Editorial!

It is the empty barrel that makes the most noise; its the worst wheel on the cart makes the loudest squeak. There is no blare of trumpets or beating of drums about this announcement but there is business in it.

We have never found it necessary to be sensationally "loud" in our advertising or to use big letters and high-sounding words, for the simple reason that our values will always speak loudly enough for themselves. Truth needs no brass band, to demonstrate its power for good. Figures do not lie. But, big words often do cover little values.

THIS WILL BE THE GREATEST BARGAIN EVENT IN 1919. DON'T MISS IT.
