"You can make your work easy in these hot summer days by using the Hugro No. 5, the national vacuum sweeper."

It is in this little De Luxe Fibre Roller of ours. An exclusive feature and found only on the Hugro. Notice it is just back of the Dust Nozzle. and makes it possible for you to get right down to business with this machine. No other sweeper gets so close to the floor or runs more lightly. If you fold half as much again you would get no better results. Just because of these rollers it is impossible for a Hugro to scratch even the finest polished floor and lifting over rugs is unnecessary.

Here are 12 other reasons why The Hugro vacuum sweeper is popular with the user. It is the model of simplicity—only 12 working parts. And it is as strong as it is simple. Therefore the Hugros just can't get out of order.

RENO MAYOR TAKES OVER WIRE EXCHANGE

Striking telephone girls were invited to return to work, the city guaranteeing them the wage demanded when they struck with other coast operators.

TREASURE BURIED BY PEON BANDIT IS BELIEVED LOST

MEXICO CITY, July 10.—Search for the lost treasures of the bandit Chavez Garcia, who, before his sudden death from influenza last fall, was said to have buried large quantities of loot in the mountains of Michoacan, has almost been discontinued, with the location of the treasure still a mystery. It was reported that Garcia buried much of his loot in a labyrinthine cave near Penjamillo, Michoacan, and the

people of that village for months have maintained an enthusiastic but futile search for it. A similar search was made in the state of Durango, where Thomas Urban, another bandit, was said to have hidden a large amount of stolen goods.

Stolen Jewels Depository Believed Found in West Millions Are Involved

NEW YORK, July 10.—Discovery in a large city of the Middle West of a depository for stolen jewels, which may reveal millions of dollars worth of such gems was hinted at yesterday in connection with the search for the \$275,000 worth of jewels belonging to Mrs. Clarence Millhiser. The jewels were taken from her safety deposit box at the Biltmore Hotel.

and that it was most probable the work was done by an organized band of robbers with headquarters in a large city in this country.

A \$10,000 reward offered on Wednesday night by the Biltmore Hotel caused great activity on the part of detective agencies in every part of the United States, and even in Paris and London.

Among the missing jewels, it was announced was a 20 karat diamond ring. Detectives said they believed the thieves would cut this stone into smaller pieces and dispose of it in that way. They also said they feared the strand of pearls might be taken apart and sold a piece at a time in case the thieves were not caught before they had time to make these alterations.

HANOVER HAS RIOTS
BERLIN, July 9.—Several were killed and many wounded at Hanover today in a clash between strikers and government forces. The latter succeeded in breaking up the strike after issuing an ultimatum threatening drastic action.

FOUNDER OF TOWN DANGEROUSLY HURT
JOHNSTOWN, Colo., July 10.—J. H. Parish, founder of Johnstown, is in a critical condition as the result of a peculiar accident. While driving from Greeley he got out of his car to remove the end of a broken telephone wire from the road. While holding the wire another automobile struck the wire and tripped Parish, throwing him violently to the ground, injuring his back.
