duncan, of the Seattle central trades union, stated today. He declared protest strikes will be held in various parts of the country beginning on the Fourth and continuing at special intervals until Mooney is freed. California and Oregon unions will walk out en masse, Duncan said.

### PLEA, "DO YOUR DUTY," DEFEATED ORLANDO

ROME, June 28.—"Remain faithful to our duties toward the allied," was a passage in the address of Premier Orlando which turned the tide against the premier and resulted in the adverse vote which had its sequel in the resignation of the Orlando cabinet.  
The premier's words aroused the anger and hostility of the deputies, several shouting across the chamber at the premier when speaking. There was a great tumult and cries of "The allies have never been faithful to us, why should we be faithful to them?"  
Signor Orlando's fateful utterance so stirred the deputies that the remainder of his speech received but little attention. The intransigent socialists, led by Deputy Modigliani, were especially violent, while the discontent of the others was voiced by Francesco Nitti, former minister of the treasury.

### END OF THE WORLD IS AT HAND AGAIN

LONDON, June 28.—The Rev. W. Webb Peckoe, Prebendary of St. Paul's Cathedral, speaking at Hove, predicted the speedy end of the world. The great chance he said, might be near, at any day or night, and he predicted that at the close of this year the world's history would come to a conclusion. The aged Prebendary's declaration caused a sensation and he urged his hearers not to be frightened but ready.

### Stole \$800, Misses \$12,000.

TOLEDO, June 28.—Two bandits, after binding Miss Tessie Truident, teller and cashier of the Ironville branch of the People's State Savings Bank, in East Toledo, today escaped with \$800 in cash.  
Depositors entering the bank frightened the bandits away before they could open a vault in which was \$12,000 in currency. The robbers escaped in an automobile.
