FLORENCE ROSS, DOROTHY MOZELLE, MAJEL PENNY SARAH HORNS, ANNA RYAN THE "MINER GIRLS"

The "Miner Girls" is an organization of accomplished young ladies, traveling in groups through various states, in the interest of their firm—The Albers Bros. Milling Co. The purpose of this organization is to demonstrate the superior value of Cereals as a food in the daily diet, with particular reference to the "Superiority" of their own "Miner" Brands of Rolled Oats, Pearls of Wheat, Flapjack Flour, Wheat Flakes, Peacock Buckwheat Flour and others. The unusual success of the "Miner Girls" in the many Cities, where they have visited, has proven the fact, that "Western" Consumers are loyal to "Home" Industry, they favor "Western" Products when assured of—and given "Quality" as recognized and maintained in the "Miner" Brands of Cereals. The "Miner Girls" wish to thank the many Residents of Pendleton, for their courteous reception and the many orders given them which is undisputed evidence that people here as elsewhere, recognize the "Superiority" of "Miner" Brand Cereals, it is further evidence that the 110 Stock-holders comprising the Albers Bros. Milling Co., are not blamed or condemned for the past acts of an individual who is no longer a member of the firm and whose interests therein was purchased by others. The Stock-holders of Albers Bros. Milling Co., have been forced by the acts of One Man—to publicly assert their innocence, they have never been guilty of any disloyalty, they have never been tried, they were not even accused. Is there any conceivable or just reason why they or their products should be condemned? The "Miner Girls" are scheduled to visit Walla Walla, Wash., before their vacations Sept. 1st and will therefore be unable to complete their visit in Pendleton as intended, they will, however, return at a future date, which will be announced later, their many friends may then visit them in the various stores and the "Miner Girls" will endeavor to repay the courteous treatment given them. The Stock-holders of Albers Bros. Milling Co., are each and every one a resident-citizen of the Pacific coast. Do you know of any other "Western" corporation soliciting your patronage—who is "exclusively" Western? When buying cereals—insist—on the "Miner" brand, an "Exclusive" Western product.
