

DAILY EAST OREGONIAN, PENDLETON, OREGON, WEDNESDAY, JULY 30, 1919.

PLAN DRIVE FOR HOME FOR ABANDONED BABES

"Be a Brick, Buy a Brick" Campaign Will be Launched Soon in Pendleton.

A drive for funds for a fireproof building in which to house the nameless, homeless and abandoned babies of Oregon, will be made soon and this city will be called upon to help. A prominent society matron of this city will be appointed chairman of the "Be a Brick, Buy a Brick" campaign for this locality. Mrs. Joseph A. Hill is chairman of the campaign which is being conducted by the Pacific Coast Rescue and Protective Society. Mrs. Hill is the wife of the president of Hill Military Academy but is better known as Edith Knight Holmes, for several years a department editor and feature writer of the Oregonian.

ALFALFA PAYS IDAHO MAN

SPOKANE, Wash., July 29.—A dispatch from Moscow, Idaho, reports what is believed to be a record return from alfalfa. Robert West, south of the town, sold his first crop for \$60 per acre, and the second at \$30 per acre. He has now purchased an adjacent tract at \$200 an acre and will raise more alfalfa.

Princeton Student Fined \$2,500 for Assault and Battery After Accident

TRENTON, July 29.—Carroll Billits, eighteen, of Norfolk, Va., a student at the Princeton preparatory school, was sentenced by Judge Marshall in the Mercer court to pay a fine of \$1000 on each of two charges of atrocious assault and battery and \$500 on another charge of atrocious assault and battery, making a total fine of \$2500 with costs. The charges were the outcome of an automobile accident on the night of April 23 last on the Lawrenceville road between Trenton and the college town of Lawrenceville, in which Mrs. Bessie Swan and her son, John Swan Jr., were killed, and her husband, John Swan, and daughter, Elizabeth, and Mrs. Frances Cox, an employe of the state department of health, were injured when run into by an automobile claimed to have been driven by Billits.

Takes Bath in Red Paint.

SAPULPA, Okla., July 30.—P. L. Rose, an engineer for a gasoline company here, became suddenly delirious, terrorized his fellow employes at the power house for some time and took a bath in red paint. He was taken in charge by county officers and later Sheriff Abe Bruce took him to the state hospital at Norman. He still showed evidence of his bath when he went to Norman.

BAKER WILL VOTE ON CITY IMPROVEMENTS

Propositions up Sept. 23, Include \$135,000 Park Addition, \$50,000 Natatorium.

BAKER, July 29.—At a meeting of the commissioners yesterday afternoon a special election was called for September 23 at which time three propositions will be presented to the taxpayers of the city. The first measure will be the proposition of bonding the city in the sum of \$135,000 to provide funds for additions and improvements to the city park, the purchase of Sam-O Springs and the erection of a natatorium to cost in the neighborhood of \$50,000.

The improvements to the park would consist of the setting aside of a modern tourists' park and construction of a boating and ice skating pond. The voters also will amend the city charter by adding the words "sidewalks and curbing" to subdivision (A) of section 94 of the charter, thereby allowing property owners of the city to take advantage of the Hancock act for the payment of the costs of cement sidewalks on their property. The other proposition to be voted upon is the bonding of the city in the sum of \$88,164 to provide for the grading, leveling and construction of cross-walks at street intersections in all parts of the city. It is proposed that the later bonds be issued only as the work is completed and not all at one time.

Plans for University of Oregon Woman's Building Accepted by Committee

EUGENE, July 29.—Plans and specifications of the woman's building at the University of Oregon have been accepted by the building committee of the regents and advertisements are now appearing in the newspapers asking for bids on the walls of the structure. Bids are to be opened August 12, but no contract will be let. It is announced, until about \$100,000 pledged by Eugene people toward the building fund is paid. Efforts will be made to collect this sum at once, so that there will be no delay in letting the contract. There is only enough money in the building fund to let the contract for half of the building. After the walls are up it is hoped by those in charge of raising the money to have secured sufficient to let the contract for the finishing.

MAIL BY AIRPLANE TO SHIPS AT SEA

NEW YORK, July 29.—Postmaster Patten announced yesterday the receipt of information from Washington that the post office department is to undertake the operation of a flying boat mail service to trans-Atlantic liners. Postal officials, with the aid of David Lindsey, an official of the International Mercantile Marine, which operates the White Star Line, have established a route. The first mail pouch to be delivered in the new service will be to the steamship Adriatic, scheduled to leave this port for Liverpool on August 9. The liner will sail at noon. The mail flying boat will leave New York a few hours later to drop mail aboard.

Inglis M. Uppercu has supplied a flying boat for the experiment. It was recently used by Pilot E. J. Zimmerman to meet the Leviathan ten miles out at sea. He dropped a pouch on the incoming transport. The pouch held messages of welcome to the troops. It has not yet been decided whether the mail pouch will be dropped directly on the Adriatic's deck or released by parachutes to drop to the sea and be picked up by the steamship.

Get Haircut, Bath Orders to All Poles

WASHINGTON, July 29.—Every man, woman and child in Poland has been ordered to have a haircut and bath, according to word received by the American Red Cross here. The Red Cross is helping the Polish government carry on a campaign against typhus, 100,000 cases having been registered. The health authorities agreed that the only way to stamp out typhus is to reclothe over 5,000,000 persons after they have had the necessary bath and haircut. The epidemic is especially prevalent in congress Poland and Galicia.

HEN LAYS EVERY DAY

SPOKANE, July 29.—A chicken owned by D. Tancred, Kent, Wash., laid 30 eggs during June in the all-northwest egg-laying contest under the auspices of the State college of Washington at Pullman, thereby carrying off honors for the month. Another chicken in Mr. Tancred's pens produced 29 eggs during the month. Under the head of return above feed cost, White Lehigh headed the list. In the order specified other breeds were Rhode Island reds, Rhode Island whites, barred Rocks, Wyandottes and Black Minorcas. Five birds tied for third place in the egg-laying contest with 28 each.

Pretty Colors.

Blue and white is a very common color scheme for bedrooms, and almost any combination of blue and white is pretty for rugs. Those made in shades of tan and brown are lovely for a yellow room.

Unhappily Married, Wished to Die in War, He Now Asks Divorce

NEW YORK, July 29.—John A. Sidney, a manufacturer living at the Hotel McAlphin, says in an affidavit filed yesterday in the Supreme Court that he wanted to "get killed over there" for the double purpose of "laying down his life for his country" and "avoiding all domestic difficulties."

Mr. Sidney makes this statement in a paper which he has filed in connection with a suit for alimony brought by his wife Alma, who is seeking a separation. They were married July 21, 1917. Mrs. Sidney is now a manicure at the Hotel Martiniague. She says Sidney treated her cruelly. "I was drafted into the National Army in August, 1918," says Sidney. "And not alone was I glad to serve my country, but I was also very glad that it gave me an opportunity to forget my marital unhappiness. I then hoped to be sent across very soon and to be killed or die in the service, and thus effect the double purpose of giving my life for my country and avoiding all future unhappiness with my wife. "However, I did not have the good fortune, for shortly afterward the armistice was declared."

MARY McLANE JAILED FOR KEEPING GOWNS LENT TO HER FOR MOVIE

CHICAGO, July 30.—Having only \$5 cents in her possession, and that amount being unacceptable to the police as a bond, Mary McLane, author of "I, Mary McLane," and heroine of the film, "Men Who Have Made Love to Me," languishes in jail here. She was arrested on a warrant sworn out by Mme. Ala Ripley, a modiste, who charges the actress-author with larceny as bailed through failing to return gowns and furs lent her for her appearance in a movie production.

Kite Flyer is Killed.
SACRAMENTO, Pa., July 29.—While emulating Benjamin Franklin and flying a kite during a thunderstorm, Andrew Lovak of this city, was killed when a bolt of lightning followed the wet kite string from the skies.

When you hear a man say that he is tired of the world it's a safe bet that the world is tired of him.

WOMAN LEGISLATOR FOR EXTRA SESSION

Mrs. Alexander Thompson Wants Suffrage Amendment Ratified by Oregon.

SALEM, July 29.—Mrs. Alexander Thompson, representative from Wasco county during the 1917 and 1919 sessions of the Oregon legislature, has written a letter to Governor Olcott in which she says she will waive her salary and per diem in the event the executive will call the lawmakers together to ratify the woman's suffrage amendment to the federal constitution. Mrs. Thompson also urges other legislators to follow her example and mildly takes the governor to task for imposing conditions which she intimates are unfair to the women of Oregon.

Mrs. Thompson now resides in Portland. Her friends say she would not be averse to making the campaign for United States senator or governor at the next election.

Representative George W. Weeks of Marion county called on the governor today and expressed himself in favor of a special session.

John W. Cochran, chief clerk of the senate during the last four sessions of the state legislature, today volunteered to handle the affairs of that position gratis if Governor Olcott calls the lawmakers together to ratify the woman's suffrage amendment to the federal constitution. Mr. Cochran has had much experience in legislative matters in Oregon and was secretary of the Republican state central committee during the last campaign. He has expressed himself in favor of a special session of the legislature in the hope that women in all sections of the United States may vote at the next presidential election.

IDAHO GETS NEW COACH

SPOKANE, July 29.—Ralph F. Hutchinson, former Princeton star has been appointed assistant coach for the University of Idaho football team. He was one of the greatest quarterbacks ever turned out by Princeton. The Idaho squad will turn out for practice about September 15.
