## Disabled Engine is Delaying Arrival of R-34 on Other Side

LONDON, July 12.—The R-34 is 850 miles west of London at 11 Greenwich time, the air ministry today announced. Due to storms over Scotland the ministry wireless the dirigible shortly before noon to land at Pulham, Norfolk, instead of going to East Fortune. The craft is expected at Pulham at 9 Sunday morning. A disabled engine caused the R-34 to reduce its speed to 35 knots an hour according to a message sent at 8 o'clock, saying: "Four thousand feet above the clouds, going across, engine disabled—engine. We are about to descend to look at the sea. All well."

The dirigible averaged 45 knots for several hours after leaving. It gradually increased to an average of 50 and even making as high as 50 at one time.

## TROOPS ORDERED OUT

AUSTIN, Tex., July 11.—Governor Hobby today ordered a company of Texas rangers and two companies of the national guard to Long View to deal with a mob of negroes who have killed and wounded and several houses burned, according to reports which the governor received. He received an appeal for troops from County Judge Bramlette at Long View.

## WILLARD TAKES THE COUNT OF NINE

Dempsey never tired. He stood over the champ and hit him soon as Willard's two feet were on the floor. This was the knockdown at the end of the first round, when Willard took the count to nine—and half the crowd thought the fight was over.

## "You can make your work easy in these hot summer days by using the Hugro No. 5, the national vacuum sweeper."

It is in this little De Luxe Fibre Roller of ours. An exclusive feature and found only on the Hugro. Notice it is just back of the Dust Nozzle. Notice it is just back of the Dust Nozzle, and makes it possible for you to get right down to business with this machine. No other sweeper gets so close to the floor or runs more lightly. If you paid half as much again you would get no better results. Just because of these rollers it is impossible for a Hugro to scratch even the finest polished floor and lifting over ridges is unnecessary.

Here are 12 other reasons why The Hugro vacuum sweeper is popular with the user. It is the model of simplicity—only 12 working parts. And it is as strong as it is simple. Therefore the Hugros just can't get out of order. Satisfaction Guaranteed or Money Refunded.
