**No Activity in Coarse Grain Trade.**  
Fractional changes in the prices of coarse grains again indicate little or no trading for the day. In barley the No. 2 grade was unchanged at \$4.50 while standard feed barley went up a quarter, being at \$8.25 today. Mill feed was quoted at \$37 today but there is none on the market as yet and no sales are being made. Hay is still being bid at about \$30.

**Home Made Fireless Cookers**  
Miss Ella May Harmon county demonstration agent has on display at her office in room 306, federal building, home made fireless cookers which will be shown to anyone who is interested. Miss Harmon will also give assistance in making the cookers, which can be made at home for \$1.25. A cook stove dryer, which will dry 50 pounds of fruit or vegetables, has been sent to Miss Harmon from O. A. C. and will be loaned for trial use to anyone who applies. The dryer can also be made at home.

**Returns from Corvallis.**  
Emil Seibert returned this morning from a short trip to Corvallis. While there he saw a number of pieces of field artillery which will be used in connection with the extended military training to be given at the O. A. C. this year. A new engineering building is also nearly completed on the

campus, he said. The college is looking forward to a big year this year.
