

SOCIAL AND PERSONALS

Mrs. Marion Jack and her family are domiciled for the summer in the attractive Jack cottage at Meacham. An additional member of the party is Miss Marguerite Humphrey who accompanied them as the guest of Miss Merie Jack.

Miss Thelma Salting is spending a month in Boise, Idaho, as a guest at the home of her uncle and Aunt. Mr. and Mrs. Abe Jones.

The Ladies of the Missionary Society of the Baptist church will meet tomorrow afternoon at 2:30 o'clock in the basement of the church for their regular monthly meeting. Hostesses for the day will be Mrs. William Goedecke, Mrs. L. F. Lamplin, Mrs. Guy Johnson and Mrs. W. W. Harrah. An interesting program is planned for the meeting for which a cordial invitation to all friends is extended.

Miss Edith Johnson yesterday became the bride of Dr. E. O. Parker, the service being performed in Day-

ton late in the afternoon. Accompanying the couple were Mr. and Mrs. Fred Earl with whom they had spent the past fortnight on a motor trip through Washington and British Columbia. The announcement of the marriage made upon their arrival here came as a surprise as their plans had not been made known and friends are showering them with good wishes. The bride is one of Pendleton's most popular girls and Dr. Parker is one of the most prominent of the city's physicians.

Miss Ruth Griffith and Miss Elizabeth Dyer of Salem are expected to arrive this evening or tomorrow to be houseguests of Miss Katherine McNary at the home of her parents, Dr. and Mrs. W. D. McNary.

Surprising Mr. and Mrs. H. E. McLean in a delightfully informal way last evening a dozen friends bringing baskets heaped with "goodies" for a dinner called at their home on Lewis street shortly after 8 o'clock. Later in the evening an hour of music was enjoyed before the callers departed.

C. T. Hamilton is in the city from Portland.

Mr. and Mrs. W. A. Wallace of Freewater are in the city today.

Mr. and Mrs. Troen, of Spokane, are at the Golden Rule.

O. Dupont is here today from Sacramento, California.

S. Campbell of Condon, is a visitor in the city today.

Roy Alexander returned this morning from Portland.

Earl Trovada is in the city from Walla Walla. He is at Hotel Pendleton.

Cubists Have Folded Tent.
LONDON, July 29.—What has happened to all the impressionists, post-impressionists, futurists, cubists, who used to shock the public with their puzzle pictures? An Evening News representative visited the tenth exhibition of the London group, at the Mansard galleries, and without a catalogue he understood every picture in the gallery. Many of them were as clear as picture postcards, and some were beautiful. There was hardly a "shocker" among them!

SAYS JAPAN BUYS MEXICAN HOLDINGS

WASHINGTON, July 29.—Japan is buying interests of Americans in Mexico, who want to leave their holdings because they feel they are insufficiently protected, Senator Phelan declared today in an interview. He made the statement in urging the government to take a strong hand in safeguarding American rights south of the Rio Grande.

"In view of the critical oil situation and the establishment of a policy by Britain to absorb the oil of the world, both in the United States and out, if possible our government, as a means of natural protection, should take a positive stand in Mexico and see that American interests are protected in an emphatic and conclusive way," said Senator Phelan. "Japan is buying claims of discouraged Americans in Mexico who do not hope for any protection. As soon as this government vigorously takes an interest in the matter Americans in Mexico will be given renewed encouragement and the United States will be able to make up the deficit in its oil supply. This is a matter of so much importance there should be no delay."

Every man thinks he could set the pace if he weren't handicapped.

Answering a fool according to his own folly but adds to the foolishness of the world.

WHOLE N. Y. BLOCK HAS ONE TUB FOR BATHS FOR 1,700

NEW YORK, July 29.—A housing survey of a block in East Thirtieth street made for the state reconstruction commission shows one bathtub in forty-three tenement houses in which live 1,700 persons. The bathtub is the property of a saloonkeeper. It is for use by the owner and his family and comparatively few of the other 481 families on the block have even seen it. However, the fact that the bathtub is in existence is one of the neighborhood izzids. The next nearest approach to bathing facilities discovered by the investigators on that particular block was a stationary washtub, fitted up with a partition which can be lifted out on Saturday nights. The tenements on the block are far from overcrowded. There are 1,573 rooms for 1,702 men, women and children. Of the children, 233 are under 5 years of age.

PLANS FOR THEATER LIKELY ABANDONED

(Continued from Page 1.) showed a considerable saving to the lodge in selling the present property and building on a new lot. It is estimated by building contractors that it will cost only from \$7000 to 4,000 more to build from the ground up than to reconstruct the present building whereas the lodge will realize about \$26,500 cash by the acceptance of the Hamley offer. The estimated income from the new building would take care of all expenses and provide an annual sinking fund for the retirement of the indebtedness. Temple to Cost \$140,000. In the opinion of financial men present, the lodge could borrow on a first mortgage 50 per cent of the cost of construction, which, with the money realized from the sale of the present building, would leave only about \$40,000 to be raised through the sale of five or six per cent bonds. The total cost of an entirely new building, including furnishings, will not exceed \$140,000, the committee stated. The acceptance of the Hamley offer would not necessarily mean that the Elks would build on Garden and Court as the lots there would find a ready sale should some other location be deemed preferable. The majority sentiment last evening was for that location, however, over other locations suggested. The proposed building would not cover the full site, thus leaving the Elks a frontage to sell. The meeting last evening cleared up the situation very materially and the building committee expects within a very short time to make a definite decision which will result in the beginning of construction work not later than Sept. 1.

Taking Big Chances.

It is too much of a risk to depend upon neighbors or sending for medicine in case of a sudden attack of bowel complaint. In almost every neighborhood some one had died from cholera morbus that could easily have been saved had the proper medicine been at hand. Then think of the suffering that must be endured until medicine can be obtained. The safe way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy, a preparation that can be depended upon. Buy it now. It only costs 25 cents.

How to Get Rid of Your Rheumatism.

If it is chronic or muscular rheumatism all you need is to massage the affected parts with Chamberlain's Liniment. You are certain to be pleased with the relief which it affords.

Loss of Appetite.

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.

RETURNING SOLDIERS AND SAILORS

Maybe you have a job waiting for you. If you have, you'll find that books will help you brush up on details you may have forgotten while learning to win the war. If you're undecided as to what to do, the books or opportunities in different kinds of work will help you choose. Practical advice about the choice of work, and on making good, is given in "The Young Man and His Vocation," by Harris. A study of the openings in agriculture, commercial occupations, transportation, civil service, manufacturing, building and machine trades, engineering, medicine, teaching, and other professions will be found in Gowin and Wheatley's occupations. In "Business Employments," by Allen, is treated the business side of manufacturing, of modern retail trade and of finance, with concrete illustrations drawn from the manufacturer, a department store, and a study of banking institutions. Weaver's "Profitable Vocations for Boys" suggests many possibilities of worthwhile work for men. If professional work appeals to you more than business or industrial work, you will find suggestions about training for law, the ministry, teaching, medicine, scientific work, engineering, agriculture, journalism and other fields, and the openings in them, in Brewster's "Vocational Guidance for the Professions."

OTHER VOCATIONAL BOOKS

Work in the public service, helping to fight disease, crime, and poverty, is stirringily presented in "The Youth and the Nation," by Moore. And there are other books, not only on general occupations, but also on special kinds of work. Some of them are sure to fit your interests and ability, and start you in the right direction. Allen—Law as a Vocation. Blackford—The Job, the Man and the Boss. Bloomfield—Vocational Guidance of Youth. Bloomfield—Readings in Vocational Guidance. Brewer—Vocational Guidance Movement. Davis—Vocational and Moral Guidance. Hall—How to Get a Position and How to Keep It. Hemingway—How to Make Good. Parsons—Choosing a Vocation. Puffer—Vocational Guidance. Rollins—What a Young Man Can Do. U. of O.—Choosing a Career. ASK FOR THESE AT THE COUNTY LIBRARY. Bullens—Steel and Its Heat Treatment.

BOOK SHELF "Books should to one of these four ends conduce, for wisdom, piety, delight, or use.—Sir John Denham. LIBRARY "MOVIE" AT ECHO Running the town "movie" is a new activity for a library, yet that is what the Library Board of the Echo Library is doing successfully. It happened this way. In January 1918 the moving picture show in Echo was for sale and the Library Board persuaded the City Council to lend the Board the money with which to buy it. The proceeds of the show go to pay off the debt, which the "Spanish influenza" of last winter prevented from being cleared by this time. When this is completed the profits will be spent for books. The movie theatre is located in the Municipal Building for which the City Council charges \$20.00 a month rent. Only the best films are shown, a six or eight reel "drama" and a comedy. On Saturday night, (there is but one show a week), people flock in from the surrounding country and even from the neighboring towns for they are always sure of a good show. The manager of the theater, W. H. Grady who is also the town recorder and the publisher of the Echo News, gives his services free of charge and even saves drayage by carrying the films to and from the station in his automobile. For everything else the board pays for the operator, for room rent, for the films and the express charges. The Echo Library, which is also located in the Municipal Building is a
